2. Only fresh, home-grown flowers can be used in the vase.
3. The display will be judged out of a total of 35 points, split into: 25 points for the colour, form, condition, quality and freshness of the flowers on display, and 10 marks for the overall presentation and effect of the flowers in the vase. The vase will be viewed from all directions. Judging of the flowers should be to the normal rules used for other classes.
4. Stems used in the display must be showing flowers only. No seed heads or berries will be allowed.
5. No accessories whatsoever such as bows and additional foliage will be allowed. Foliage which is growing naturally from the flowering stem and still attached to that stem is allowed.

NOTES FOR EXHIBITORS AND JUDGES

- Flowering stems can be taken from ANY flowering plant.
- The different kinds of plants need to be taken from different genera. For instance, pinks, carnations and sweet william, which are all dianthus, would not be classed as different kinds.
- This class is open for anyone to enter and Judges should use their discretion when judging the class.
