## President's Message

Jerry Shiller, President

[President@lemongrovegunclub.com](mailto:President@lemongrovegunclub.com)

I want to thank all the members who participated in the January work party for coming out to help. We accomplished a lot, in particular building the block walls lining the path from the parking area to the sign-in shed, and detailed cleaning of all the Club's firearms. As I'm sure you've noticed, there has been a lot of rain at the range so far this year. Range Chair Andy Kyne has spent a lot of tractor time protecting the property keeping the water in check. Be sure to thank him.

There is a new berm adjacent to the west side of the 50-yard backstop. This berm was placed to protect the trap machines located behind the backstop from being struck by any more bullets.

## Summary

January 17, 2023

### Board of Directors Meeting

The Board approved 8 new members into the Club. Discussions continued regarding the S.O.P. revision. Many of the changes have already been implemented, with the discussion centered on wording. Newly revised By-Laws will be available for members no later than May 1, the start of the new fiscal year. The Board approved installation of a stack-block wall on the south and east sides of the sign-in shed and continuing east along the handicap ramp.

The Board approved having a 3-month trial period for the concept of having only one meeting night per month (members meeting and Board meeting together). The meetings will start at 6:30 pm; Members meeting will start at 6:30 pm; Board meeting will start 7:30 pm. We will continue to air meetings via the Zoom platform. Prospective members will still need to attend the required two meetings on separate nights. The trial period will start with the February 2023 meetings occurring on Tuesday February 21. **There will be no meeting on Tuesday February 7, Tuesday March 7, or Tuesday April 4.**

In general, hazardous waste is the unused/leftover portion of any potentially hazardous chemicals, paints or materials that can no longer be used for their intended purpose. Any product labeled DANGER, WARNING TOXIC, CAUTION, POISON, FLAMMABLE, CORROSIVE, or REACTIVE is considered to be potentially a hazardous waste and cannot be legally disposed in a solid waste dumpster. ## Youth Trap is Back

**Rick Gilman 619-204-8014**

**lgrgcyouthtrap@gmail.com**

For those of you who may not know, especially new members, the Lemon Grove Rod and Gun Club has a program designed specifically to introduce youth shooters, ages 10 through 17, to the shotgun shooting sport of Trap.

The shoot is open to the public and because the shooters are minors, parents/legal guardians must attend with their youth.

For a flat fee of \$15 per youth (10-17 years old), this event provides 2 rounds of regular trap and one round of doubles.

Emphasis is on safety and proper gun handling.

12- & 20-gauge ammo provided by a NRA Foundation grant.

Shotguns will be provided (if needed)

Shoots are scheduled on the 2<sup>nd</sup> and 4<sup>th</sup> Saturday of each month

Registration is 11:30-12:00, Safety briefing is 12:00-12:30, Shooting starts at 12:30 until done (before 4:00pm).

First time shooters will have 1 on 1 coaching on the lower trap field and experienced shooters will shoot on the upper trap field.

The shoot is open to the public and because the shooters are minors, parents/legal guardians must attend with their youth.

Scores count toward NRA marksmanship awards - patches and medals will be awarded when earned.
