2024 Spring information Meeting for Good Spirit Acres Hamlet

May 26th, 2024

RM of Good Lake Councillor Report for Division 2, James L. Morton

I would like to pass on my regrets for not being able to attend the meeting but unfortunately, I am out of the country.

2023 has been a busy year for the RM administratively wise since the Government has implemented new rules that govern organized hamlets, so each hamlet must now have their own bylaws. Diane and Nicole have been busy updating and revamping the RM Bylaws and then updating the hamlet ones as they go. We have a third person in the office to handle the front desk, and phone calls which is Tania, and things are working very smoothly. I would also like to congratulate Nicole in obtaining her level C certification for RM Administration.

The RM has also changed waste management of the recycling. so now Ottenbreit's Sanitation looks after it all. We were with Parkland Waste Management for some time, but unfortunately our needs were not being met so, it was time for a change.

The RM has also been having meetings with the other towns and RM's in our area to see if there are areas that we could work better with each other and if there are any possible thoughts of future amalgamations.

The RM was also part of the Fire Board who was in negotiations for a new fire agreement. The old agreement was in place for over 25 years and had served us well, but a lot has changed in the past 25 years, so a new agreement was needed. The three RMs, Key, Sliding Hills, Good Lake and the Town of Canora have spent the last year redoing the agreement and it has just recently been finalized and sent to all councils for ratification. The new agreement will not be implemented until January of 2025.

The RM has had some significant Capital expenses this past year, but I will leave that for Dave to talk about.

The RM along with the water security board replaced the gates on the lake and Dave can also speak to this as well.

Last fall the RM grader assisted Dale Cherewyk with the construction on Bay Hill Drive and the road is being monitored for a couple years to see how it is going to respond.

There has been lots of buying and selling of residences and the Market at Good Spirit Acres and that trend seems to be continuing which is a very good sign.

The RM has taken care of the graveling and grading of the Lagoon Road, the transfer site road, and in front of the mailboxes at the Market as per an agreement with the store for allowing the mailboxes to be there. This will continue and are on schedule to be done in early June.

I hope this finds everyone well and hope everyone has a happy and relaxing

summer.

James L. Morton
RM Councillor.

Good Spirit Acres Community Association

Sorry I'm unable to present this report in person, but have written a few things that will be happening in our Hamlet.

Unfortunately, due to other commitments this summer, Kathleen Gessner has resigned from Good Spirit Acres Community Association. We would like to wish Kathleen all the best and thank her for time and dedication to the Community Association.

We currently have 8 members and are always looking for more to join the Association.
