

TUITION RATES

Piney Woods Christian Academy sets tuition rates at a level that provides for the sound and responsible operation of the school. Rates are based on careful assessment of all factors associated with the operation of a private school which receives no public funds. Financial aid is available. Please see the financial aid section of our website for more info. In addition, many churches will help financially. Check with your church leaders for more info.

Tuition and fees are reviewed annually and adjusted as necessary. As is typical with most private schools, tuition does not cover 100% of the school's expenses, but is generally set at a rate which will cover a large percentage of the non-capital operating budget.
