

Benefits

"After researching every option to cover my concrete garage floor, it was obvious to me that Swisstrax was the way to go! Easier to install and maintain than epoxy and no other tile company came close to their quality!"
- Ken

"Super easy to maintain, looks amazing, and also really easy to put cars on it, and doesn't fall apart when you turn the wheels. We needed something that was efficient, easy to use, and easy to clean."

"After seeing the issues my friends were having with epoxy after just a few years time - delamination issues, fading issues, being super slippery when wet - none of which are problems with SwissTrax."

- Brian

"The hot tires would have caused problems where they sat on my epoxy floor. I ordered Swisstrax after reading about them for our new house in Texas. No more tire spots and the floor looks great!"
- Robert
