VERY REVEALING NUMEROLOGY SECTION

by Miss Libra from Canarsie

Did you know all letters are also numbers? A = 1, B = 2, ... Y = 25, and Z = 26. I, Miss Libra, understand this completely.

To find a word's *alphanumeric identity*, take its letters and *add up their numbers*. This total is its identity, from which you can interpret cosmic meaning. However, only I, Miss Libra, can make this interpretation.

I, Miss Libra, will now interpret the Five Boroughs.

B R O N X
 $2 + 18 + 15 + 14 + 24 = 73$

B R O O K L Y N
 $2 + 18 + 15 + 15 + 11 + 12 + 25 + 14 = 112$

M A N H A T T A N
 $13 + 1 + 14 + 8 + 1 + 20 + 20 + 1 + 14 = 92$

Q U E E N S
 $17 + 21 + 5 + 5 + 14 + 19 = 81$

S T A T E N I S L A N D
 $19 + 20 + 1 + 20 + 5 + 14 + 9 + 19 + 12 + 1 + 14 + 4 = 138$

Because the Five Boroughs also exist as a family, I, Miss Libra, must now delve deeper into their identities, so that I can interpret the cosmic nature of their relationship. *We live in an interconnected universe.*

Oh my, the universe is now directing me, Miss Libra, to *divide* each identity *by the number of letters*. and that this will reveal to me what I'm seeking. *Oh the universe will always lead us to truth!*

BRONX = 73 divided by 5 = 14.6

BROOKLYN = 112 divided by 8 = 14.0

QUEENS = 81 divided by 6 = 13.5

STATEN ISLAND = 138 divided by 12 = 11.5

MANHATTAN = 92 divided by 9 = 10.2

*I, Miss Libra, can now see the order of their
cosmic importance to the City of New York!*

The universe has revealed to us that *The Bronx* is the most important borough of New York City. Oh I, Miss Libra, can see this so clearly now!

I, Miss Libra, can also see that earthly bias led us to believe Manhattan was truly the most important borough of New York City, but oh yes, the cosmos has indeed revealed to us the higher truth!
