I offer 7 day a week shipping services through out the United States. I offer 5 day a week shipping services depending on the country outside of the United States. Please note that all stud fees, shipping fees, and signed contracts **MUST** be returned prior to semen being shipped.

If being shipped overnight stud owner must be notified on or before noon eastern standard time the day you need semen shipped. As studs are collected shortly there after. If notified after this time I **CANNOT** guarantee a sample will be able to be sent for next day.

If you have a progesterone test scheduled for later in that day, Notify me in advance so we can hold off on shipping until we know If we are shipping for you as well. This is on a case by case basis.

If shipping airport to airport (considered same day OR overnight) I must be notified no later then 8pm est the day before you need semen shipped. If certain cases we are able to ship same day, depending on flights. example: you notify me at 7am that you need semen that evening, I maybe to get it on a noon flight to reach you in time. Again this is all depending on the flights leaving out of MDT OR IAD and the airport you need it delivered to.

Please note that when shipping Airport to Airport the semen must be picked up by the customer at the airport at Cargo. If shipping FedEx or UPS semen Is delivered to your vet office or home whichever address you provided at time of shipping.

Please note that FedEx, UPS, nor the Airlines are guaranteeing arrival times. With that being said, we do not guarantee times either as It is completely out of our control once its handed over to them.

If an instance arises that the sample does not arrive on time to the extent that you are unable to use it for the breeding. **NO SHIPPING FEES** will be returned as I am not able to file a claim and get funds back either. I do my best to make sure you receive your sample In a timely manner. I always recommend to schedule breedings for the pm times so it gives the shipping company ample time to deliver.

With all that being said, The shipping companies have done a very good job at making sure the sample arrives the day expected and within the time frame or shortly there after. This pertains to all shipping methods except local pick up.

Please do not hesitate to reach out for any and all questions or concerns. My contact information is below. Thank you for choosing one of my boys, and we look forward to working with you!
