SHEPHERD-SHAMBURG CHAROLAIS & ANGUS

Private Treaty Bull Sale

OPEN HOUSE & SALE KICK-OFF

SATURDAY, MARCH 15, 2025

NOON | COMPLIMENTARY LUNCH

1:00 PM | BID-OFF

Sale Location:

At the Farm | 1308 Quebec Ave | Stuart, IA 50250

From Stuart exit on I-80 (Exit 93):

3 miles south on Stuart Road. 4 miles west on 130th.

From Menlo exit on I-80 (Exit 88):

3 miles south on Pinewood Ave. 1 mile east on 130th.

How the Bid-Off Works:

All bulls will be listed for sale with a base price. Interested buyers can commit to the base price listed for the bull(s) they are interested in. If more than one buyer is interested in the same bull, a bid-off will take place at 1:00 PM on Saturday, March 1 until a winner is determined. Buyers need not be present to place bids but must be available by phone at 1:00 PM. Bulls with multiple buyers listed will sell first in catalog order. The bid-off will start with the Charolais bulls with Angus immediately following. Base prices will be available starting the Thursday before Kick-Off day in person or by request.

We will also have several individuals available sale day to take phone bids during the bid-off. If you purchase sight unseen, we have a 100% satisfaction guarantee.

If any bulls are still available, they will be sold privately on a first come, first serve basis after Kick-Off Day. Bulls are considered sold once payment has been received.

Sale Consultants:

Wes Chism | 281.761.5952

Donnie Leddy | 605.695.0113

Breed Representative:

Hadley Schotte, AICA 785.562.6632

Videos:

All the bulls have been videoed. The videos can found on our website at www.ShepherdCharolais.com or YouTube channel approximately two weeks prior to the Open House and Sale Kick-off.

Trucking and Delivery:

Free Delivery on bulls within 250 miles or credit towards the first 250 miles. \$100 will be deducted from each bull if taken home sale weekend. This applies to purchases over \$3,500.

Health & Testing:

Both Charolais and Angus bulls have been semen tested and passed a breeding soundness exam prior to the sale. All bulls are virgin bulls. They will sell with proper health certificates issued by Stuart Vet Clinic, Stuart, IA including a negative Trich test. They have been boosted with Virashield 6 and poured with Cydectin. All the work has been done. They are ready to turn out and go to work for you.

Feeding & Care:

For your convenience, you can leave your bull here to continue to be developed until April 1st. This service is provided to customers free of charge for the base price listed on each bull. After April 1st, there will be a charge of \$4.00/head/day. We will do everything in our power to keep the bulls safe and healthy. However, once sold, they become the property and risk of the purchaser.

Dear Friends and Fellow Cattlemen,

You are personally invited to our Open House and Private Treaty Bull Sale Kick-off on Saturday, March 15, 2025. PLEASE NOTE THE DATE CHANGE!

As I sit down to write this year's letter, I realize that 2025 kicked off my 10th calving season for the Charolais herd. What changes and growth I've seen during that time. Starting that very first calf and my journey off with a bang - coming backwards out of a first-calf heifer and resulted in a c-section. The first bull sale season the following year where I had no idea what I was doing. One of the biggest thrills was the first time I had a customer I'd sold a bull to come back and be a repeat customer. Those are the big things.

Each year, it's the small victories that bring me some of the greatest joy. The phone call, text message, snapchat, etc from previous customers with updates. The good reports about the dispositions of the bulls, the calves are weighing more at weaning, the bulls are lasting longer than they're used to and they're holding up well after working. Even the complaints and working through them all help make my operation better and offer better bulls to you. The phone calls and messages from past customers wanting to know when the sale is so they can come back. The referrals of new customers from current customers. Those are the best feelings!

What a great time to be in the cattle business! Feed prices are lower and market prices for feeder calves and finished beef are at record highs. It's a gamble every day so enjoy the ride while it's good.

It is an honor that you have chosen to look at and consider the bulls in the sale. As I mentioned above, the communication, messages, and relationships we have with each of you is one of the reasons we're in this business. Keep in touch! The sale doesn't end when we deliver the bulls.

Join us on Saturday, March 15th at the ranch just outside of Stuart, IA or on the phone for the bid-off. Even if you aren't in the market for a bull this year, come join us for lunch, walk through the bulls, and see how the bid-off works.

I look forward to doing business with you!

Sara

Bull Guarantee:

All bulls are guaranteed to be fertile and come with a one breeding season guarantee. This applies to reproductive soundness and feet. Breeding season is defined as 90 days following the first turn out of the bulls. Please notify us as soon as possible when an injury occurs. Injuries must be examined by a veterinarian. If a suitable bull is available for replacement, we will replace the bull. If there is no replacement available, you will be given sale credit at our next sale towards the purchase of a replacement bull minus salvage value.

Ultrasound and Performance Information:

Carcass Ultrasound Data, Yearling Data, and Scrotal Measurements will be available on a supplement sheet the prior to the Kick-off. These will be posted on our website. It can also be emailed or faxed upon request.

USING EPDs FOR SELECTION:

Cattle Evaluations use the term Expected Progeny Differences (EPD) to express genetic transmitting ability of a sire for the various traits listed. An EPD is a prediction of how future progeny of a sire are expected to perform in a particular trait relative to other sires in the analysis. The key word is "difference". The EPD itself does not imply "good" or "bad" performance. But rather, the EPD gives a prediction of the average difference to expect in the performance of a sire's progeny relative to other sires in the same analysis.

CHAROLAIS BREED AVERAGE EPDs:

	CE	BW	WW	YW	MILK	MCE	MTL	SC	CW	REA	FAT	MARB	TSI
EPDs	11.2	-1.3	63	114	25	9.4	56	1.1	26	0.73	0.015	0.14	267.90

ANGUS BREED AVERAGE EPDs:
