

EV CHARGING **FOR YOUR BUSINESS**

***ATTRACT CUSTOMERS WHO SPEND MORE
& STAY LONGER***

MAKE YOUR BUSINESS *A STOP THAT LASTS*

Remaining ahead of the curve in amenities is vital to customers choosing your business in everyday life and in their car journey. Implementing EV charging stations will not only add value and accessibility for your customer-- but also offer financial return for your property. Shoppers in the U.S. make an average of 1.6 trips to the grocery store and an average of 1 trip to a convenience store each week. There are more than 2 million electric vehicles on the road today, and their popularity is taking hold – 45% of new car sales could be electric by 2035. ***Charge Forward with us.***

WHY PYRAMID?

Accountable - we have managed telecom and renewable assets and infrastructure for 27 years.

HOW EV CHARGING

ELEVATES YOUR BUSINESS

Achieve your sustainability goals and attract new customers to your business by installing EV charging stations.

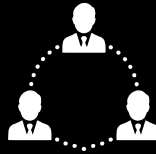

A commercial EV charging station attracts new customers to your business and offers a solution for customers to shop while charging.

Level 2 chargers can replenish the same 40 mile average daily commute in less than 2 hours.

ATTRACT

Electric vehicles accounted for close to 6% of all automotive vehicles sold in 2022. this is a 4% growth from 2021. The number continues to grow.

APPEAL

EV drivers' typical income is 2X the national average. This means they'll frequent your business if you give them a place to charge.

ESTABLISH

Show your customers that you are ahead of your competitors and committed to sustainability.

QUALIFY

Qualify for local and state incentives and rebates. Our team is equipped with the knowledge of where and how to apply for rebates.

GENERATE

We are charging station agnostic. We will install the charging station(s) tailored to your guests. Some partnerships offer passive income with their chargers.

CONVENIENT RETAIL

Our EV Charging stations are safe and reliable stations that can withstand weather elements and give your guest a fast & reliable charging experience while the shop.
