# SHEPHERD-SHAMBURG CHAROLAIS & ANGUS

## Private Treaty Bull Sale

OPEN HOUSE & SALE KICK-OFF

SATURDAY, FEBRUARY 24, 2024

NOON | COMPLIMENTARY LUNCH

1:00 PM | BID-OFF

### *Sale Location:*

At the Farm | 1308 Quebec Ave | Stuart, IA 50250

From Stuart exit on I-80 (Exit 93):

3 miles south on Stuart Road. 4 miles west on 130th.

From Menlo exit on I-80 (Exit 88):

3 miles south on Pinewood Ave. 1 mile east on 130th.

### *How the Bid-Off Works:*

All bulls will be listed for sale with a base price. Interested buyers can commit to the base price listed for the bull(s) they are interested in. If more than one buyer is interested in the same bull, a bid-off will take place at 1:00 PM on Saturday, February 24 until a winner is determined. Buyers need not be present to place bids but must be available by phone at 1:00 PM. Bulls with multiple buyers listed will sell first in catalog order. The bid-off will start with the Charolais bulls with Angus immediately following.

We will also have several individuals available sale day to take phone bids during the bid-off. If you purchase sight unseen, we have a 100% satisfaction guarantee.

If any bulls are still available, they will be sold privately on a first come, first serve basis after Kick-Off Day. Bulls are considered sold once payment has been received.

### *Sale Consultants:*

Wes Chism | 281.761.5952

Donnie Leddy | 605.695.0113

### *Breed Representative:*

Hadley Schotte, AICA 785.562.6632

### *Videos:*

All the bulls have been videoed. The videos can found on our website at [www.ShepherdCharolais.com](http://www.ShepherdCharolais.com) or YouTube channel approximately two weeks prior to the Open House and Sale Kick-off.

### *Trucking and Delivery:*

Free Delivery on bulls within 250 miles or credit towards the first 250 miles. \$100 will be deducted from each bull if taken home sale weekend. This applies to purchases over \$3,500.

### *Health:*

Charolais bulls have been semen tested and passed a breeding soundness exam. Angus bulls will be carcass scanned and semen tested mid-March. All bulls are virgin bulls unless otherwise noted. They will sell with proper health certificates and test for intrastate travel issued by Stuart Vet Clinic, Stuart, IA. They have been boosted with ViraShield 6 and poured with Cydectin. All the work has been done. They are ready to turn out and go to work for you.

### *Feeding & Care:*

For your convenience, you can leave your bull here to continue to be developed until April 1st. This service is provided to customers free of charge for the base price listed on each bull. After April 1st, there will be a charge of \$4.00/head/day. We will do everything in our power to keep the bulls safe and healthy. However, once sold, they become the property and risk of the purchaser.

Dear Friends and Fellow Cattlemen,

You are personally invited to our Open House and Private Treaty Bull Sale Kick-off on Saturday, February 24, 2024.

Each year brings challenges of its own. 2023 and 2024 so far has been no exception. You'll notice there are no bull pictures of this year's offering in the catalog. We were hit with a blizzard and extremely cold temperatures when we normally clip and picture the bulls. They didn't need to be subjected to extra stress during that time and neither did us humans. We had our hands full making sure everything had feed, water, and was taken care of while I'm sure many of you were doing the same. Mother Nature has a mind of her own and has now given us unseasonably warm weather with lots of MUD that is finally starting to dry.

Videos of all the bulls being offered will be taken and available on our website and YouTube channel around mid-February. Please refer to those as you're making your bull selections. As always, we're just a phone call away to answer any questions. The bull pen is always open too if you'd like to stop by and take a look in-person prior to the sale. We are always happy to have visitors and especially to talk cattle. The reference pictures in the catalog are the AI sires, bulls we have offered in the past that are full or half-sibs, and cows that have become the backbone of our herd.

Join us at the farm just outside of Stuart, IA or on the phone for the bid-off on Saturday, February 24th. We enjoy the opportunity to visit with you and for you to see the heart of the operation. Even if you aren't in the market for a bull this year, come join us for lunch, walk through the bulls, and see how the bid-off works.

We are honored that you have chosen to look at and consider the bulls in our sale. The sale doesn't end when we deliver the bulls. The relationships we have with each one of you is what is really important. We enjoy seeing you, chatting about your family; life and cattle; hearing how the bulls and calves are doing; getting pictures and staying in touch.

We look forward to doing business with you.

See you on February 24th!

Sara and Dan

### *Bull Guarantee:*

All bulls are guaranteed to be fertile and come with a one breeding season guarantee. This applies to reproductive soundness and feet. Breeding season is defined as 90 days following the first turn out of the bulls. Please notify us as soon as possible when an injury occurs. Injuries must be examined by a veterinarian. If a suitable bull is available for replacement, we will replace the bull. If there is no replacement available, you will be given sale credit at our next sale towards the purchase of a replacement bull minus salvage value.

### *Supplement Sheets:*

We will have supplement sheets available on our website Thursday before the Kick-Off. Charolais will include scrotal measurements, carcass data, frame scores, and current weights. Angus will include yearling data. This information can also be emailed or faxed upon request.

Base prices will be available upon request in the same time frame.

### USING EPDs FOR SELECTION:

Cattle Evaluations use the term Expected Progeny Differences (EPD) to express genetic transmitting ability of a sire for the various traits listed. An EPD is a prediction of how future progeny of a sire are expected to perform in a particular trait relative to other sires in the analysis. The key word is "difference". The EPD itself does not imply "good" or "bad" performance. But rather, the EPD gives a prediction of the average difference to expect in the performance of a sire's progeny relative to other sires in the same analysis.

### CHAROLAIS BREED AVERAGE EPDs:

CE	BW	WW	YW	MILK	MCE	MTL	SC	CW	REA	FAT	MARB	TSI
10.8	-1.2	61	110	24	9.1	54	1.0	24	0.70	0.014	0.13	253.72

### ANGUS BREED AVERAGE EPDs:

CE	BW	WW	YW	MILK	CW	MARB	REA	FAT	\$M	\$G	\$B	\$C
6	1.2	63	112	27	50	0.69	0.65	0.011	60	53	144	250
