

“Ready to Talk”

Child Sexual Exploitation (CSE) Campaign

IN RENFREWSHIRE

The Ready to Talk campaign is in full swing across Renfrewshire, sparking meaningful conversations with young people on topics that matter, healthy relationships, sexting, gaslighting, and many other vital issues affecting their lives.

We're incredibly proud of the young people who have played a central role in shaping this campaign. Their insight, creativity, and commitment have been instrumental in developing powerful resources that speak directly to their peers. These materials are designed not just to inform, but to empower, creating space for honest dialogue and support.

Stay tuned as the campaign continues to grow, driven by the voices of those it's designed to serve.

If you have any questions, please email
