**PRESIDENT REPORT**-Tom reported that the club got all their money back from Sunset Park . The new place for our October 23, 2021 picnic is Vivaldi Park in Henderson. Tom passed around authentic old ads given to the club from Steve Ellefson. The club will decide at a later date what to do with them, but everyone decided that we could accept more. The Goldstrom's flyer was sent around for their show. Discussion was held on a tour of Nelson and Death Valley. A motion was made and passed that it will be better discussed after the first of next year in January or February, to be held after the cold but before it gets too hot.

**VICE PRESIDENT REPORT**-Izzy wanted all the officers to know how much they are appreciated for all their work.

**JUNIOR AMBASSADOR REPORT**-Carson reported on the Tucson tour, how he rode down with Denny and in Steven Chase's 1915 touring car and many other cars. He also drove a Model A and drove it onto the trailer, after looking up on YouTube how to drive a Model A! The group also toured the Franklin Museum and wildlife preserve near Tucson. The group took a 27 mile potholed dirt road to Tombstone. A photo shoot was done there that will be featured in the next Vintage Ford magazine! He was gone a week, but then Denny was hospitalized and Carson got a ride to Buckeye Inn from Ray & Nancy and was picked up there from his Mom. (Yeah Mom!!)Carson also worked out the problem on his Dodge, and may have it running by the Halloween tour. He still needs a gas tank.

**SECRETARY/TREASURER REPORT**-Cheryl reported that she and Terry met with Rachel Hemmer Hughes from the Model T Ford Club of America during their trip to see the museum in Richmond, IN recently. They discussed the future of the Explorer's Club and the possibility of dividing it into 2 clubs, one for younger kids being introduced to Model T's, and one for young adults that are actively working on Model T's. Cheryl also reported that Caesar's Forum is looking for Model T's to rent for display for 8 days next year. The October treasurer's report was read and approved.

**NEWSLETTER/HISTORIAN REPORT**- Terry reported that the November newsletter will feature our tour of the Model T Ford Museum of America, along with the newer annex building. You'll hear about the train tour at Dan's place and the Cadence Car Show that featured four of the member's cars. Terry told of how their car was featured at the Discovery Children's Museum and what a terrific reception it had, along with the Model A Club cars for the Roaring 20's fundraiser. It was voted and approved not to have a December newsletter.

**WEBMASTER REPORT**-Ron was absent, but he says the website continues to have lots of interest.

**MEMBERSHIP REPORT**-Margie was absent, however the officers agreed that the same people holding offices currently be re-instated for 2022. It was voted and passed.

**TOUR MASTER REPORT**-John was absent, but it was discussed that **starting in November** there will be a new format for the Saturday breakfast tours. Members who wish to can start their tour at Vickie's Diner and leave from there by 8AM, to arrive at the featured breakfast location by 8:30 AM. It was also discussed that the old casino called Eldorado in Henderson has been redone and is now called The Pass and could be a possible breakfast location in the future.

**OLD BUSINESS**-Terry and Cheryl are attending the Zoom planning meetings weekly for the upcoming Halloween Parade being held Saturday October 30<sup>th</sup>. The fun begins at Terry & Cheryl's at 9 am with donuts & coffee. We head over to Shadow Ridge High School around 10:30 to decorate the cars and line up. The parade runs from noon to 2PM, and candy is provided for you. So far participants include Carson, the two Terry's, Tom K, and Harold. Bring your car if you wish to join in!

Tom and Ron committed to having the Christmas Party at Dean's Place, near Silverton Casino. It will be held December 11<sup>th</sup>, and the menu will be mixed greens with choice of 2 dressings, Chicken Marsala and lasagna, bottomless soft drinks, coffee & tea. Tom is paying for a cheese board to be out at 4pm, and the dinner will be available from 4:30-6:30pm. Games and a White Elephant exchange will follow. The club will see about bringing a dessert or members can purchase a dessert and alcoholic drinks on their own.

**NEW BUSINESS**-Harold wants the club to re-address returning to the Sunset Park for future picnics if they fix the current problems, as he feels the club gets good exposure there. Tom has found a new location for the upcoming Spring Picnic called Cornerstone Park near Green Valley area that he feels may be better suited for the club to use on a steady basis.

## ••• T-Talk •••

Greetings All !!!

After a rough start, we had our fall picnic. We had 14 cars, including two Model A's and a Dodge and fifty plus folks, counting kids. A whole lot of fun!!!!

First of all I have to thank my volunteers! With everyone's help it went off without a hitch. Thanks to Ron for helping secure the excellent location. Special thanks to DeDe who's cooking advice was invaluable. I would also like to thank all who brought in potluck to make that a huge success. Thanks to all in the set up/ tear down crew, Harold & Teresa, Terry & Cheryl, Stanley Curtis, Margie Collins, Becky Jackson and Scott Thornton. You all made set up and take down seem like a breeze. A special thank

you goes out to Christian Kolberg for an entertaining and fun auction! I met a great number of Facebook and club members for the first time. So glad you came out! Thanks to the Model A Club members for coming out and visiting. We are planning an April picnic in the spring, so stay tuned. All the cars at the picnic were grand. The Christmas venue is all set for December 11th at Dean's Place, check this newsletter for specifics. If you want to see Dean's Place early come out for breakfast on November 6th at Dean's Place.

Hope to see you at a breakfast or meeting.

*"Some pursue happiness, some create happiness!"*

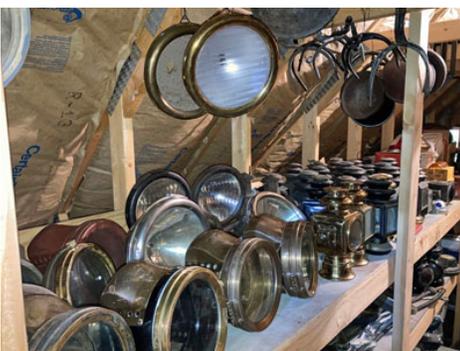

Safe travels,  
President Tom

## A Trip To The Model T Museum

This is a necessary trip for all T owners. The museum is located in Richmond, Indiana. Richmond is the border town of Indiana and Ohio. Owned and operated by the Model T Ford Club of America, the museum originally opened in Centerville, Indiana in 2007. It was relocated to Richmond in 2012 and now has a second building across the street called the “Annex” that houses a complete repair and machine shop along with 22 additional T’s and a couple of tractors. The Club, the museum and the research library are now together.

The museum houses two 1909 (early serial numbers) Model T’s. Notice no windshield, two levers and two pedals. These cars also have all wood bodies, gas lamps, water pumps and speedometers, but the first cars did not come with windshields, you had to get your own.

Through the years T’s came with a multitude of carburetors, plus after market options.

The museum is the current host to serial number 5,000,000.

All major varieties of T's are represented showing the versatility of both T's and TT's.

The Annex has doubled the museum's space.

The Annex allowed for the addition of a repair shop with a full machine shop

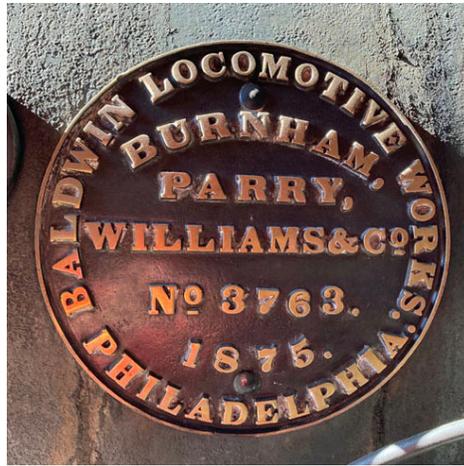

To help understand the workings of a Model T they have a complete chassis with cut-away components.

Along with a beautiful Depot Hack they have a 1917 dump truck that was donated from William Palmer of the Southern Nevada Model T Club! *Look close that might be William under the truck.*

## Eureka & Palisade Tour

One Saturday, after breakfast, some of our club members wandered over to see the Eureka & Palisade. She's an 1875 steam train that resides right here in North Las Vegas. The locomotive and tender had just returned from a two week run on the Cumbres and Toltec Railroad in Southern Colorado.

Our host Dan and his crew were most gracious to allow us to explore and examine the train. It turned out that meeting and talking to the "train guys" was as exciting as seeing the train itself. We also found out that we have been sitting next to these guys on Saturday mornings at the Sunshine and Tailwinds Café for the last several years and didn't even know it.

The Eureka & Palisade's next outing will be July 4th of 2022. She will be joined by three other narrow gauge locomotives to run on the rails in Carson City, Nevada.

Once again it was proved that:
