WHO IS THIS EVENT FOR?

You should join us if you:

-Are looking to meet other covid cautious folks in the Seattle area to date

-Not necessarily looking to date, but are here for the vibes and new friends ✨

Our slate of pitches is preeetty queer, but we have folks across the gender and sexuality spectrum!

covid cautious

HOW WILL IT WORK?

Imagine a power point party meets IRL matchmaker:

17 local covid cautious cuties will have their friends make a presentation on why they're sooooo dateable

Half roast, half watching a friend tell the audience why their single friend is so awesome, half hilarity at learning funny things about whoever is being pitched.

After watching the pitches we will have 1-2 hours to mingle & chat with event attendees!

COVID EXPECTATIONS

Dating and meeting new folks during the ongoing pandemic can be tough. This event is by and for covid cautious individuals.

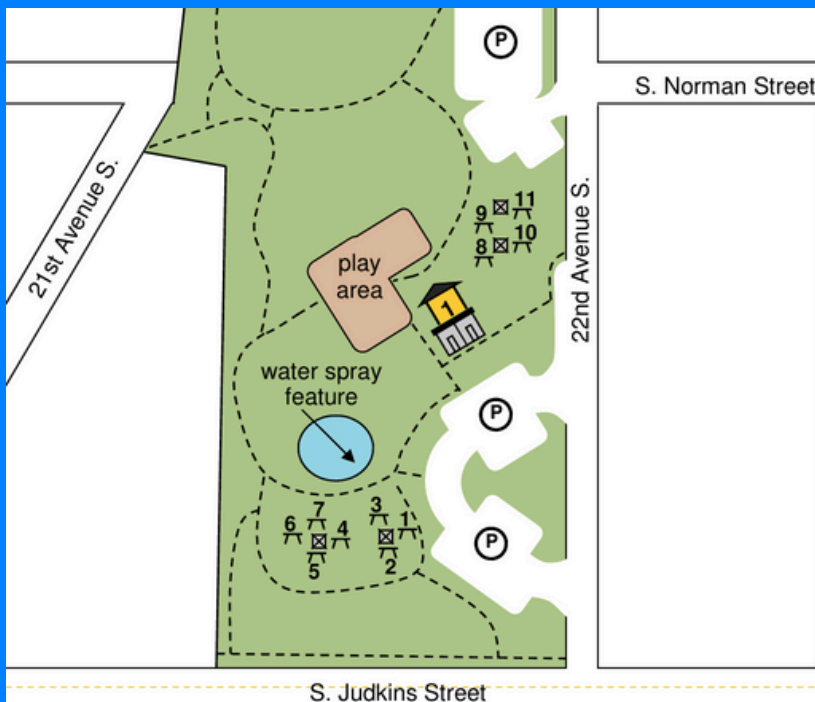

All attendees will be required to wear high quality (KF94, KN95, N95, P100, etc) masks during the event; we will have masks available for free!

There will be designated spots to eat/drink during the event away from the group!

Do not attend if you have recently been exposed to covid, have covid, or are testing negative but symptomatic.

WHAT SHOULD I BRING?

This event is outdoors at Judkins Park Shelter #1

It may be sunny and/or hot- please bring extra sunscreen/snacks/water

There is limited seating, please bring lawn chairs and blankets if you have them!
