

## Emergency venue while the local authority fix the lights at Quibell Park Athletics Stadium

Finding our temporary home (be aware it's easy to miss!)

This is for Wednesday and Friday and stay tuned to our facebook

We're using Normanby Cricket club as our mini temporary home. That means for funetics we can bring all our kit down and still continue as normal 😊

For adult running we have a 200-metre grass track that's floodlit, its not perfect but it is a safe space to train.

We also have access to woods and trails for headtorch runs.

In addition, just across the road is a lit industrial estate we've used for training before but take care when crossing the road.

It may not be perfect, but we want to do everything we can to help people keep running x

Nb: Please be extra careful as you leave the venue and we recommend at the main road turn left only (to Scunthorpe) you can then turn on the roundabout 400m down the road and head back on yourself. It's a bit of a blind exit.
