

## EV CHARGING FOR YOUR MULTI-FAMILY RESIDENTIAL COMPLEXES

### BENIFITS OF ELECTRIC VEHICLE CHARGING STATIONS FOR MULTI-FAMILY COMPLEXES

- Attract and retain tenants with EV Charging as a Green Community Amenity.
- Every Electric Vehicle Charge provides revenue stream for your company.
- Keep prices low and the installation process streamlined by supplying the most durable charging stations.
- Coordination with electricians, contractors and provide ongoing direct customer and technical support before, during, and after station installation.

### WHY US?

- **Accountable** - we have managed telecom and renewable assets and infrastructure for 27 years.
- **Loyal** - we care about your community and residents. We tailor solutions to meet your needs and are charging station agnostic.
- **Agile** - we are licensed to work in 49 states, debt free and strategically staffed.
- **Efficient** - we are a connected, established and leading provider for the training, install and support services that your business needs.
- **Strategic** - we scale with purpose and provide effective solutions to your business.

***Increase public charging opportunities by installing Electric Vehicles Chargers in your complexes. Residents and visitors look for opportunities to stop and charge their Electric Vehicles while on your property.***

***Many government entities, states, and utility companies offer rebates, grants, and tax credits to multi-family residential complexes looking to electrify.***

### HELPING YOUR MULTI-RESIDENTIAL COMPLEXES CHARGE FORWARD

### HOW WE SIMPLIFY:

- We build and install charging stations that are tailored to your multi-family residential complex, team and residents.
- We know where and how to apply for rebates, so your out-of-pocket costs are less.
- We are charging station agnostic.
- Each install matches your objective and needs.
- We help you navigate the regulatory and permitting environment so you don't waste valuable time and money.
- We train and empower your team on equipment, standards, and compliance codes.
