

Attachment D: Project Area Map

The *Empowering Ahtna and Copper Basin Communities: Advancing Sustainability, Workforce Development, and Climate Resilience* Project Area Map shows Census Designated Places (CDPs) for AITRC's participatory federally-recognized Tribal communities: Cantwell, Cheesh'na (Chistochina), Chitina, Gakona, Gulkana, Kluti-Kaah (Copper Center), Mentasta [Lake], and Tazlina. The Area Map also shows CDPs for three neighboring communities: Glennallen - the proposed project location (Inset A), the current AITRC location (Inset B), Glennallen Schools and Prince William Sound College - Copper Basin Extension Campus (Inset C), Slana - Slana School (Inset D), and Kenny Lake - Kenny Lake K-12 School (Inset E). The communities are part of three census blocks (IDs: 020660001001, 020660001002, and 020680001002) on the EPA IRA Disadvantaged Communities map, which span over 36,000mi². The location of the Environmental and Food Security Complex is highlighted in inset A, as well as within the community site plan. Detailed EJSscreen Community Report data for each CDP shown above can be found on the following interactive web map application: [Attachment D: Project Area Map](#) (once in the map application, simply select the CDP polygons to examine the data).
