Camp's Purpose/Goals

Learn from an experienced group of college & pro officials who are presently being taught how to officiate on some of the highest levels of play.

Ask questions and receive valuable feedback from our roster of evaluators. We will provide constructive criticism on your court positioning, body posture, whistle cadence & sound, mechanics presentation, court presence, game management, crew communication and call accuracy.

We will be offering instruction on NFHS 2-person & 3-person mechanics, NCAA Men's/Women's and Pro mechanics. While this is an instructional camp, it is an opportunity for each camper to network with higher level officials & assignors to advance in their game assignments.

Each camper has an opportunity to work in front of HS assignors, college supervisors/coordinators for both men's and women's conferences as well as professional Grassroots evaluators who will be in attendance. StripeLife camp is open to all cadets/officials with all levels of experience who want to improve their officiating skills and gain exposure to officiating that will prepare them for future higher level opportunities.

NETWORKING OPPORTUNITIES

Assignors/Supervisors and evaluators on the HS , College and professional level will be in attendance on various days.

Camp staff is available at anytime to discuss camp evaluation during and after camp.

Our camp collaborates with local HS assignors as well as local and national college supervisors who are interested in up and coming officials .

Camp Information

Dates

June 16th -19th
Classroom: 3:30 (each day;
recommended but not
mandatory)
Staff Introductions

Times

Game Times:
5pm to 9pm
in TWO gyms
***All games are boys
varsity level***
