

Code of Conduct

Please go over these rules with your family.

- Treat others with respect. Kindness goes a long way. Children who are physical with others or bullying in nature may be asked to leave the group with no refund - upon the leader's discretion.
- Treat nature with respect. Don't destroy living things (including plants). Be aware of messing up animal homes. Do not scare or endanger animals or insects.
- Don't go off without a buddy. Anytime you're exploring, you must take someone with you and let your parents know where you're going.
- Don't leave trash behind. Leave nature as you found it.
- Report any issues to your group leaders.
