WHO IS THIS EVENT FOR?

You should join us if you:

- Are looking to meet other covid cautious folks in the Seattle area to date**
- Want to pitch your friend & tell others why they should date them!**
- Not necessarily looking to date, but are here for the vibes ✨**

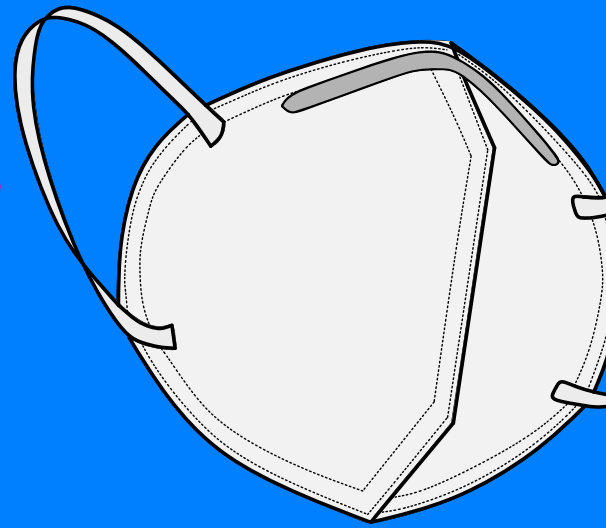

HOW WILL IT WORK?

Imagine a power point party meets IRL matchmaker:

10-15 people will have their friends make a presentation on why they're so dateable

Half roast, half watching a friend tell the audience why their single friend is so awesome, half hilarity at learning funny things about whoever is being pitched.

After watching the pitches we will have 1-2 hours to mingle & chat with attendees!

COOL, SIGN ME UP TO BE PITCHED!

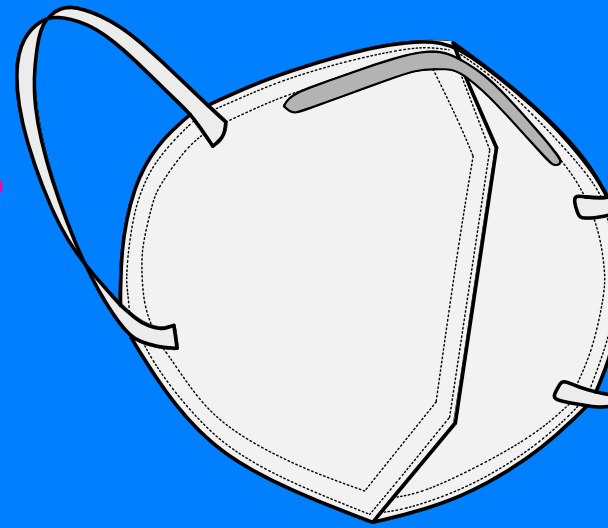

To sign up to be pitched or to pitch your friend, fill out the form in our link tree.
