

Dear Community Neighbors and Fife and Drum Friends,

As you may know, every year on the third Saturday of July the town of Deep River, CT welcomes fife and drum enthusiasts from around the world to take part in the Deep River Ancient Muster. This year, the date is July 15, 2023. This muster is the oldest and largest fife and drum event in the world and is open to participation by fife and drum corps from all over the United States as well as from other countries. This event is a huge undertaking with substantial costs involved. We are asking for your help in this by placing an advertisement in our 2023 Deep River Ancient Muster program. The DRAM programs are distributed to businesses who place ads and are also handed out, at no cost, to spectators and participants attending the muster. Many of those who attend are in town for the weekend.

Please see the 2023 Ad booklet webpage for pricing. If you would like to place an ad, please contact us via the following methods:

MAIL - Mail your check (payable to DRAM, Inc.) and "ad copy" to
