

November 3, 2020

RM Representative James Morton

October has been a tough month for us with the ever changing weather, breakdowns, and human resource issues. We are way behind on our ditch mowing and grading but are still working to get it completed before the snow comes to stay. We have recently received Covid grant money and all hamlets have been advised to see if they have anything that would comply with this grant.

In regards to the legal battle over the campground bylaws we have won the judgement but the campground owners have 30 days to file an appeal.

The paving levy legal action is still on going.

The election for Reeve has Dave Popowich back by acclamation and the election for Division 5 (Burgis Beach and Canora Beach) will take place on November 9 th,2020. The next RM meeting is November 16,2020.

This is all from the RM

James L Morton
