Creativity turned into Commerce

Michael Supreme Bey is a artisan from Oakland California and the business owner of On The Square Gems. Bey has been creating copper jewelry for 2 years and was inspired by his mentor Cozmo El. During the pandemic the skill was born by using the extra time from the lockdowns to embrace a creative outlet. After hours of YouTube and trial and error, an artist sprang forth. While building his confidence and finding what he calls “his own lane” Mike Bey started to invest in specialty tools to help broaden his knowledge of copper and the properties of natural gemstones. As the wisdom and growth expanded the artistic creativity became more vast. From hand wrapped copper gems to welding and soldering custom necklaces, Bey has become a master of the arts in under 24 months.

“Signs and symbols for the conscience mind”

Copper is famed for reducing stiff joints, aches, and pains commonly associated with arthritis and rheumatism

Copper can combat lethargy, passivity, restlessness, excitability, and non-acceptance of oneself.

It helps maintain healthy bones, blood vessels, nerves, and immune function, and it contributes to iron absorption.
