

15KW Rental Electric Heater

Dayton/Fostoria FES-1524-3E

Clean, Instant, Odor Free Heat

Provides you with clean, instant, odor-free heat and is mounted on a cart to ease transport. Features 3-position switch: Off/Thermostat Control/Continuous On, with setting for fan-only operation. Automatic overheat protection. Turbo-flow design helps increase airflow, projects heat to greater distances, and provides quieter operation.

Safety Features

- Long life finned tubular heating elements
- Safety yellow heater enclosure with safety screens on both air intake and output openings
- High limit thermal cutout switch
