

## MYSPRAM Investor Survey on Alternative Energy Solutions

### 1. Who We Are - MYSPRAM

1.1 We are a research company specializing in alternative energy. We develop innovative technologies allowing limitless energy multiplication using minimal available resources.

1.2 Our goal is to provide sustainable and highly efficient solutions at competitive costs, contributing to the needs of various industrial and commercial sectors worldwide. If you are interested in investing or collaborating with us, please complete this survey to help us better understand your requirements.

1.3 Available Power Stations:

- a) **Multiplied Stations 300%:** In case of requesting a mobile station from 500 kW to 1000 kW
- b) **Multiplied Stations 500%:** In case of requesting a Power station more than 1 MW.

1.4 Cost per kW:

- a. Less than mega Stations: Between \$1,350 to \$1,500 per kW
- b. More than one mega station : Between \$1,200 to \$1,350 per kW, depending on energy capacity.

## The survey

1. Personal and Professional Information
  - a. Full Name:
  - b. Country:
  - c. Entity Represented (Company/Organization/Government/Other):
  - d. Job Title:
  - e. Contact Information (Email - Phone)
2. Energy Needs and Investment
  - a. What is your current available energy capacity? (in kW or MW)
  - b. What is the target energy capacity you wish to achieve?
3. What is the primary objective of increasing your energy capacity?
  - a) Powering factories or industrial facilities
  - b) Supporting innovative city projects or infrastructure
  - c) Providing energy to remote areas
  - d) Other (please specify)
4. What is the maximum expected investment for this project?
  - a) Less than \$500,000
  - b) Between \$500,000 and \$2,000,000
  - c) More than \$2,000,000
  - d) Not yet determined
5. Are you using alternative energy sources (Solar - Wind - Magnetic - Other)?
6. What are the main obstacles or challenges you face in increasing your energy capacity?
  - a. High cost
  - b. Lack of available technology
  - c. Regulatory or governmental constraints
  - d. Other (please specify)
- 7. Collaboration and Expectations**
  - a. Are you looking for a ready-made solution, or do you require customized solutions based on your needs?
  - b. What is your expected timeline for project implementation?

- c. Less than 6 months
  - d. Between 6 - 12 months
  - e. More than **1 year**
8. Do you have any specific technical or legal requirements to consider?
9. Would you like to receive a preliminary financial and technical proposal for your project?
- a. Yes
  - b. No

**Thank you for your participation!**

We will review your responses and contact you soon to discuss the next steps.
