REPRESENTATION

In negotiating this agreement, Section One will be represented by a team as determined by the Executive Committee and in conformation with the Section I Schools and Officials Coordinating Federation (OCF) Constitution (article 5, #2).

A committee comprised of seven (7) Official's Association representatives will represent officials. Three (3) members representing Westchester/Putnam Associations, two (2) members representing Rockland Associations, and two (2) members representing Dutchess Associations all of whom comprise Section One. The Presidents or their designee of each officials' association serving each county will elect these representatives. Final approval of any contract negotiated by this committee must come from the majority of the local chapters of officials' associations, as recognized by NYSPHSAA, in conjunction with the approval of the Section One Executive Committee.

IN RECOGNITION OF THE ABOVE

The Center for Interscholastic Athletics, referred to hereafter as the CIA, will assign only certified officials in good standing as members of local associations, who are approved officials as defined in the current Handbook of the NYSPHSAA, Inc.

Section One, the schools it represents and Officials, accept and abide by the Statement of Principles for Officiating and the Officials' Agreement as written in the current handbook of the NYSPHSAA.

The term of this agreement shall be from September 1, 2023 through August 31, 2028

NEXT AGREEMENT

The next agreement will be reached according to the procedure contained in the current NYSPHSAA handbook.

ASSIGNMENT PROCEDURES

A. Original Assignments

1. The following deadlines will be adhered to by all parties:

Fall Sports	1. Availability to CIA 2. Assignments distributed	April 7 June 1
Winter Sports	1. Availability to CIA 2. Assignments distributed	July 10 October 10
Spring Sports	1. Availability to CIA 2. Assignments distributed	November 10 January 25
2. CIA Scheduler will notify sport officials by sport and county three (3) CIA business days prior to conducting initial assignments. This will be executed by an e-mail blast to that particular sport and county.
3. Each association's executive committee will have the opportunity to review and suggest changes to the CIA assignment parameters. Schedules for review may be picked up by, or e-mailed to the Association President or Association Representative and must be returned to the office within five (5) business days. The CIA will make every effort to make appropriate adjustments in consultation with association presidents and/or executive boards.
4. An official shall accept or decline their initial assignments with the CIA within ten (10) days of receipt. Delinquencies will be reported to the Association Presidents.
 - a. A ny official who, without valid reason reported to the CIA, turns back 25% or what is considered to be an unreasonable number of games will be reported to his/her Association's Executive Committee representative.
 1. The official's Executive Committee Representative must respond to the CIA's notification with a preliminary phone call or written memo within five (5) CIA business days. Every effort should be made between the CIA and the official's Executive Committee Representative to come to a mutual agreement regarding the official's future status.
5. Officials shall confirm all assignments with the HOME school either prior to or on the day of the contest. In case of inclement weather confirmation must be made on the day of the contest. (See D-4)

B. Supplemental Assignments and Availability

1. Officials' associations will instruct their members to keep their availability up to date after receipt of their original assignments.
2. The individual official is responsible for maintaining accurate and up-to-date availability and blocking schools appropriately to avoid any potential conflicts of interest within the appropriate assigning platform.

Officials that fail to keep their availability up to date and who do not cooperate with the CIA shall be reported to that official's Executive Committee Representative. Same will apply as in Clause A, Section 4a Article 1.

3. During the regular season, schools may request additional officials beyond the standard condition at their discretion. Additional officials will be assigned based on availability.

Note: The standard condition must be met for all contests at all levels scheduled on a given day before additional officials will be assigned.

C. Releasing or Switching Confirmed Assignments

1. An official seeking release from a confirmed assignment shall call the CIA or make a written request for being released from an assignment. The phone call does not supersede the requirement to turnback your assignment via the assigning platform.
2. An official shall not switch assignments with another official except in an emergency. If there is such a switch, the CIA will be notified as soon as possible.

D. Incomplete Contests and Over Assigning

1. For any contest that starts and is not completed, an official is to be paid the full contest fee.
2. Officials who report to a contest that is not started shall receive the full contest fee, unless weather is the cause for such cancellation. In such instances where inclement weather renders fields unplayable, officials shall be compensated by an appearance fee equal to a travel fee. This fee shall apply to all sports, all levels. If a doubleheader is canceled due to weather a single appearance fee shall be paid to each official. If the second game of a doubleheader is canceled due to weather, no cancellation fee shall be paid unless two different sets of officials are being used. (see appearance/travel schedule, Table Y)
3. Time deadlines - By agreement among the CIA and school Athletic Directors, officials must be notified of possible cancellations and postponements as soon as the decision is made. It is the responsibility of the school to contact the official by phone to notify them of any day of game changes.

4. Officials are paid a full fee if they are not notified about a postponement or change of site and arrive at the original site of a contest. This does not eliminate an official's responsibility to call a school before leaving for a contest during the day of inclement weather, as in A-5. It is further understood that it is possible for cancellations due to weather beyond the original inclement day. However, this does not diminish the school's or the CIA responsibility to notify officials of a cancellation. This includes cancellation of contests:
 - a. on subsequent dates due to preceding day or days inclement weather, and
 - b. due to the inclement weather in a visitor locale that prevents travel to the contest site.
5. Reassignment of officials
 - a. Assigners (Sport Desks) are to make a good faith effort to provide an official with a reassignment when a school or league drops a program or reschedules a contest after original assignments are confirmed by an official. Section One as the assigner is under no obligation to guarantee an official any assignments.
 - b. In the event of postponed or incomplete contests, the original assigned official(s) should, if possible, continue with the contest. Canceled contests should be replaced if possible.
 - c. An official assigned to a postponed or suspended game will continue with this contest on the new date unless the official has a previous assignment or has no availability on the new date. If the official has a lower level assignment, an effort will be made to offer the higher game.
6. Should an extra official arrive for a contest, and the assignment error was the fault of the CIA, each official will receive the full contest fee. The HOME school team will decide which officials will work the contest, within the standard condition, unless otherwise approved by both schools.

E. Officials Working Contests - Less Than the Standard Condition

1. An official working any contest alone, when the Standard Condition (S.C.) is two officials, shall receive the regular contest fee, plus one-half (1/2) the game fee for the contest. If the officials association can show that there were officials available, who were not contacted, the official who worked alone will receive a double fee, unless the less than S.C. situation was caused by an official's cancellation on the day of the game. If an official refuses to work at less than the S.C. after reporting to the game site, he/she will receive only a travel fee.
2. **Day of Game Turn Back of Assignments**
 - a. **Definition** of Day of Game: Any turn back that occurs after 4:30pm on the calendar day prior to the scheduled contest.

- b. The CIA will call the official still assigned to the game to determine whether he/she will or will not officiate the contest with less than the Standard Condition.
 - c. If the CIA is closed and/or the official cannot reach the Assignor, the official turning back the assignment will call the home school.
 - d. If the official who is still assigned to the contest chooses to work, he/she receives a contest fee plus a half of contest fee.
 - e. If the official who cancels an assignment fails to notify the CIA and the official still on the game travels to the game site and then refuses to work, the remaining official gets an appearance fee. If he/she chooses to work, he/she gets a contest fee plus a half of contest fee (see appearance/travel fees schedule, Table Y)
3. In sports where the S.C. is more than two (2), the officials working the contest shall split the fee of the missing official(s). *with the exception of varsity and JV football, football will work the game with less than five for the same fee.

Note: The above does not apply in those sports where the fee schedule calls for a different fee for a single official or a number of officials less than the standard condition. (see Special Conditions)

F. Turn Backs

- 1. **Definition** of a Turn Back: Any assignment that an official turns back after having accepted the assignment via BOCES system or a game offered to the official based on availability and refuses.

2. Turn Back Schedule without Penalties

Declining a Contract / Turn Back without Penalty						
Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Turn-back by 4:30pm on Wednesday	Turn-back by 4:30pm on Thursday	Turn-back by 4:30pm on Friday	Turn-back by 4:30pm on Saturday	Turn-back by 4:30pm on Sunday	Turn-back by 4:30pm on Monday	Turn-back by 4:30pm on Tuesday

3. A Non-Performance Penalty fee will be assessed for the following occurrences:
 - a. No show – The official will be assessed a penalty equivalent to a full game fee
 1. If assigned to a double game, the no show penalty is assigned to both games.
 - b. Day of Game Turn Back - penalty is 20% of game fee
 1. If assigned to multiple games, scheduled back-to-back at the same site, this penalty is assessed to the higher-level game only.
 - c. Turnback Within 3 days of the Day of Game (as defined in F.2) – penalty is 8% of game fee (see chart)
 1. If assigned to multiple games, scheduled back-to-back at the same site, this penalty is assessed to the higher-level game only.
 - d. Officials who are injured or on extended medical leave will need to provide a note or be made inactive. A form will be provided.
 - e. Turnback Waiver Requests will be considered for personal illness, death of immediate family member, or work-related emergency. Medical documentation is required in order to grant a personal illness waiver. All work-related waiver requests will be granted at the discretion of the CIA.

G. Cancellation of Programs

1. If a school drops a program before the start of that sports season, every effort will be made to assign officials assigned to those games to comparable contests.

H. Waiting Time, Waiting Fees, Late Start Game Times and Late Fees

If the start of the contest is delayed beyond the time set forth on the assignment sheet, for other than weather-related reasons, the following shall apply:

1. If a team is late in arriving or play commences later than the announced and confirmed time, officials are to:
 - a. Report the lateness to the CIA within five (5) school days.
 - b. Sign and record the time in the scorebook.
 - c. Inform HOME and visiting coaches that a late start is being reported to the CIA.
 - d. The coach is to verify late start with HOME Athletic Director or their designee who confirms with the CIA.

- e. Failure of the HOME school to confirm with the CIA shall not cause withholding of officials' payment.
2. If a contest is started more than thirty (30) minutes after the announced and confirmed time the official shall receive the contest fee plus a late fee. (See Table W). Time will be determined by mutual agreement between the HOME Athletic Director, HOME coach and officials prior to the start of the contest.
 - a. If the official(s) are notified by 12:30 P.M. by a telephone call from either the CIA or the HOME school, that the announced and confirmed starting time of the contest will be delayed by thirty (30) minutes or more and the official(s) decides to work the contest, no late fee will be paid.
 - b. At the end of thirty (30) minutes beyond the scheduled starting time, the official may elect to leave and shall receive a full contest fee.
 - c. If the official elects to wait more than sixty (60) minutes and the game is played, then an additional half (1/2) game fee will be paid (game fee + ½ game fee) for Varsity matches only.
 - d. Late start fees are to be paid to officials in the second game of a double-header, if the first game starts late enough to delay the start of the second game by thirty (30) or more minutes.

EXCEPTION - If the same official(s) is working the second game, only one late fee is paid to that official.

- e. The official(s) claiming the late start fee must complete and submit to the CIA a late start form supplied by the CIA and in accordance with the 5-day deadline listed on the form.
 - f. If an official(s) leaves a contest before the completion of the contest, without agreement of the CIA or an agreement with the HOME school coach or Athletic Director a penalty equivalent to the full contest fee will be applied. In addition, the incident will be reported to his/her Executive Committee Representative.
3. Waiting time for game delayed by weather
 - a. No contest may be started or resumed that has not been restarted before an additional 90 minutes after what would have been the normal 90-minute length of the game...i.e., game start of 2pm, (90-minute game length, plus 90-minute wait) game could not be resumed after 5pm. Remember to follow game delayed rules for what is considered regulation game.

I. Absent or Late Officials

1. Each officials' association shall determine the amount of time prior to a contest which is appropriate for each official to be present and prepared to do his/her duties as an official.
2. An official who is absent from a confirmed assignment shall be subject to a non-performance penalty of a full fee applicable to the contest. Emergency situations may occur for which the grievance procedure will apply.
