## 8th Annual Califa Conference

By: Will Osiris Amurru Bey

In a beautiful display of unity and cultural celebration, the Moors of both Northern and Southern California came together for the 8th Annual Califa

National GS Cozmo El and GS and Chairman Shaahid Ali El

Conference. The event takes place at the Allensworth National Park and is a testament to the enduring spirit of teaching members their Nationality and Divine Creed.

The gathering kicked off with a warm meet and greet, where members and attendees had the unique opportunity to press hands with representatives from up and down California. We even had members from New York out of Jamaica Queens travel from afar. The camaraderie was beautiful as Moors from different regions united in the picturesque setting of Allensworth National Park.

The esteemed National Grand Sheik of the Uniting of the Moorish Science Temple of America, Cozmo El, lead a short meeting to deliver a brief yet enlightening talk, delving into the rich history of both Allensworth and the Moorish Science Temple of America. His insights provided a deeper understanding of the roots that bind the Moorish community, connecting past and present as he shares his 30 years of experiences.

As night fell, the conference event unfolded, showcasing the industrious and uplifting acts of the Moors. Dressed splendidly in Moorish Garbs, the Grand Sheiks of each respective temple, shared stories of community service and empowerment. The Chairman of the meeting was Grand Sheik Shaahid Ali El as he lead the Moors with the agenda of the meeting. Grand Sheik Z. Dolphin El from Love Temple 80 Los Angeles, spoke about community charitable works and being industrious with a Moorish trade post called “Moor Life”, where customers can get essential goods like soaps, books and even the Prophet’s herbal tea. Bro. C. Douglas El Grand Sheik of New York temple and Assistant Grand Sheik of the Uniting of the Moorish Science Temple of America, built upon his industrious acts of web design with creating the website [www.prophetnobledrewali.com](http://www.prophetnobledrewali.com). Honors to Bro. B. Terry Bey, the treasurer of the Califa Council for securing the location and his portion on economic development and empowerment. The members being the most important station of the temple, had heavy influence on votes and other necessities regarding temple policies at the event.

The following day, under the rays of Allah’s most noblest image, Sunday School was held outdoors at Allensworth National Park. Moors were engaged and exercised their five senses to foster a deeper connection with their surroundings and each other. The Love and Unity that permeated the gathering left a lasting impact, inspiring Moors to carry the spirit of unity back to their local temples.

In reflection, the weekend at Allensworth National Park served not only as a commemoration of shared heritage but also as a source of inspiration for the ongoing work within local temples. The bonds of affection forged during this gathering will undoubtedly contribute to the continued growth and prosperity of our Moorish community. Islam
