## President's Message

**Jerry Shiller, President**

[President@lemongrovegclub.com](mailto:President@lemongrovegclub.com)

The new fiscal year has started. I have been told that the annual installation party was a great success. All in attendance had a good time, and some fabulous food. Thanks to Lorrie and Sarah for running the show in my absence. Special thanks to Paul Coffey and all who helped with the food. It is greatly appreciated.

Going forward, the Club needs several volunteers for specific positions:

Parliamentarian – attends most Membership and Board meetings to be sure proper procedures are followed.

Webmaster – attends to the Club website and maintains the Club calendar as dates change. Trouble shoots problems that might arise.

NRA Family Sports Camp Coordinator – responsible for scheduling the event, getting County permits, and arranging for RSOs and mentors. (If we can't do this event in the fall, we may put our eligibility for future NRA Foundation Grants in jeopardy.)

Youth Trap Coordinator – Manages the twice a month youth trap shoot. Takes care of money paid by the participants and is responsible to maintain the shotguns. Can also be a youth coach, but doesn't have to, as there are other dedicated coaches continuing to help.

I look forward to another successful year. And don't be surprised if I ask you to consider becoming the next Club President 2 years from now. Stay safe and invite new shooters to come experience our sport. Jerry Shiller, President

## Summary

**May 2019**

### Board of Directors Meeting

The Board approved five new members into the Club. The membership chairman reported that it appears that up to 50 members did not renew their membership for the new fiscal year. This is higher than the usual 25-30 that we have experienced in the past. The Board will be contacting the former members to find out why they left the club. Greg and Cheryl Robertson will be moving to Arizona soon. This will necessitate the Club finding a new Webmaster, as well as a new Coordinator for the Saturday Youth Trap program. Board member Paul Dugas volunteered to start attending San Diego County Wildlife Federation meetings for the Club. The Board approved renewal of the Club's insurance policies for the new year. President Jerry Shiller reported that the new California ammo law will not affect the Club's ability to continue the Scout, Women On Target, or other outreach programs.

### RV Parking at the Range

As courtesy to members, the club allows RVs to be parked at the range but is not intended as a storage facility.

- A. Permission must be obtained from the Executive Committee to park an RV at the range.
- B. See Appendix J of the SOPs for all requirements.

## Help Needed

There are several upcoming events that need volunteers:

1. NRA Family Fun Shoot – Shootmaster, Robert Freed has volunteered to do the paperwork.
2. Range Maintenance – several big projects need volunteers.

Contact a board member for info.

## Club Dumpsters

Cardboard goes in the recycling dumpster near the building on the lower trap range. Please DO NOT put it in the trash dumpsters.

# California and 9th Circuit Litigation Matters

*Courtesy of NRA/ILA*

- Rhode v. Becerra: Challenge to California's Ammunition Sales Restrictions

**Case Status:** The case was filed on April 26, 2018, in response to Proposition 63 and Senate Bill 1235's restrictions regarding the sale and transfer of ammunition in California. The lawsuit challenges these restrictions as a violation of the Second Amendment, Commerce Clause, and Equal Protection Clause of the United States Constitution, as well as a violation of the Firearm Owner's Protection Act.

**What's Next:** The State filed a motion to dismiss which was denied by the District Court. The case is now in the discovery phase of litigation.

- Rupp v. Becerra: Challenge to California's "assault weapon" restrictions

**Case Status:** The case was filed on April 24, 2017, in response to SB 880 and AB 1135. It challenges California's entire "assault weapon" ban as violating the Second Amendment and due process and takings clauses of the U.S. Constitution. Plaintiffs filed a preliminary injunction motion to prevent the State from requiring individuals to provide the date they acquired their firearms and the name and address of the person from whom they acquired them, as a condition of registration, but that motion was denied on May 9, 2018.

**What's Next:** The case is now proceeding on the merits and is currently in the discovery phase of litigation.

- Duncan v. Becerra: Challenge to California's ban on standard capacity magazines

**Case Status:** The case was filed in response to SB 1446 and Prop 63. It challenges California's ban on the acquisition and possession of magazines over ten rounds. On June 29, the district court granted plaintiffs' motion for a preliminary injunction, halting enforcement of the newly enacted possession ban while the case is litigated. The State immediately appealed the injunction order. In July 2018, the Ninth circuit upheld the issuance of the injunction.

**What's Next:** The case is currently pending a ruling on plaintiffs' motion for summary judgment, which was argued in May 2018. If summary judgment is granted, the injunction will become permanent, but the State is likely to appeal.

Villanueva v. Becerra: Challenge to DOJ's recently enacted "assault weapon" registration regulations

- Flanagan v. Becerra: Challenge to California and Los Angeles' Firearm Carry Restrictions Prohibiting Both Open and Concealed Carry  
(Formerly Flanagan v. Harris)

**Case Status:** The case was filed on August 17, 2016, as a direct response to *Peruta*. It seeks to force the court to decide whether it is willing to uphold a complete prohibition on the right of law-abiding citizens to carry a firearm for self-defense. The parties filed cross-motions for summary judgment. In May 2018, the court issued [a decision](#) granting Defendant's motion for summary judgment.

**What's Next:** Plaintiffs have filed an appeal in the Ninth Circuit, and the State has filed a petition to have the case heard initially by an 11-judge "en banc" panel along with the Young v. Hawaii lawsuit.

- Gentry v. Becerra: Challenge to DOJ's Use of DROS surplus to fund APPS

(formerly Gentry v. Harris)

**Case Status:** Plaintiffs filed an amended complaint alleging that the DROS fee is an invalid tax. On August 9, 2017, the district court issued a ruling granting Plaintiffs' request to prohibit DOJ from using DROS fees to fund unrelated law enforcement efforts and requiring DOJ to perform its statutorily required review of the current \$19 fee to determine whether it is "no more than necessary to fund" DOJ's costs for processing DROS transactions.

**What's Next:** A final trial in this case is currently scheduled for January 18, 2019.

## Unused Gear Donations

Do you have so unused gear laying around that you would like donate to the club for installation drawings. Contact Lorrie at [trakracer@cox.net](mailto:trakracer@cox.net).

## Cash Turn-in

Please go to the bank and get large denomination bills for cash turn-in or a cashier's check. You only have to count your event – the secretary and treasurer have to count all events and counting lots of small bills is a pain and error prone.

## Situation at the Range?

Contact a board member if there are any situations that effect range operations. For example, a recent homicide investigation resulted in Sycuan Truck Trail being closed so there was no access to the range.

Other board members will be notified and action taken to notify members by mass email, web site notice or other methods as the situation dictates.

# READING THE CLUB CALENDAR

Cheryl Robertson

The club calendar, available on the website at <https://lrggc.com/calendar>, is running a little more smoothly thanks to input from our members. We wanted to let you all know that the color key on the left side of the calendar (see photo, what's circled in red) tells you on which range each event is taking place. The club rule is that when there is a scheduled event, other ranges are closed for this event unless otherwise noted, and we have several events that do allow shooting on other ranges during their event. This color key will help you figure out what ranges are in use. Here's what they mean, from the top of the list to the bottom:

Teal Green-Archery

Green-Clubhouse

Purple-Entire Range—no open shooting

Yellow-Offsite Event

Black-Pistol Pit

Orange-Range Maintenance time (entire range closed)

Light Green-Rifle Range

Grey-RSO time (could be pit or rifle, and the RSO indicates that in his scheduled time)

Blue-Trap Fields

Red-Range Closed for Red Flag Warning

For those of you who are color blind, you can click on the event you're interested in, and in the box that comes up, under "calendar," it will say what range is in use for that event. Thanks for your patience as we iron the kinks out of our system. And thank you for all the members who are calling and e-mailing to help me keep the calendar as accurate as possible. If you notice a problem with the calendar, please send an e-mail, with the event date, event, and problem, to [calendar@lemongroveguncub.com](mailto:calendar@lemongroveguncub.com).

**All items offered for sale must be sold in accordance with federal, state and local laws.**

## Advertising

¼ - \$35 per year for non-members or commercial ads. The year will run concurrently with the membership fiscal year.

Personal ads are free for members and will run for only one month unless additional months are requested.

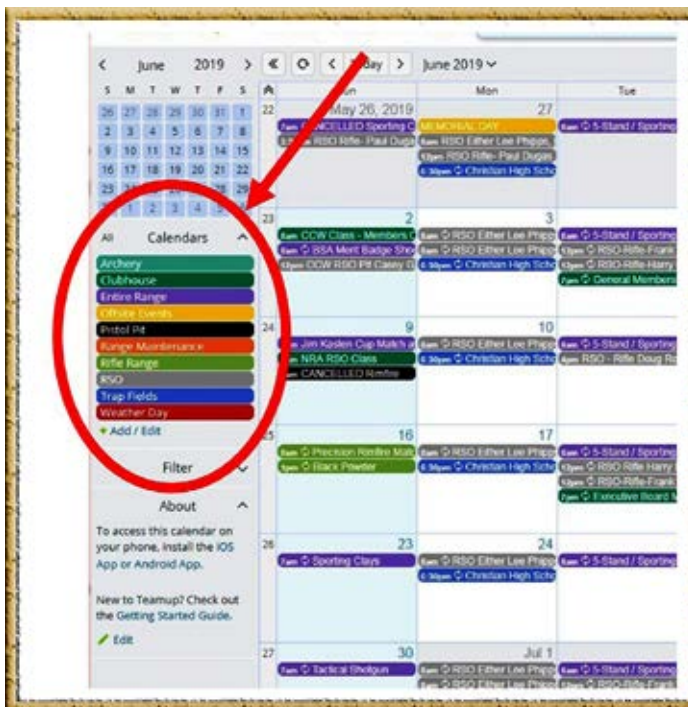

## Length of Membership

Jerry Vaughn

I thought it would be interesting to see the length of membership of our members. As you can see, 67.5% of our members have belonged to the club less than 10 years.

What can we do to keep more of that group as members?

Length of Membership in Years	Number of Members	Percent
<5	159	41.3%
5 to 9	101	26.2%
10 to 14	36	9.4%
15 to 19	27	7.0%
20 to 24	26	6.8%
25 to 29	18	4.7%
30 to 34	5	1.3%
35 to 39	4	1.0%
40 to 44	3	0.8%
45 to 49	3	0.8%
50 to 54	0	0.0%
55 to 59	2	0.5%
>59	1	0.3%

## Two-Man Rule

Some maintenance is inherently dangerous due to the nature of the work. Activities being performed at the range such as those involving power tools, operating equipment, working at other than ground level or on electrical circuits, requires **two** (2) people to be present for safety reasons. The foregoing list is not meant to be all-inclusive and common sense should prevail as to what can be dangerous. It is the responsibility of each member to recognize those activities that, should an accident occur, a second person would be needed to summon help and administer first aid.

## Just Say No to Steel

If you are shooting ammo that has a steel core (Russian AK and 5.56 military surplus are possible culprits) **DO NOT SHOOT** steel targets. You can use it on paper or clay targets only. If you don't know with certainty if your ammo is steel, check the bullet with a magnet.

Armor piercing ammo is banned so again, if you don't know, find out!

## Volunteers to Cook

Lemon Grove shooting Club is committed to host the Jim Kasten Memorial Cup, sporting clays shooting events.

What I'm asking to support these two first time ever shooting events is for a volunteer cook, to prepare lunch for about 100 participants shooters and guest.

Event dates:  
9 June 2019  
11 August 2019

POC  
Frank Valdez  
(619) 250-4734  
valdezfra@gmail.com

## RSO Reminder

Leave the range in good condition when securing the range - trash dumped, old targets removed from down range, brass policed, etc.

## Cash Turn-In

The Secretary and Treasurer ask that cash being turned in either be consolidated to the fewest number of bills or, turn in a check.

For example, instead of turning in 20 one dollar bills, convert it to a single twenty dollar bill.

## Member Reminder

If you use the club house, please clean up before you leave - trash dumped, dishes washed, floors swept, etc.

# Fighting Hoplophobia

## Joe Drammissi

The word for today is **hoplophobia**. Bet you didn't know that one. Marine Col. Jeff Cooper coined the word in 1962 and defined it as ***an irrational fear of firearms***. You can read Col. Cooper's thoughts on the subject

Col. Cooper was a legend in the firearms world and is recognized as the father of the modern pistol fighting technique. He was also the founder of the [Gunsite Academy](#) in Paulden AZ. If you haven't heard of Col. Cooper you should probably get out more.

Cooper's hoplophobia is an appropriate subject to examine given the current state of society in America. Some politicians along with the mainstream media have been encouraging this fear for the past fifty years. They've been very successful. The ultimate goal is to use that fear to disarm Americans.

Between [one third and one half of American adults own guns](#). Those that don't own guns learn about the subject mostly from what they see in the media. Most of the firearms related information in the media, be it in a news format or entertainment format, is incorrect. Much of it intentionally so.

Because many Americans are misinformed on the subject, they are more easily manipulated. This leads to uninformed support of ill-conceived and dangerous gun control laws.

For example, many of the 2020 Democratic presidential candidates are promoting dangerous and ineffective gun control schemes such as [gun bans](#), confiscation, universal background checks, and [red flag laws](#). They promote these ideas not because they believe the laws will increase public safety or reduce crime, but because they believe they will generate votes from uninformed, emotional voters.

The entertainment industry enthusiastically spreads misinformation regarding guns. Dr. John Lott cites

[numerous examples of anti-gun bias](#)

in the television and movie industry. News outlets also contribute by using misleading language. Collections greater than three guns are routinely described as **"arsenals"** while stores of ammunition of more than several boxes are called **"stockpiles"**. Modern AR-15 sporting rifles are referred to as **"high powered"**

or

**"Military style"** rifles.

In December of 2017 the

[Concealed Carry Reciprocity Act of 2017 \(HR 38\)](#)

passed the House and was sent to the Senate. This law would have allowed those having valid concealed carry permits to be legally armed while traveling throughout the United States. Individual State laws governing concealed carry would have been unaffected.

In February of 2018, [seventeen people were murdered at the Marjory Stoneman Douglas High School](#) in Florida. The resulting hysteria whipped up by anti-gun politicians and the media, and enabled by a hoplophobic and mostly misinformed public, caused HR 38 to be DOA in

the Senate. The mass murder in Florida effectively killed HR 38 even though the two are completely unrelated. Cowardly politicians lacking courage and conviction abandoned the bill.

The lack of national reciprocity endangers those who carry concealed and generally decreases public safety. Permit holders must go unarmed or risk jail when traveling through backward states like New York, New Jersey, or California. Criminals gain advantage when fewer law-abiding citizens are armed.

Hoplophobia is destructive and dangerous to all Americans. As gun owners we have a responsibility to educate others or, at the very least, to correct the misinformation whenever possible. People tend to fear what they don't understand.

Firearms education and shooting sports have been almost completely eliminated from our schools. The result is that children grow into young adults without even a basic understanding of firearms or the role they've played throughout the history of our country.

So what can you do? Bring a friend or family member to the range for a first time shooting experience. If you belong to a shooting club, volunteer at their new shooter events. Get involved with groups that support youth shooting sports. Do what you can to help educate people and rid us of the irrational fear of firearms.

The right to self-defense is a basic human right. Gun ownership is an integral part of that right. If you want to keep your rights defend them by joining [San Diego County Gun Owners \(SDCGO\)](#), the [California Rifle and Pistol Association \(CRPA\)](#), and the [National Rifle Association \(NRA\)](#). Join the fight and help us restore and preserve our second amendment rights. Together we will win.

*Used with permission of Joe Drammissi and San Diego County Gun Owners..*

## Steel Core Ammo

Steel core ammo, anything that is magnetic, may only be used on paper targets or clay pigeons. It is expressly forbidden on all steel targets.

This rule is being implemented because of the damage that is occurring to steel targets and to a lesser degree the potential for starting a fire from ricochets.

## Range Reminder

A Scheduled RSO is required to be present for any Rifle or Handgun shooting at the range. Shotguns may be used at any of the ranges including the Pit and Rifle Range.

## RSO Benefits

Beginning May 1<sup>st</sup>. RSOs who serve at least 200 hours over the course of the fiscal year will have their membership renewal fees waived.

Scheduled RSO can shoot by themselves if no other shooters are on the range.

# LGR&GC

## General Meeting Minutes

May 7, 2019

Meeting called to order at 7:00 p.m.

### **Pledge of Allegiance**

Roll Call:

All board members present except for the following who were excused – Jerry Shiller & Lorrie Smith.

### **Previous Meeting minutes**

Motion by Clyde Wilson and seconded by Brian Carty to waive the reading of the minutes from the last General Membership Meeting. Motion passed.

### **Correspondence:**

Alpine Sun issues, American Rifleman, Shooting Industry Magazine and Shooting Sports Magazine.

### **Prospective Members:**

If you don't have your white cards up front you may not get credit for attending the meeting. After the meeting Prospective members and sponsors need to go over and visit with Casey for a few minutes to get the scoop on how the process will go forward.

Prospective	Sponsor
Greg Sullivan	??

### **Long Range Planning and Environmental:**

Doug Norman reported. Will be working on the memorial garden. There is a lot of maintenance going on at the range. If you know of something that is going on environmentally let me know. The Boy scouts are going to be helping with the memorial garden. We can probably build the wall quick. Hope to see you October 5th to build the wall

### **Hospitality:**

Carol Swartz reported: Please have prospective members sign in on the sign in sheet.

### **San Diego County Wildlife Federation Rep:**

Mike McIntyre not here.

**Treasurer:** Brian Carty reported: Unusual expenditures were awards for the installation.

### **Range Safety RSO:**

Dave Reed spoke about the CCW class. The event on Saturday went well. We had a lot of shooters there for the competition, and then we had the ranges open for the installation and the RSO's did a great job. The super RSO's got some recognition and I'd like to have a round of applause for them. Without them we can't have people shooting anything other than shotgun. Coming up we do have a lot of classes. First of the first Aid class on June 15th from 8 to 12 in the morning. It covers CPR and first Aid. \$60.00. The annual refresher for RSO's will be May 30th and that's from 5 to 7 in the evening and on June 1st and on 22 June I'll have it from 1 O'clock to 5 O'clock in

the afternoon. They are following the pistol match and the one on June 22nd is following the work party. If you want to become an RSO we have an RSO class on June 9th from 8 in the morning to 6 in the evening. That is \$70 for club members and \$200 for non-club members. On top of the class there is \$30 that goes to NRA for the certification. Also, there is a CCW class on June 2nd that's \$100 for club members. In order to take that class, you must have at least your first interview with the sheriff. If you take the class now and you haven't gotten your approval letter back yet after you get your approval letter, we must shoot the gun that you want on your CCW. And then I will sign your certificate for the class. The ease of getting a CCW permit this year has not changed thanks to the hard work of San Diego County Gun Owners. It has gotten easier. You do have to have some kind of a reason for having it but they are much more lenient than they were before. Right now, they have about 2500 issued in the county which doesn't sound like very many when you think about the number of people, we have here but compared to what it was three years ago, that is an astronomical number. They are issuing about 50 a week. If you are thinking about getting a CCW call them. What about renewals? It's much easier to get in there for your renewal. They will send you a letter and you must do your 4-hour class. You must show that you are at a risk of being a victim of a crime than the general public. Look up San Diego County Gun Owners and they have a great video. Spotty cell phone coverage and being an RSO can show that you are going to be at the range at a specific time, what else puts you at risk? How many people here are Veterans? You are at a greater risk of being a victim of a crime. No steel on steel at the range. Remember if there is a red flag warning at the range, we will close the range

### **Membership:**

Casey reported: 183 Regular members 146 Senior, Gold 48 and Military 4 and 107 Openings.

### **Range Chair:**

Jerry Hartman reported: The last work party of the year was actually a very nice work party. Only 38 members showed up. Want to thank William for doing the concrete work and Andy Kine and Scott Biden did the felting to finish up the concrete work. One thing I'd like to say is to thank all the members that have come to any of the work parties of the past year. It's you guys that make the range a safer place and a better place for everyone to use. Next work party is this coming Thursday. Our Thursday work party. We are going to need help setting up for Archery. If you are a shoot master and, on the weekends, you shoot at cardboard targets when you are done they don't go into the trash they go into the cardboard recycle on the other side of the range. If I keep having to drag it out it's going to go right back in your Conex. Until you figure out where it goes. Dispose of your cardboard the right way.

### **Activity Reports:**

#### **Friday Night Pot Shoot:**

Larry Sanders reported. For the month of April, we had 4 shoot events with a total of 97 shooters. We did have a

Saturday night Pot Shoot 14 pot shooters. Would like to thank Layne Kuhlmen, Ray Gabaldon, Rod Tetrault, Dave Shannon, Wendell Trent, Herb Snyder, Stu and Norma.

**Fun Shoot:**

Frank Valdez reported. We had a match at Maywood. Little Sara walked away with high woman and high junior and \$49.00. Next match is at Lemon Grove.

Speaking of the Kasten Cup, at the installation we inaugurated the Kasten Stand. Gina was there and her daughter was with her. If you didn't make the installation and you heard how good the food was there are leftovers.

**Sporting Clays:**

We had 134 shooters. The next shoot we will have will be on the fourth Sunday. This month we had the Green Beret's. It rained all day. We also had the BIA. We don't have any more groups coming in.

**Tuesday 5-Stand:**

Rod Tetrault reported: We had 76 shooters. The weather wasn't great.

**Interclub trap:**

Reported in Fun Shoot area

**Youth Trap:**

Rick Norfolk reported: We needed volunteers because of the Interclub shoot and had a lot of volunteers and we want to thank you guys for giving us a hand. Kids sign up at 12 o'clock and start shooting at 12:30. Keep an eye on the weather because they are predicting rain and they may have to cancel.

**Tactical Shotgun:**

In June

**Action Handgun:**

Last Saturday we had 42 total people show up. First round with Handguns and second round with shotgun. That was a lot of fun. 23 guests and 19 members.

**WOT:**

There were 37 shooters and the next event is in July.

**Sporting Rifle:**

No more matches

**Action Rifle:**

No Report.

**Boy Scout Merit Badge:**

Marianne reported: For the first time we had ladies with the boy scouts to earn their shotgun merit badge on April 7th. We are having another boy scout shoot on June 2<sup>nd</sup> in the morning. We will need volunteers.

**Archery:**

We had 47 shooters. Would like to thank Ray Gabaldon

**Black Powder:**

Ron Major not here

**Low Light Handgun:**

no report.

**Rimfire:**

No report

**Precision Rifle:**

No Report

**Defensive handgun:**

No Report

**Friends of NRA:**

Ronnie reported the gun that is up for raffle is one of 110 rifles and a vanguard model Weatherby with an NRA logo on the back. The tickets are expensive, but they are \$100 a piece

**Hybrid Pistol:**

April 20th we had 33 total, 16 guests and 17 members.

**Unfinished Business:**

Is there any new business from the Board?

Man of the Year was Frank Saunders. Woman of the Year was Cheryl Robertson. Junior of the Year was Sara Sherlock. Social of the Year was Joy Tetrault. Dirty Bird went to Dale Duncan. 10 percent awards and Super RSO awards are available. Polo Shirts for 10 percenters as well.

Any other new business for the Board?

Any new business from the floor?

Wendell Trent reminded people to take care of the weeds around their trailers at the range.

Marianne Smith reported on an NRA mixer. Games for Guns. 20 dollars to get in. The FNRA dinner will be on September 21<sup>st</sup>. John and Wilma Schreuer were our cousins and we are gathering funds to get a plaque for our sign in shack. On the day of the Fun Shoot we will try to have a Potluck to bring that back to the club.

Doug Norman spoke about the memorial Garden for all the previous members.

Dave Reed: RSO hats we have them at the RSO refresher courses. Anyone missing a rifle? Lee Phipps has the information for the gun left at the range.

For the prospectives: When you come to pick up your white card make sure your name is on this roster, which is our record that you were here.

All the chairs go along the wall not in the closet!  
Meeting is adjourned at 7:43pm.
