

4/10/96

Dear Dr. Miller -

I want to thank you so much for
your consideration and help with our
20/20 story on children's food.

You helped explain a difficult
concept in a way that makes sense (to
all of us!). Especially helpful was
your capable assistants - Avery & Julie.
I will let you know when the piece
is out and good luck

In appreciation

Ethel Bass
