WHEREAS, *Section 43.056, Loc. Gov't. Code*, requires a service plan be adopted with the annexation ordinance;

WHEREAS, the owner(s) of the subject property and the City have negotiated the terms of municipal services to be provided to the property;

WHEREAS, the owner(s) of the subject property agree the infrastructure provided for herein and existing infrastructure are sufficient to service the subject property on the same terms and conditions as other similarly situated properties currently within the City limits and no capital improvements are required to offer municipal services on the same terms and conditions as other similarly situated properties within the City;

WHEREAS, the owner(s) of the subject property agree they will benefit from the City's development restrictions and zoning requirements, as well as other municipal services provided by the City, which are good and valuable consideration for this service plan; and

WHEREAS, it is found that all statutory requirements have been satisfied and the City is authorized by *Chapt. 43, Loc. Gov't. Code*, to annex the subject property into the City.

NOW, THEREFORE, the City agrees to provide the following services for the subject property on the effective date of annexation:

(2) **Scheduled Municipal Services.** Depending on the subject property plans and planned development of the subject property or redevelopment of the subject property, the following municipal services will be provided on a schedule and at increasing levels of service as requested in compliance with applicable City ordinances, rules and regulations for providing such services:

A. Water service and maintenance of water facilities as follows:

(i) Inspection of water distribution lines as provided by statutes of the State of Texas.

(ii) In accordance with the rules and regulations for water service extension, water service will be provided by the utility holding a water certificate of convenience and necessity ("CCN") for the subject property (the "CCN holder") and the utility providing wholesale or retail water service to said CCN holder, or absent a utility holding a CCN, in whose jurisdiction the subject property is located, in accordance with all the ordinances, regulations, and policies of the City in effect from time to time for the extension of water service. If connected to the City's system, the subject property owner shall construct the internal water lines and pay all costs associated with line extension and necessary facilities to service the subject property as required in City ordinances at the time of the request and in conjunction with Chapter 395 of the Local Gov't Code. As the subject property develops and water services are sought from the CCN holder or from the utility that has jurisdiction over the subject property, the City's ordinances, policies, or agreements between the City and the subject property owner shall govern the extension of water services to the subject property and the City shall have no obligation to service in another CCN, except as provided by agreement between the City and the CCN holder.

B. Wastewater service and maintenance of wastewater service as follows:
