

CVE 2023 Pricing for COOCVE Group Purchase Program

We have broken down the termite pricing structure to 3 main building types to be used for the proposal for the 2023 year. This does not cover for fumigations (tenting) of the buildings and will be priced accordingly if the HOA chooses to do the fumigation instead of the direct liquid treatments. Thank you for this opportunity and we look forward to working with you in the near future. There is no cost for inspections. There may also be a "90 days same as cash" payment option available. (pay within 90 days-no interest).

4 story buildings:

Drywood Liquid \$20,125 initial and \$2,415 renewals

Subterranean Bait (with activity) \$5,665 initial with \$849 renewals

Subterranean Bait (without activity) \$2,195 initial and \$650 renewals

2 story building (straight):

Drywood Liquid \$4,806 initial with \$576 renewals

Subterranean Bait (with activity) \$2865 initial with \$429 renewals

Subterranean Bait (without activity) \$1295 initial with \$350 renewals

2 story building (3 section):

Drywood Liquid \$6200 initial with \$744 renewals

Subterranean Bait (with activity) \$4,453 initial with \$667 renewals

Subterranean Bait (without activity) \$1695 initial with \$500 renewals
