corner page.

T's Shop Talk

Hello Model T Friends and Family:

This month, there isn't a President's report, so please take a moment to check out the upcoming events listed in the column on the left.

I've heard wonderful feedback from the Cadence Car Show in October and it sounds like the Model a Picnic was a fantastic time for everyone in attendance.

A friendly reminder: **elections are coming up this month at our monthly meeting on November 12th**. We need volunteers to fill some open positions to help keep our club running smoothly.

Wishing you all a fabulous November and hopefully a chance to enjoy this cooler weather...finally! So happy Mother Nature finally decided to look at the calendar and realize that it was broaching into November! I was really over the scorching summer months.

Have a good one,

Karen

It's that time of year to renew your membership in the Southern Nevada Model T Club.

SNMTC Dues are \$30

Make checks payable to SNMTC – Please, do not mail cash

1000 N Green Valley Pkwy

November 2024

Open Forum to Discuss Old & New Business: This part of the meeting was used as an open forum to discuss ideas to revisit in future meetings.

1. Breakfasts will be only twice a month, see schedule above.
2. Regarding moving the Meeting to Saturday breakfast because many members aren't able to drive at night has been looked into and at this time the N. Las Vegas Airport doesn't have any place to meet, other locations are being researched, however we will continue to meet at Winchells the second Tuesday of the month at 6:00 pm for dinner and meeting to follow.
3. Recruitment will be every other Saturday at Cars & Coffee on Eastern & Serene which opens at 6:30 AM, usually running from 7 to 9 AM on Saturdays. Please bring your cars and join in.
4. Regarding the electric Model T Project since that seems to be the wave of the future to gain more exposure and maybe attract younger members. Looking for members interested in this project and/or someone to donate a car and a shop to work in.
5. It was suggested maybe combining the Model T and Model A Clubs because they are all old Fords and if everyone felt that was an option.
 - A. Dale Rausch reported she talked to Model A National Office (MAFCA) and they were non-committal on the topic, but it's not encouraged. The Model A Club has concerns about combining the clubs because of the differences in the vehicles for tours and workshops.
 - B. Ron Custer spoke to the Model T National Office (MTFCA) and they didn't have any issues with it. However, we would have to have 50% of the members signed up with National to be considered a Club and have insurance.After the reports, Griff suggested keeping the Model T & Model A Clubs "Socially Friendly" was probably the best idea at this time.

Griff asked about maybe having an associate membership for just 'friends' of the club. Ron stated we already have "Heritage Members" which accomplished this already.

Ron stated approximately a third of the club members reside out of state, another third pay their dues but don't participate. Only about a third of our members are active.

50/50 Drawing: N/A

Next Meeting: November 12, 2024 at Winchell's

Reminder: This meeting will be nominations for Next Year's Officers.

Meeting adjourned: at 7:35 pm.

November 2024

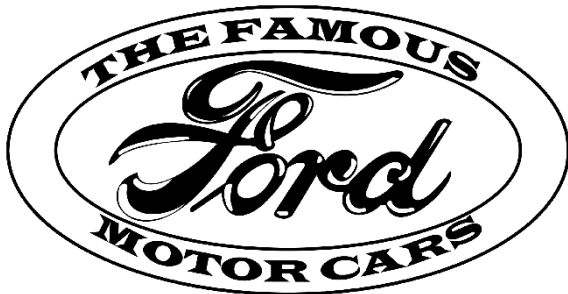

Last month, I enclosed some scans from my 1917 Service Motor Supply Catalog out of Chicago. Just to recap from last month the catalog has nearly 150 pages

of accessories made for numerous automobiles but, like most accessory catalogs of the day the majority of the accessories were for the Model T Ford.

Well, I thought I'd include a couple more pages from this same fascinating catalog. Some of the accessories found on these two pages include a universal accelerator for foot control, an unusual water circulation pump (out of the hundreds of different style Model T water pumps this is one that I've not seen) and a water injection system to decarbonize your engine just to mention a few.

These old accessory catalogs have a wealth of information on ways to make your automobile run more efficiently or as in some cases just a gimmick to get you to spend more of your hard-earned money!

Yup, more accessories for the Accessory Corner from a 1917 accessory catalog!

Member Request

Member Mike Anderson is looking for steel wheels for his 1925 Model T Coupe.
You can reach him at 507-381-2703

"SNAPS"

Figure It Out for Yourself

Compare what you owe with what is due you--then how do you stand.

Isn't it better to buy for cash and know where you are every minute, than it is to pay more money for the same goods and get 30 days credit?

We can sell cheaper for cash because we have no bad accounts to collect--we have no bookkeeping expense and we eliminate a multiple of other expenses that are necessary in the operation of a credit business.

Figure it out for yourself. Pay cash for what you buy and you will not only save money, but what money you have in the bank will belong to you. That's the successful way to do business.

Selling only for cash permits us to sell at such low prices!

Defiance Gasoline Primer

Fits All Cars

Wonderful Seller

For All Cars

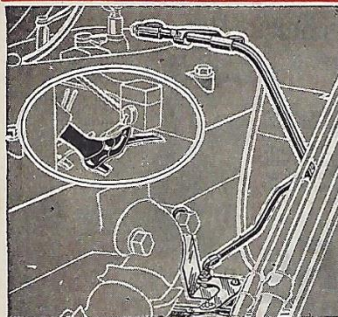

Retails For

\$3.50

Order Six To-Day

This "Defiance" Gasoline Primer brings great convenience to its friends. A few strokes of the primer pump draws up gasoline and injects it into the manifold--comes complete for installation on dash of any car. Finished in brass. Order liberally as other jobbers have raised their price to \$1.50.

6 FOR \$7.70

UNIVERSAL ACCELERATOR For Fords Will Bring You Double Profits

Our Prices Lowest Ever Made

Increases mileage per gallon by not racing the engine. Frees drivers hand to operate steering wheel, brake, etc.

No jobber ever before sold the Universal Foot Accelerator under 50c. They usually sell for 75c. Our enormous cash purchasing power got these accelerators at a very low price, consequently we can sell cheaper. At the price we ask for this accelerator, you can undersell competitors and make big profit. Each outfit is brand new, bright and clean. Comes packed in a neat box with full directions for attaching.

"SERVICE" WATER CIRCULATOR For Fords Prevents Ford Motor Overheating

Be Ready For Hot Weather Demands

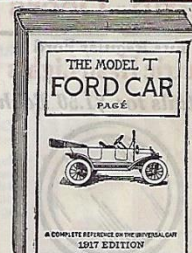

In buying the surplus goods of an overstocked specialty manufacturer, we secured several thousand of these "Service" Water Circulators for Fords, at a price below the cost to manufacture. We are turning them over to you at a small margin. When you realize that these circulators always retail for \$7.50 you can see we are underselling our jobbing competitors. Prevents radiators boiling or steaming. This circulator keeps water constantly flowing while the motor operates. Made of aluminum. Complete with hose, belt, pulley, and directions. **RETAILS FOR \$7.50**

Stock No. 22901

4.85 Complete

Ford Repair Instruction Books

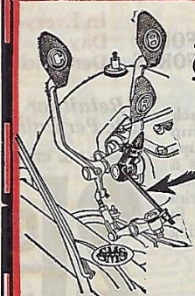

This book will be in greater demand than ever before--now. Model "T" is getting old--instructions also suitable for new 1917 model. Tells how to make all repairs. Explains everything in detail, 288 pages--profusely illustrated. Cloth binding.

You Can Make Big Profits On This "S.M.S." Clutch Release FOR FORDS

Stock No. 62501

29c Complete

12 for \$3.40

Retails for \$1.00

Our success is due to our ability to give you profitable merchandise on which you can make big money. This clutch release is a big seller and a bargain. Other jobbers ask 40c to 50c for it.

They enable drivers to operate both clutch and brake with the brake pedal. Clutch is automatically released before brakes are applied, preventing wear and damage to car. Parts are malleable iron and cold rolled steel. Easily attached to car with screw driver.
