

HUNGER STRIKE DEMANDS

Dear _____ ,

I, Dr. Daniel Feldman, have been systematically denied justice at San Francisco Superior Court and am about to lose everything, after losing loved ones and nearly killed over attempts to expose pervasive corruption supporting a "Silk Road" narcotics operation in Duboce Triangle. I have hard proof, including recordings of bribes with DBI officials and the involvement of members of the Narcotics Division at the SFPD and Officers in the Park District.

Chief of Police Bill Scott and Mayor London Breed were made aware of these activities and refused to respond or review any of it. In fact, the pervasiveness of this corruption includes local and federal law enforcement, brushed under the rug by District Attorneys Gascón and Boudin.

It involves members of the Controllers' Office and Board of Representatives, Mendelmann and Walker.

For seven years, I have contacted every local paper and television journalists about this story, and I have not heard a reply from a single one.

The people of San Francisco deserve better. I deserve better. My life was nearly taken more than once. My best friend was murdered. My pets and I were hospitalized multiple times. I was dragged through court for eviction on false claims of elder abuse as retaliation. I prevailed in court against Daniel Bornstein, a seasoned landlord attorney, without legal representation as no lawyer will represent a case involving corruption-it seems to muddy the waters of seeking a quick payout. He begged me to stop the trial when I sought to introduce evidence that he had suborned perjury from my landlord and her family, to make false calls to police and statements in court.

We settled in court, but no skin required from any of the multiple corrupt parties, and before the judge, we agreed that my damages were exceeding \$1M that could be sought in a civil claim. Now four years later, I face corruption at the Court, hardly surprising, with misconduct by her attorneys and clerks, they excluded my name from my own case in court records **for a year**, preventing me from making any motions or oppositions without them being refiled late and hand-walked through the system.

With my record still not corrected in the system and the trial scheduled for **February 24, 2025**, I have been told by the same court where I proved them all at fault and for lying that I will not be able to present any of my story or evidence. In addition to losing my entire claim based on their new lies and corruption, I will be saddled with having to pay for her seven corrupt lawyers, over \$500,000.

Can you imagine? I am left destitute and my life torn to shreds, now blinded in one eye from an armed attack and disabled because of reporting a narcotics lab and the pervasive corruption that protects such things. And despite having all the evidence in the world, and them having no defense, I will lose all of my possessions and any ability to return to work in the future because of corruption at the SFSC that the chief court counsel will not even open an investigation.

The only reason I have been left in this position is due to the utter disregard tenant lawyers in San Francisco have for cases that expose corruption. In more than four years, I have more than exhausted calling each one, more than once. Over 20 visits to the tenant's union - unanimously - the consulting lawyers there told me I had a rock solid case against my landlord with huge damages. It is astonishing that not one of them would agree to represent me. It is a horrible injustice.

Not to mention that due to the lies that I am an elder abuser, suborned by my landlord's counsel, they were told to my medical providers at UCSF. And one of them, a lawyer in Risk Management, Susan Pinney, wrote a Zero Tolerance Policy for violence, prohibiting me from continuing to see my dozen or so doctors there, that I would be "arrested" for doing so. And through Epic MyChart, that Zero Tolerance Policy based on lies and the sole input of my landlord denied any opportunity to include an appeal, has circulated to nearly every medical center I have gone to for treatment for years. Showing up at a clinic in Kentucky, I will be met by police and trespassed.

Losing this case will also mean that I will not have access to healthcare in the future. And just like everything else I reported that was ignored, when I took these complaints to the OCR and DHHS, they did not even investigate them, talked to none of my witnesses or me, exonerated the facilities.

As of **January 27, 2025**, I have initiated a **hunger strike**, consuming only **water and electrolytes**, to demand immediate action on these systemic failures.

**I NEED YOUR HELP AS A JOURNALIST
TO HELP ATTAIN MANDATORY IMMEDIATE LEGAL REPRESENTATION &
TO DEMAND INVESTIGATIONS INTO WIDESPREAD CORRUPTION
IN SAN FRANCISCO AND NATIONWIDE.**

To ensure full transparency, I am documenting my hunger strike, health updates, and ongoing developments on TOHlcenter.com, still under development. The website will also serve as a **public archive of evidence** that has been **excluded from my legal case due to corruption**, including documents, video recordings, sworn testimony, and first-hand accounts. Additionally, I will host a **daily (or 24/7) podcast** to provide real-time updates, discuss these issues in-depth, and engage with the public on the urgency of these matters.

I would not undertake such a dramatic approach unless I knew that my life and suffering and the suffering of others would be at greater risk WITHOUT my hunger strike than with it.

Until these demands are met, I will **continue my hunger strike** to bring national and international attention to these injustices.

1. FAIR LEGAL PROCESS

**STOP COURT PROCEEDINGS
UNTIL I HAVE FULL REPRESENTATION**

Situation:

I am being forced into legal proceedings without adequate legal representation, violating my right to due process. **Corrupt court personnel** in **San Francisco Superior Court** have engaged in **fraudulent legal maneuvers** against me, making it impossible to secure fair representation.

Demand:

- My court case on **February 24, 2025**, must be **stayed until I have secured proper legal representation** to ensure due process.
- An **independent review** must be conducted into **court personnel misconduct** that has obstructed my right to fair legal proceedings.

Immediate Action to End Hunger Strike:

- **Immediate suspension of my court proceedings** until an independent review ensures my case is handled fairly.
- **Protection against procedural abuse** by corrupt court personnel.
- **Sanctions and disbarment for any attorney** found to have suborned perjury, conspired with non-clients to submit false or frivolous claims to the court, or engaged in efforts to corrupt court personnel.

Other Actions for Follow-Up:

- **Legislation to prevent individuals exposing corruption from being forced into court proceedings without legal counsel.**
- **Accountability measures for court personnel** (clerks, administrators, and legal assistants) found guilty of engaging in misconduct or obstructing justice.

2. EXPOSE SYSTEMIC CORRUPTION

INVESTIGATE LAW ENFORCEMENT, BUREAUCRATIC & JUDICIAL CORRUPTION IN SAN FRANCISCO

Situation:

There is overwhelming evidence of corruption and misconduct across multiple government entities, including the **San Francisco Superior Court, SFPD, and the Department of Building Inspection (DBI)**. These agencies have **refused to investigate crimes linked to corruption**, allowing misconduct to continue unchecked.

The following offices and agencies have **actively obstructed investigations** or refused to investigate documented corruption:

- **San Francisco Controller's Office**
- **Commission for the Department of Building Inspection (DBI)**
- **SFPD Chief Bill Scott and Department of Police Accountability**
- **Neighborhood Liaison Services of the Mayor's Office**
- **Mayor London Breed and Board of Supervisors**
- **The Department of Justice (DOJ) & local FBI field office**
- **San Francisco District Attorney's Office**

Demand:

- **A federal and independent investigation** into these agencies and their failure to act on evidence of corruption.

Immediate Action to End Hunger Strike:

- **Commitment from policymakers to launch an independent investigation** into my claims.
- Formal **review of all whistleblower-provided evidence** by an oversight body.

Other Actions for Follow-Up:

- **Legislation for stronger transparency, oversight, and whistleblower protections** in cases involving judicial, law enforcement, and city government corruption.
- **Criminal prosecution and removal from office** for any public officials found guilty of misconduct, obstruction of justice, or bribery.

3. END PATIENT PROFILING

STOP DISCRIMINATORY DENIALS OF MEDICAL CARE, ZERO TOLERANCE POLICIES, & INSTITUTIONAL COVER-UPS

Situation:

Marginalized patients—including **racial minorities, LGBTQ individuals, and HIV-positive patients**—face systemic **discrimination, denial of care, and patient profiling**. I have personally been subjected to medical discrimination and **denied urgent medical care** based on profiling.

Furthermore, **OCR and DHHS**—the agencies responsible for enforcing anti-discrimination laws—**failed to investigate and address my complaints**.

Hospitals and healthcare institutions use "**zero-tolerance**" policies to **retaliate against patients** rather than ensuring proper medical care. Many hospitals **have internal review boards (Patient Relations, Patient Improvement Programs)** that operate to **protect the institution, not the patient, creating a dangerous conflict of interest**.

Demand:

- **Immediate investigation into OCR and DHHS** for their failure to enforce anti-discrimination laws and handle my case properly.
- **Accountability for physicians, nurses, HIPAA compliance officers, and OCR/DHHS officials** who engaged in patient profiling, care denial, or cover-ups.
- **Abolition of "zero-tolerance" medical policies**, which are used to silence patients instead of ensuring fair medical treatment.
- **Elimination of biased internal hospital "Patient Relations" and "Patient Improvement" programs** that protect hospitals instead of patients.

Immediate Action to End Hunger Strike:

- **Public acknowledgment and commitment** from OCR and DHHS to investigate my case.
- **Immediate disciplinary action** against medical professionals involved in patient profiling.

Other Actions for Follow-Up:

- **Legislation prohibiting discriminatory patient profiling** and blocking hospitals from enforcing zero-tolerance policies as a means of silencing patient complaints.
- **Criminal penalties** for physicians, lawyers, and hospital administrators who unlawfully imposed a **zero-tolerance ban** against me.
- **Creation of an independent patient advocacy review board** that is **not controlled by hospitals or government agencies**.

4. PROTECT WHISTLEBLOWERS

CRIMINALIZE CORRUPTION COVER-UPS, & REQUIRE MANDATORY CORRUPTION REPORTING

Situation:

Whistleblowers exposing corruption in **government, law enforcement, and healthcare** face severe retaliation, often without legal protection. Officials and agencies routinely **cover up misconduct** instead of holding criminals accountable.

There are currently **no strong protections** ensuring that whistleblowers have **legal representation** when they face retaliation for exposing wrongdoing.

Demand:

- **Strengthened legal protections** for whistleblowers exposing corruption.
- **Mandatory corruption reporting**—officials must report knowledge of corruption within **24 hours** or face criminal liability.
- **Severe penalties for retaliation** against whistleblowers, including **permanent disqualification from public service**.
- **Creation of an independent oversight body** to investigate whistleblower complaints and enforce accountability.

Immediate Action to End Hunger Strike:

- **Public commitment from policymakers** to strengthen whistleblower protections.
- **Legal representation for whistleblowers** like myself who are facing retaliation.

Other Actions for Follow-Up:

- **Legislation requiring mandatory reporting of corruption.**
 - **Criminal penalties** for officials who retaliate against whistleblowers or obstruct investigations.
 - **Independent oversight body with enforcement power** to hold corrupt officials accountable.
-

FINAL STATEMENT

Until these demands are met, I will **continue my hunger strike** to bring national and international attention to these systemic failures. I urge **human rights organizations, journalists, legal advocates, and all concerned citizens** to stand in solidarity against corruption, discrimination, and obstruction of justice.

CAN YOU IMAGINE?

SUSPEND ANY DISBELIEF FOR A MOMENT TO ASK YOURSELF

WHAT WOULD YOU DO?

CAN YOU IMAGINE BEING TOLD by PG&E and the SFPD that someone is stealing your electricity and that it's a narcotics lab being run from the apartments above you by your landlady and her son?

CAN YOU IMAGINE RECORDING BRIBES with DBI inspectors on your front door security camera, and obtaining evidence that the narcotics division of the SFPD supports the narcotics lab?

CAN YOU IMAGINE REPORTING THESE CRIMES to watchdog agencies and various organizations within local government and law enforcement—including the Mayor, the Chief of Police, the District Attorney, the local FBI office, the Department of Justice, the Department of Police Accountability, the Commission for DBI, the Board of Supervisors, and the Controller's Office—only to have no one in seven years even examine your recordings or review your evidence?

CAN YOU IMAGINE THE HORROR OF EXPECTING RETALIATION knowing they know you've reported them, but being completely unable to get help, even after being attacked multiple times with armed men, blinding your eye, even them stealing your car that shows up on their property in Petaluma, and the Petaluma PD escort you away claiming you are a nuisance?

CAN YOU IMAGINE THAT THEY WOULD THEN TRY TO MURDER YOU, your partner, and your pets—and that they would succeed in killing your partner—while simultaneously fabricating false claims that you are an elder abuser and dragging you to court for eviction based on these false charges?

CAN YOU IMAGINE BEING DENIED COMPETENT LEGAL REPRESENTATION from the Eviction Defense Collaborative failing to assign you a competent lawyer, forcing you to defend yourself against an experienced attorney?

CAN YOU IMAGINE PROVIDING ENOUGH EVIDENCE TO PROVE THEY LIED, winning a settlement in court with a judge present, who acknowledges you have grounds to sue them for over \$1,000,000 in damages—only to be told years after immediately filing a lawsuit in the same court that you cannot present any of your evidence or witnesses without an attorney?

CAN YOU IMAGINE WAKING UP EVERY MORNING, destitute, with no family left, and still having to summon the energy to call yet another lawyer—knowing they will reject you just like the previous hundred have?

CAN YOU IMAGINE A COURT CLERK INTENTIONALLY REMOVING YOUR NAME from your own case, so when claims are filed against you, you can't even defend yourself—and no one stands up for you, ensuring you can't even make an oral argument on your own behalf?

CAN YOU IMAGINE TAKING YOUR COMPLAINT ABOUT COURT CORRUPTION to the Chief Counsel and Operations Counsel of the San Francisco Superior Court, only for them to refuse to open an investigation, return any of your letters, or acknowledge your requests for assistance—not without an attorney?

CAN YOU IMAGINE BEING HELD RESPONSIBLE for paying over \$500,000 in attorneys' fees for the very people who destroyed your life—simply because, in four years, no competent lawyer has given you any more than 30 minutes to go through your case?

CAN YOU IMAGINE THE SLANDER FROM THE ELDER ABUSE CLAIMS, told by your landlord to a lawyer at UCSF where you received medical care, led that lawyer to draft a zero-tolerance policy banning you from medical care with all your doctors for violence you never committed? Can you imagine that this zero-tolerance policy would then be distributed to every medical center you go to, ensuring that you are met by police, trespassed, and denied medical care?

CAN YOU IMAGINE TAKING THESE CLAIMS OF DENIAL OF MEDICAL CARE to the Office of Civil Rights and the Department of Health and Human Services, only to have them refuse to investigate your multiple claims—while you are repeatedly denied access to care?

WHAT WOULD YOU DO?

CAN YOU IMAGINE WRITING TO EVERY NEWS OUTLET, newspapers and TV stations, for four years, and not having a single journalist inquire about your case?

NOW, SERIOUSLY—WHAT WOULD YOU DO?

Please help me. My life and the suffering of others are counting on it.

Sincerely,

Daniel J. Feldman, Ph.D.
