Marketing Management

Onsite Course

SYLLABUS

Credit hours: 4.5

Contact/Instructional hours: 45 (45 Theory Hours)

Prerequisite(s) and/or Corequisite(s):

Prerequisites: EN3220 Written Analysis or equivalent, MA3110 Statistics or equivalent

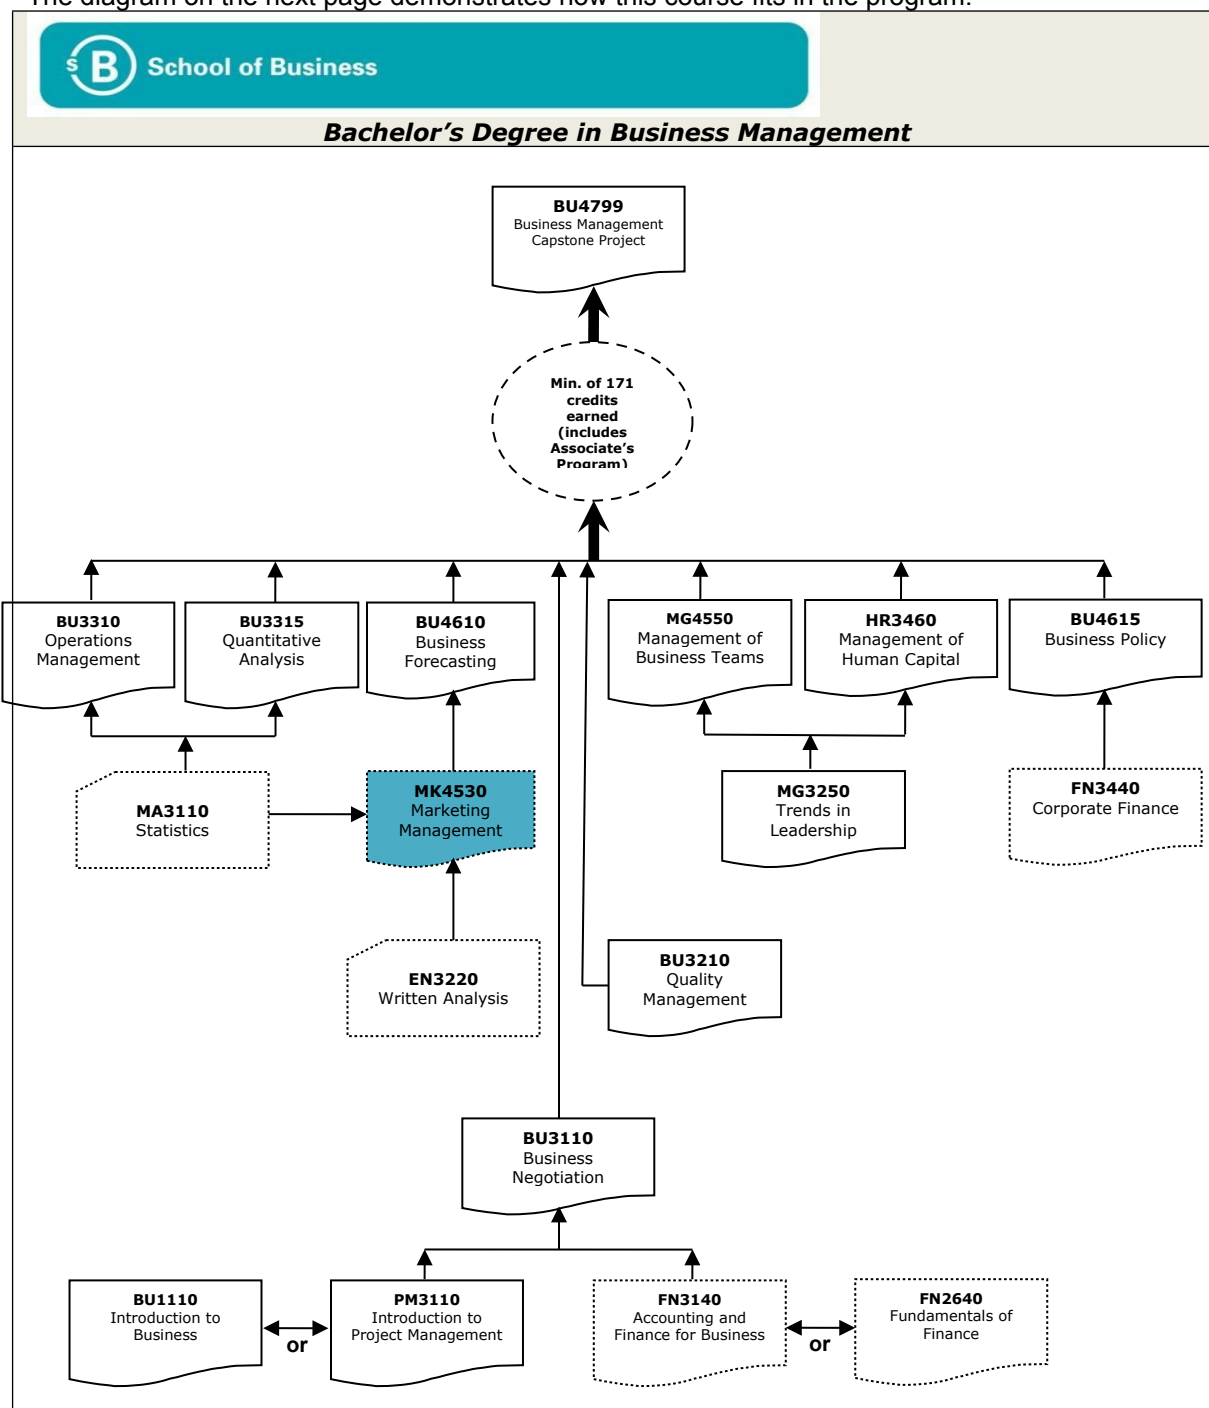

Course Description:

This course presents perspectives of marketing management and the role of the marketing manager in the organization. Students will review structure, attributes and processes of a knowledge-based enterprise. Focus is on the design and implementation of marketing/sales systems, measuring outcomes, impacts, and benefits of marketing strategy and tactics. Students will review the management of information and knowledge in organizations.

Where Does This Course Belong?

This course is required for the Business Management program and it is a core course. The content area is a management focus in the School of Business. This program exposes students to fundamental knowledge and skills utilized in entry-level business positions. Students are exposed to a variety of concepts in marketing, sales, accounting, communications, finance and management. Students are also exposed to teamwork concepts, technology, and problem solving.

The diagram on the next page demonstrates how this course fits in the program.

Course Summary

Major Instructional Areas

- Product life cycle
- Break-even analysis
- Supply chain
- Integrated communications
- Marketing audit

Course Plan

Suggested Learning Approach

In this course, you will be studying individually and within a group of your peers. As you work on the course deliverables, you are encouraged to share ideas with your peers and instructor, work collaboratively on projects and team assignments, raise critical questions, and provide constructive feedback.

Use the following advice to receive maximum learning benefits from your participation in this course:

DO	DON'T
<ul style="list-style-type: none">▪ Do take a proactive learning approach.▪ Do share your thoughts on critical issues and potential problem solutions.▪ Do plan your course work in advance.▪ Do explore a variety of learning resources in addition to the textbook.▪ Do offer relevant examples from your experience.▪ Do make an effort to understand different points of view.▪ Do connect concepts explored in this course to real-life professional situations and your own experiences.	<ul style="list-style-type: none">▪ Don't assume there is only one correct answer to a question.▪ Don't be afraid to share your perspective on the issues analyzed in the course.▪ Don't be negative about the points of view that are different from yours.▪ Don't underestimate the impact of collaboration on your learning.▪ Don't limit your course experience to reading the textbook.▪ Don't postpone your work on the course deliverables – work on small assignment components every day.

	Exam	Unit 11 Final Exam	10%

Note: Your instructor may add a few learning activities that will change the grade allocation for each assignment in a category. The overall category percentages will not change.

Evaluation and Grading

Evaluation Criteria

The graded assignments will be evaluated using the following weighted categories:

Category	Weight
Assignment	25%
Project	30%
Presentation	15%
Research Paper	10%
Quiz	10%
Exam	10%
TOTAL	100%

Grade Conversion

The final grades will be calculated from the percentages earned in the course, as follows:

Grade	Percentage	Credit
A	90–100%	4.0
B+	85–89%	3.5
B	80–84%	3.0
C+	75–79%	2.5
C	70–74%	2.0
D+	65–69%	1.5
D	60–64%	1.0
F	<60%	0.0

Academic Integrity

All students must comply with the policies that regulate all forms of academic dishonesty, or academic misconduct, including plagiarism, self-plagiarism, fabrication, deception, cheating, and sabotage. For more information on the academic honesty policies, refer to the Student Handbook and the Course Catalog.
