## OUR AUTHORITY DAY

"Southern and Northern Moors of California Come together for Celebration."

Celebrating July 20th, Our Authority Day, with Host Moorish Science Unity Temple 80 Los Angeles, was surely a beautiful uplifting experience. It was my first time attending the event so I was enthusiastic about meeting and pressing the hands of my fellow Moorish American Moslems. The event was held in Los Angeles at Kenneth Hahn State Recreational Park on a warm and pleasant thursday.

There was a jumper for the children while music played and Moors competed over games of chess. From my observation GS Z. Dolphin El appeared to be controlling the chess table pretty well. The tables were full of desserts and finger foods for appetizers. Supreme Grand Sheik of Temple 80 body Kenu Umar Bey visiting from Chicago, was on the grill serving vegan, plant based burgers and hot dogs. My favorite tasty treat was the walnut and mushroom street tacos chuffed up by Sis. Jahni Flood El. I even got a chance to shoot hoops with some young Moors and show them the possibilities of man.

Moors from all over the Nation traveled in love to meet and unite on our authority day. I was able to build with Moors from Chicago, Detroit, North Carolina, Tennessee & Los Angeles. It was truly an honor to come together and celebrate our illustrious and industrious Prophet Noble Drew Ali on this glorious day.
