Nourishment

3-6 months advanced booking recommended.

Nourishing Food. Thoughtfully Prepared. One Less Thing for You to Hold.

We believe food is an important part of the retreat experience. Meals are often where guests come back together, **conversations deepen**, and some of the sweetest moments of connection happen.

Hosts get to stay present with your participants—and maybe even **sit down, exhale**, and enjoy the meal yourself.

CHEF-CRAFTED RETREAT MEALS

Our chef partners create menus **specifically for your retreat**, taking into consideration your schedule, the feel of your experience, and your guests' dietary needs.

Vegetarian, vegan and gluten-free options are available upon request.

Chef-crafted meal service **includes unlimited coffee, hot tea, and refreshing spritzers** throughout your retreat.

DIY FOOD + BEVERAGE

Bring your own food and we'll keep your guests refreshed throughout the retreat without having to worry about stocking, setting up, or replenishing beverages. Our beverage package includes **unlimited freshly brewed coffee, assorted hot teas, and refreshing seasonal spritzers** available throughout your stay.

Rescue Farm

Our rescue farm is one of the most loved parts of Full Circle and is home to our horses, **Moe, Bunta, Scorpion, and Quay**, along with our goats and chickens.

Many of our animals came to us with stories we may never fully know. Here, they are **given safety, consistency, companionship**, and plenty of space to simply be themselves. They aren't here to perform or entertain—they are part of the Full Circle family.

There is something beautifully grounding about slowing down and entering their world for a while. You may find yourself standing quietly beside a horse, laughing at the goats, or simply watching the herd interact from across the pasture. They have a way of **reminding us about presence, boundaries, trust**, connection, and rest—often without doing anything at all.

Above everything, **this is their home first**. Interaction is always on their terms, and their well-being comes before the guest experience. Perhaps that's what makes connecting with them so special: when connection happens here, it isn't forced. It's chosen.

Unique Group Offerings

Forest Bathing & Tea Ceremony

\$45 per person / \$250 Private

2 Hours | 6-person minimum

Led by certified forest therapy guides, this slow, intentional immersion into nature invites guests to unplug, awaken the senses, and integrate everything they have experienced throughout the retreat. Gentle invitations, mindful exploration, and periods of stillness culminate in a grounding tea ceremony and shared reflection. It's especially meaningful on the **second day of a retreat** or **just before the closing circle**, helping guests process, reconnect, and prepare to transition back into everyday life.

For retreat hosts, these two hours offer something equally valuable: **permission to step out of facilitator mode**. While your guests are thoughtfully guided and supported, you can rest, reset, and simply observe your participants rather than lead them—creating much-needed breathing room for the person who has been holding space for everyone else.

“Whenever forest bathing is offered at Full Circle, and with the host’s permission, **I join the experience** myself. You might think that because I live here, **I’ve seen these woods a thousand times**—and I have. But there is **something completely different** about intentionally slowing down, **being guided to notice** what I normally walk right past, and quite literally stopping to “smell the roses.” There is something incredibly beautiful at the **closing tea ceremony** and hearing what each person noticed, felt, remembered, or discovered during the experience. Listening to those reflections fills my heart every time and reminds me why experiences like this matter so much.”

Lodging Options

When I created Full Circle, I wanted it to feel special and thoughtfully cared for, but **never so fancy that you're afraid to get comfortable**. This is the kind of place where you can **kick off your shoes**, curl up on the couch under a blanket with a good book, and truly **make yourself at home**.

The little comforts matter to us: every bed is made with **organic bamboo sheets**, our **bath towels are 100% cotton**, and each bedroom inside the main house has its own **individual AC unit, white noise machine, earplugs, and sleep masks** so guests can create the environment that helps them rest best.

We provide **shampoo, conditioner, body wash, and lotion**, and extra pillows and blankets are always available upon request. Our goal isn't hotel-perfect—it's warm, comfortable, intentional, and welcoming enough that you can exhale, **settle in, and feel at home** while you're here.

HOST TESTIMONIALS

JENNY ROBERTS

OWNER, BLISSASANA YOGA & BLISSFIT YOGA

I just hosted a Weekend Women's Wellness Retreat here & it was incredible! **Full Circle Retreats** had everything we needed for our ZENHike Retreat and then some! The owners Kim & Christina are warm, friendly and SO EASY to be around. Communication via email and phone before the retreat was quick & consistent. The owners were open to ideas and suggestions, just very chill, welcoming collaborative vibes. When the retreat came we felt the special energy of their sanctuary as it became a vortex for healing and peace for our retreat attendees.

TERRI LYNN CHAPLIN

INT'L BEST-SELLING AUTHOR,
CERTIFIED GRIEF COMPANION

I recently had the incredible opportunity to host my retreat at **Full Circle Retreat**, and I truly can't say enough good things about this beautiful space and the amazing women behind it. From the very first planning meeting to the moment we wrapped up, Christina and Kim were fully present and deeply committed to helping me bring my vision to life. They didn't just support me, they partnered with me every step of the way, consulting on every single detail and ensuring nothing was overlooked.

LAURA GOTLIN

REIKI MASTER, VETERAN RETREAT HOST

I hosted a women's wellness retreat at **Full Circle Retreats** in January of this year (2025). From the moment I arrived, I felt welcomed and supported. Christina and Kim have truly created a space that is both grounding and expansive. Every detail of the space has been clearly crafted with care and intention.

They also have a gift for holding space in a way that feels deeply authentic and inclusive. It's a retreat space that invites you to come home to yourself.

I wholeheartedly recommend Full Circle Retreats to anyone looking for a meaningful, heart-centered experience. I'm already looking forward to the next one I've scheduled for January 2026!

JILL BRIANSKY

VETERAN RETREAT HOST

I just returned from an incredible weekend at **Full Circle Retreats** and wow, what an experience! The land itself is pure magic, but it's the owners who truly make it special. Their love and care for the land, animals, and everyone who visits is evident in every detail. From the moment you walk through the door, you're greeted with a sense of belonging, as if you're wrapped in a warm, welcoming hug. If you are looking for a space to be in the present moment and truly relax, this is definitely it!!

DR. SALLY NAZARI

LICENSED PSYCHOLOGIST, 500 RYT

From the moment we arrived at **Full Circle Retreats**, it was clear we had stepped into somewhere truly special.

Every inch of the property radiated peace - from the serene forest surroundings to the thoughtful, heart-centered spaces they've created for reflection, healing, and connection.

Christina and Kim went above and beyond in every possible way - not just providing a beautiful venue, but welcoming us with such warmth, care, and genuine love for what they do. Every detail, from the immaculate spaces to the nurturing touches (and the wonderful energy of the land itself), made it easy for our retreat participants to relax, open up, and experience deep transformation.
