Mike Sorensen, Livestock Plus, Inc.  
(641) 745-7949  
Matt Woolfolk, MRW Cattle Resources  
(731) 694-6469  
Myron Benes, Sale Consultant  
(402) 741-2040

### Guest Consignors:

Deutsch Charolais, Newton, Iowa  
Tim Deutsch (641) 521-1618  
Sellhorst Charolais, Fremont, NE  
Glenn Sellhorst (402) 380-4465  
Summit Farms, Alden, Iowa  
Roy Miller (641) 373-6031

### Lunch

Lunch will be served at 11:30 a.m. on sale day. Ribeyes grilled by the Adair County Cattlemen and pies from the Tekamah Methodist Church.

### Online Bidding

This sale will be broadcast live on the internet at [www.dvauction.com](http://www.dvauction.com). To register for internet bidding through DVAuction please call 402-316-5460 or email [dva@dvauction.com](mailto:dva@dvauction.com) for pre-sale bidding approval.

### Sale Videos

All Shepherd Charolais females will be videoed prior to the sale date. To view videos, please visit [www.dvauction.com](http://www.dvauction.com).

### Hotels

Relax Inn & Suites, Adair (641) 742-5251  
AmericInn, Stuart (515) 523-9000

### Trucking

Trucking will be available on sale day. Please contact Sara or Wes for arrangements.

### Health

Cows are on a complete herd health program. Split-off calves have had three rounds of vaccinations. All cattle will sell with proper interstate health certificates issued by Stuart Vet Clinic.

### Breeding Guarantee

All bred females are guaranteed to be safe in calf as stated in the catalog or on the sale day supplement sheet. All open females and heifer calves are guaranteed to be breeders.

Dear Friends and Fellow Cattlemen,

You're invited to our Inaugural Shepherd Charolais Female Sale on Saturday, September 11th. Join us and our guest consignors at the WCC Cow Palace just outside of Anita, Iowa.

The foundation of the females on this sale come from the 6-year-old cows. Every single female from that age group sells – some are really hard to part with! They are also the first group that were bred, born, and raised here. They're still around because they continue to earn their place. It's very appropriate to kick off my inaugural female sale with these cows that have been the backbone of my herd. The rest of the offering is made up of a cross-section of the herd to give you a feel for what walks the pastures. The guest consignors are bringing some high-quality females and genetics to add to the depth of this offering.

From day one, my herd has been built around a strong AI program to top industry bulls with strong walking herd sires. I enjoy cattle that look good, but most importantly are functional. This has always been a performance driven herd with a focus on quality, cattle that work, with leading genetics and strong cow families to build around.

With the addition of the Angus herd last year, we were looking for a way to market those females. It seemed a natural fit to have them be a part of this sale. To kick things off right, we decided to offer our entire crop of bred heifers. Be sure to check them out!

Most of all, thank you for your interest in our offering! Your success through your purchases is what makes it possible for us to continue to offer females like these. The sale doesn't end with the last pound of the gavel, the relationships we have with each one of you is what is really important. We enjoy seeing or hearing from you; chatting about your family, life and of course the cattle; getting pictures; and staying in touch.

Please don't hesitate to contact either of us or our guest consignors if we can be of any help with your selections. We look forward to doing business with you.

God Bless,  
Sara and Dan

*Sells open ready to Flush*

Initially selected as a “Choice of the Herd” purchase of open heifers from the famed Eaton herd in Montana. She has exceeded all expectations as an outcross Donor for both Satterfield and Shepherd Charolais. Brusset 10722 might not have the biggest growth numbers for EPDs but her offspring have continued to impress with their individual performance. Her first 6 calves never ratioed under a 100 and had an average adjusted WW of 753. Her second daughter Brusset 6233 commanded \$9,750 for Half Interest in the 38th National Sale to J&J Trust, South Dakota. If there is any doubt as to the level of production this female is capable of, look no further than the progeny photos below.

*Offered with Satterfield Charolais*

Pasture Exposed 6/17-7/20/21 to WCR Sir Tank 074

What an opportunity here! This powerful female combines some of the most proven female lines in the breed in a powerful eye catching package. A heavy milking daughter of Cigar and a cow out of two breed greats, Grid Maker and the famous Clarice J139. 409 was Sara's choice of the entirety of the record setting M6 Dispersal where she was the second high-selling lot commanding \$21,000! She has continued that trend of excellence by leaving a lasting mark on the Shepherd Charolais Herd. Sara said, "If we hadn't started building this sale around selling all the 6 & 7 year old cows, she definitely wouldn't be for sale."

Lot 3 | Southern Clarice 55109

PE 5/19-7/20/21 to M&M Watt 6564 ET

Another great entry from the Clarice Cow Family, Shepherd Charolais purchased this female along with her mother at the Southern Cattle Co. Dispersal. Sara and her partner Rod McDowell lost her dam, Kat 309, before she could be in production so this one is hard to let go. 55109 ranks in the top of the breed at 1% Milk; 2% WW, REA; 15% YW. Her calves have an average WW ratio of 108.

Bred AI 5/7/21 to RBM Fargo Y111; PE 5/19-7/20/21 to M&M Watt 6564 ET

582 can be summed up in a very simple way... Fancy. However, that one word doesn't do this female justice. She was selected as a bred heifer from the Southern Cattle Dispersal Sale shortly after her mother made waves as a high-selling lot in the M&M Dispersal. A phenotypic gem with performance to match, her calves have an average ratio of 107 at weaning and 108 for yearling earning her the distinguished title of an AICA Sterling Dam of Distinction. The first son was retained and used on heifers in the Shepherd herd and last year's son was the high-selling bull at \$7,000. This year's Patriot bull calf at side will not disappoint!

A powerful, long-bodied, good hipped female, 506 brings the best of Bells & Whistles' performance and blends it with the easy keeping package of Bluegrass. This female is a standout in the pasture and will sure be on sale day as well.

Her dam, 9150, is still in production at 12 years of age. She has stuck AI every year but one and raises calves that come small (and early) and GROW! This is the only female of hers Sara still has in the herd and only sells because she's once again in the six year old age group. Her dam was flushed this spring and will likely never leave the farm.

Here is a Bells & Whistles daughter out of a full sister to Wyoming Wind. These embryos came from Skeans Cattle Company and wow, what a beautiful cow. Shepherd Charolais has a full sister retained in the herd.

# Fall Calving Cows

## Pasture Exposure Information:

A month into breeding season, Sara and Dan unfortunately had to pull Southern Rio Bravo off of cows due to injury. This created an unexpected opportunity as they turned in a herd sire that Dan had been using on his commercial herd – SAS Holy Commander N632 002P. Commander was one of the few progeny out of a bull Sara purchased from her father, Everett Shepherd and out of one of his best cow families. On his dam side he traces back to the legendary M6 Nancy 382 and Commander B309 on his sire side. Sara is excited to put some of those timeless maternal genetics back into her herd. If there is a question about which bull sired the calf, Shepherd Charolais will pay for DNA parentage results.

M6 Ms H45 Nancy 382 ET | Granddam of SAS Holy Commander and influence seen throughout this catalog

Lot 59 | DC Maria 9516 P

# — Shepherd-Shamburg Angus Spring Bred Heifers —

These bred heifers come from a registered herd that has been closed for more than 30 years. Sara and Dan purchased the herd at the beginning of 2020 lock, stock, and barrel from a local, retired vet, Rex Wilhelm. That operation was developed around a strong AI program followed by top clean-up bulls selected from within the herd itself (WFA prefix). Year after year, this was done building on a strong maternal foundation of cows that worked, along with a strong herd health program. You'll find these females are fleshy, bred with strong carcass traits, easy-calving, and with plenty of growth. These bred heifers carry the Shepherd-Shamburg brand and are the first group raised from this herd from birth to breeding. This herd calves, grows, breeds, and will continue that cycle in the timber pastures of Guthrie County as they have for over 30 years.

Glenn's selection from the 2017 Satterfield Charolais Female Sale was none other than Lot 1. SC Miss Barbra 1142 P ET, comes from the most profitable cow family ever to walk in north Arkansas. To date her and her two sisters have generated in excess of \$200,000 and members of this cow family consistently are at the top of the calving groups. 1142 sold for a staggering \$20,000 for half on sale day so take advantage of this opportunity to capture these genetics now.

5124 was an outstanding Donor for the Vaughan Family Ranch of KS before Sellhorst Charolais was able to acquire her this spring. A daughter of the incredibly profitable Jewel 0155 cow family, 5124 brings a proven pedigree backed by outstanding performance. She currently ranks in the top 1% of the breed for WW, YW, and TSI. This mating to the exciting outcross PVF Ridge could yield truly exciting results.

With the excitement surrounding both the Charolais and Red Angus breeds right now, it was just a matter of time before someone took it to the next step and created some exceptional percentage calves! Sired by the 2015 NAILE Grand Champion Red Angus bull and out of Shepherd's Crystal 9038 Donor. These calves could double register as a percentage in both breeds.
