# NC Brain Injury Conference Presentation Upload Form

Name	Dorian Sylvester
Email	dorian@guidancecarolina.org
Presentation Title	Practical Tools for Decision-Making Support
<b>Presentation Summary (Optional)</b> This session will explore practical tools for supporting individuals with brain injuries in making informed decisions. We will discuss the concept of supported decision-making and how it empowers individuals to make their own choices with appropriate assistance. Additionally, the session will cover key decision-making tools, including Powers of Attorney (POA), Special Needs Trusts, Representative Payees, and Guardianship, outlining their roles, benefits, and considerations in ensuring the autonomy and well-being of individuals living with brain injuries.
