

## Johnny Jack's Political Attack

**ILLINOIS**, Land of Lincoln, - Home of political bullshit that sure is stinken, Government fraud and Political Cons, -run our state like driving drunk, on the Autobahn. Caring not, what real citizens want, filling their bellies, - dumping waste in their swamp, Hard earned taxatives, for government pigs, used as lazy ass laxatives, We need the guys back with the wigs, Illinoisan's, giving up, A CONSTANT SHAKE DOWN, - we're FED UP. Chicago politicians, - a political mob, -demanding everything YOU OWN, - including your job, Padding their pockets, from legalized workers, furthering their agendas, what a bunch of pocket jerkers, Sanctuary state, my fucken ass, -just need Hispanic votes, - the BLACKS have amassed, Who they vote for - who's their new Token - Sorry ILLINOIS MASTERS - the BLACKS have awoken. Shot in the street, Mayor never cared, - look who's running now, -Emanuel scared. Time to duck out, before he's in jail, Blu goya evich was hoping, - for a piece of that tail. Show him the ropes, - maybe his snail, -a CHICAGO DEMI homecoming party, - about to unveil. But the prize possession, of Illinois politicians, was Obama as president, the Dems were on a mission, To destroy and dissolve, the fabric of our divisions, THAT'S WHAT MADE THE U.S. GREAT, NOW THEY'LL MAKE YOUR DECISIONS. They almost succeeded, and much work must be done, Thank GOD for **TRUMP**, in a way like GODS SON, SAVING OUR FREEDOMS, ONE BY ONE, Protecting **AMERICANS**, and for that, he has WON.

My state is sinking, slowly going down, 52 YEARS here, thinking of leaving town. We have dumbass Dicky Durbin, and had a RYAN in jail, now its Pritzker the pig, same book, just- rewriting the tale. A man so rich, 20 toilets wouldn't suffice, declared his home inhabitable, a tax loop hole device. How much money you need, you trust fund glut, searching for more GOLD, running our state into the muck. The list is never ending, with shady Daley too, throw in all the Alderman, who get kick backs in lieu, of allowing honest people, and work to go through, your all a bunch of A-HOLES, time to -expose all of you. Let's not forget, the MIKE MADIGAN MACHINE, cronies must comply, or positions will be redeemed, follow my rules, or risk political castration, Illinois- new order, instilling a democratization. 1 term Rauner, convincing red hot voters, Sanctuary state now, smells like Trojan horse odors. One after another, destruction of state, stop paying taxes, it's time to abate. Why pay in, work my fingers to the bone, I'm not paying for an illegal voter throne. You want them in, politicians flip the bill, open your 20 room mansions, stuffing them to the gill.

Mayor of Chicago, the Crooked County election, seeking more tax revenue, will tax the suburban section. Lori Lightfoot, misconduct nominee, against Toni for Mayor, first in history, why won't someone run, with a sense of urgency, help us PLEASE, we're begging you from our knees. Tax happy Illinois, Soda pop Preckwinkle, if we can't tax Toni's Sodi, we'll just tax your tinkle. This is the mindset, of Illinois politicians, one after another, constructing ridiculous partitions, Dividing wealthy and poor, like HUGE steam rolling machines, squeezing out the middle class, and the **AMERICAN DREAMS**. Our real-estate taxes, highest in the nation, never owning our property, only renting from Dem-nation. Illinoisans pay in, as they redistribute the fund, proportionate to voters, re-elect me or your done. I'm sick of this state, I'm fed the FUCK -Umpt, THE LAST MAN STANDING, **THANK GOD FOR PRESIDENT TRUMP**.

smallet accusing **TRUMPERS**, of deplorable hate crimes, Fox's secret hearings, jessie freed in no time. Links to Obama, and Michelle's former advisor, the more we dig down, truth shines none the wiser. We know what you're doing, and can't wait for the day, when these sacs of shit, shack up in the Penal Extended Stay.

Illegals pouring in, running amuck, raping and pillaging, what the fuck? They can drive steal vote, rape hurt, and murder, I can't celebrate my own race, I'm a white fucken nerder. Keep quiet, and hold your Caucasian tongue, were too old, too white, Pelosi "captures" the young and dumb. A Californian nut job, not from around here, - Dems pack together with media campaign to smear. ABC and NBC, CNN and Zuckerberg, censoring everything, =Zuckerberg's just a turd. He looks like a lizard, in human apparel, someone please smash his face, not my king, not my pharaoh. Omar and Cortez, elections to steal, Obamas illegal voter placement, just

sealing the deal. AMERICANS losing everything, and all we have work for, let's go back in history, get on your knees, and do those chores. Work for the Demi-elite, your new be master, do what they want, if you're lucky NOW, -----they'll abort you before you become a bastard.

These reason and more, we fled your bullshit before, WE'RE TAKING OUR COUNTRY BACK , BECAUSE LADY LIBERTY, WE ADORE. Original ancestors, wanted freedom USA, left everything behind, and came in the legal way. Some lost their lives, on a rickety boat, wanting a better life , across that giant mote, Away from the Tyranny, and living in such fear, You were horrible then, now we have you here, This time around ,WILL BE DIFFERENT YOU HEAR, WE'LL FIGHT TO THE END, AND WIN, WE WILL CHEER. We've told you before, you Dems just can't hear, like a cancer growing back, somehow you appear. Go start your own fucken country, THIS IS THE LAND OF THE FREE,

Maybe a piece of California, hoping it breaks into the sea. Next to your new voters, and your new slaves to be, everyone will be watching, the inevitably. Send every fucking illegal , to CAL—A-----FORN---I-----A, final stop Pelosi's house, fuck off and adios We'll say.

You'll never take our guns, and our right to bear arms, GOVERNMENT'S CONTROL WHEN THEY BEGIN TO DISARM. For this time around, another war will be waged, and from here on out, We'll WRITE THE PAGE. Our sacred constitution, will be left the fuck alone, it was put in place, to protect our precious throne, for we our the government, the AMERICAN people, UNDER our GOD, and HIS beautiful steeple. Our governments misinformed, to the extent of their powers, forgetting people make the rules , AMERICANS empower, Those who abide, to our forefathers exploring, the constitution of AMERICA, this is your last warning. Enough is enough, the waste must stop, AMERICANS PISSED OFF, WE'VE REACHED OUR TOP, Hilary and OBAMA, AND ALL must go to jail, for AMERICAN PEOPLE TO TRUST AGAIN- OUR GOVEREMNT VAIL. The media to be sued- for BILLIONS of dollars, then reimburse real AMERICANS FOR OUR AMERICA they squalor. Soros and the like – treated like enemies of state, to be captured and tried, along with the judges they paid. All involved, that compromised our freedoms, sold out our states , our country, our legion, must be brought to justice, A,S,A,P, or American's will reunite , and take back our democracy.

I propose a NEW MEDIA CONGLOMERATE- ONLY TELLING THE TRUTH, -TRUMP CEO, WILL SPEAK TO THE YOUTH, and true AMERICANS who love WITH GLORY, people who fought and died , always remembering their story, Our Grandfathers and Fathers, working fingers to the bone, Our Grandmothers and MOMS, they are our throne. They built this country up, and will always be our idols, for these are our immigrant forefathers and loving Mothers, a real AMERICAN TITLE, The Hollywood select, the ONLY ones that are true, will all be part of this media , that will tell the TRUTH TO YOU. Will level the playing field, a two-sided booth. we've always heard the fake , ITS NOW TIME FOR THE TRUTH.
