

FOAM ACID CLEANER FP

This product is a concentrated foaming acid cleaner based on a blend of phosphoric and sulphuric acids. It is ideally suited for use in food plants and other industrial applications.

It will remove hard water scale build-up and restore cleanliness and brightness to stainless steel parts and surfaces.

The use of this product should be preceded by cleaning and degreasing with a proper alkaline cleaner to remove organic soil.

DIRECTIONS: Dilute product as required with water and apply with a sprayer, brush or by soaking. The solution may also be circulated through pipelines and coils.
