EQUINE ENERGY SESSIONS

NATURE-BASED RETREAT VENUE
& COLLABORATIVE PARTNER FOR
FACILITATORS

Founded in 2023, Full Circle Retreats emerged from the transformative journey of creator Christina Baker, who found herself at a unique professional crossroad. Determined to rediscover her truest and highest self, she embarked on a journey of self-discovery, consulting with intuitive healers, immersing deep into literature, and seeking solace in solitude and nature. Her vision was to craft a serene haven nestled in nature—a refuge intuitively designed for guests to unwind, rejuvenate, and reconnect with her authentic self.
