

PN-60 NO FOAM ACID CLEANER

This product is an extra concentrated non-foaming acid cleaner based on nitric and phosphoric acids. It is ideally suited for use in food plants and other industrial applications.

It will remove hard water scale build up and restore cleanliness and brightness to stainless steel parts and surfaces.

Directions for Use:

Clean and degrease with a proper alkaline cleaner to remove organic soil before applying product.

For regular scale removal and prevention, dilute the product 1:20 to 1:50 with water. For removal of built up scale and deposits, dilute the product 1:5 to 1:10 with water. Apply with a sprayer, brush or by soaking.

Less product may be used for regular maintenance.
