INTRODUCTION

Business Philosophy

Barr Marine by EDM, a pioneer in the marine engine component replacement field, was founded in 1933 by Horatio W. Barraclough, Sr. under the name Marine Salvage. Today, Barr Marine by EDM is the last and only U.S. Manufacturer of inboard parts in the World and offers the largest selection of inboard parts available for immediate shipment. The foundation of this growth began in 1933 with Barr Marine's customer-centered philosophy. Simply stated, we know the products and since 1933 our staff has made it a point to answer questions promptly while providing diagrams and dimensions for added technical support.

Redefining the Industry

There are several distinctive factors that separate Barr Marine by EDM from the competition:

- More variety. More available configurations. More hard to find parts. Barr Marine offers in stock availability of the largest selection of inboard marine parts
- Barr Marine is the only manufacturer that paints replacement components to match original manufactures colors
- Superior Quality and a 3 Year Limited Warranty on exhaust manifolds, risers and exhaust connectors
- Manifolds and Risers include all mounting gaskets and hardware
- All castings have a thicker interior wall and are packed in foam for added protection prior to shipping and storage
- Same-Day Shipment on orders entered by 3:00pm Eastern Standard Time USA (UPS Shipments)
- On-Time delivery
- Toll-free technical support 866-255-9265
- World-Wide distribution

When you're ready to take the performance of your parts distribution company to a whole new level, contact Barr Marine by EDM.

ENGINE EXHAUST SYSTEMS

During the operation of any marine engine-gas or diesel-exhaust gases are produced and must be removed from the engine and conducted outside the boat. While there are two basic exhaust systems, wet and dry, the wet system is the one most often found in pleasure boats as well as many work boats. This system mixes the exhaust gases with engine-cooling water and then discharges them through the transom of the boat via an exhaust line.

Exhaust Manifold

Attached to the engine is an exhaust manifold with its exhaust inlets matching the exhaust outlet ports of the engine. Circulating cooling water through the water jacket surrounding the exhaust gas chamber cools this manifold.

Exhaust Connector

At the exhaust end of the manifold is an exhaust connector. This connector is an intermediary between the manifold and an exhaust hose or pipe. This connector also mixes the exhaust gases with water to further cool the gases, and it operates as a means for directing the gas and water outflows so that a connection can be made between the manifold and the exhaust tubing.

Particular attention must be paid to the relative height difference between the center line of the exhaust end of the center line of the transom overboard exhaust fitting, the exhaust connector can be exhaust dump or drop of a convenient angle.

In those instances where the manifold is not appreciably above or is below the overboard fitting, an exhaust riser is used. By design, the riser acts as a dam to keep both exhaust-cooling water and seawater from back flooding into the engine and destroying it.

Back Pressure

From an engineering viewpoint, the most critical design requirement for exhaust systems is to limit the backpressure on the engine to a minimum. Backpressure is the pressure that builds up in the exhaust manifold engine exhaust outlets. The lower the pressure in the exhaust, the more efficient the operation of the engine. Low backpressure is achieved by designing exhaust passages to minimize resistance to the flow of gases and to prove for a uniform gas flow away from all cylinders.

Barr manifolds and exhaust connectors are designed to minimize backpressure. In many cases, after replacing an OEM manifold with Barr replacement parts, more r.p.m.'s are achieved.

Replacement Exhaust Systems

When the need arises to replace an OEM-installed manifold and/or exhaust connector, one of the three situations will exist: replacement of both manifold and connector, replacement of the manifold only, or replacement of the exhaust connector only.

When replacing both manifold and connector, normally there are no problems in matching, and connection to existing exhaust lines is usually very easy. When replacing just the manifold or just the exhaust connector, problems can arise in matching the replacement part to the existing part. Barr recognizes these problems and, wherever possible, has provided the necessary adaptors for connecting a Barr replacement manifold or exhaust connector to original exhaust parts.

The center riser is a two-piece aluminum manifold/riser ideally suited for replacement use where riser protection is required. The Barr Center Riser aluminum manifold/riser uses flexible exhaust hose which facilitates connection to existing exhaust lines. All elbows (cast iron) can swivel inboard or outboard for perfect fit. The Barr Center Riser aluminum manifold/riser is designed to limit back pressure on the engine, resulting in more efficient engine performance. The manifold and riser can be reversed and will fit either side of the engine.

The Barr Center Riser aluminum manifold/riser is cast of 356 T6 aluminum, well suited for fresh water marine applications. Barr Marine's Center Riser aluminum manifold/riser come with a one year warranty. However, Barr Marine By EDM does not recommend use of this product in salt water applications and does not warrant this product in salt water due to extreme corrosion.

Part#	Detailed Description
1-0001	Adaptor for Barr manifold replacing size "A" end plate (2" pipe). Order (1) for 4 or 6 cylinder engines or (2) for V8 cylinder engines.
1-0081	Adaptor for Barr round-type Oldsmobile conversion manifold (OR-1-73). Order (2) for Oldsmobile V8 cylinder engines.
1-0012L	Adaptor for Chris Craft V8 283 C.I.D. manifolds prior to Models F, G, K and Q (three pass system), "L" for left side. Order (1) for Chris Craft V8 cylinder engines (port/left side).
1-0012R	Adaptor for Chris Craft V8 283 C.I.D. manifolds prior to Models F, G, K and Q (three pass system), "R" for right side. Order (1) for Chris Craft V8 cylinder engines (starboard/right side).
1-0283A	Adaptor for Chris Craft V8 283, 302, 305, 307, 327 and 350 C.I.D. manifolds; models F, G and K (two pass system). Order 2 for Chris Craft V8 cylinder engines.
1-0283L	Adaptor for Chris Craft V8 283, 302, 305, 307, 327 and 350 C.I.D. manifolds; model Q (single pass system), "L" for left side. Order (1) for Chris Craft V8 cylinder engines (port/left side).
1-0283R	Adaptor for Chris Craft V8 283, 302, 305, 307, 327 and 350 C.I.D. manifolds; model Q (single pass system), "R" for right side. Order (1) for Chris Craft V8 cylinder engines (starboard/right side).
1-0007	Adaptor for Chrysler V8 383, 413 and 440 C.I.D. manifolds (4 bolt), Chrysler Ace and Crown Engines. Order (1) for Ace and Crown 6 cylinder engines and (2) for Chrysler V8 engines.
1-0013L	Adaptor for Chrysler V8 318 C.I.D. (prior to 1966); "L" for left side. Order (1) for Chrysler V8 engines (port/left side).
1-0013R	Adaptor for Chrysler V8 318 C.I.D. (prior to 1966); "R" for right side. Order (1) for Chrysler V8 engines (port/left side).
1-0071	Adaptor for Chrysler V8, Model M 81 (225 H.P.). Order (2) for Chrysler M 81 V8 engines.
CM-1-6672C	Adaptor for Chrysler V8 318 C.I.D. (after 1966). Order (2) for Chrysler V8 engines.
1-0002	Adaptor for Graymarine V8 327 C.I.D. (4 bolt flange). Order (2) for Graymarine V8 (4 bolt) engines.
1-0069	Adaptor for Graymarine V8 327 C.I.D. (3 bolt flange). Order (2) for Graymarine V8 (3 bolt) engines.
1-0070	Adaptor for Palmer V8, Model 14-345
1-0014	Universal adaptor to fit any engine with 3 1/4" or smaller manifold end (drill to suit manifold). Order (1) for 4 or 6 cylinder engines or (2) for V8 cylinder engines.
20-0008	Adaptor for 2" standard N.P.T. pipe thread. Order (1) for 4 or 6 cylinder engines or (2) for V8 cylinder engines.
20-0004	Adaptor for 2 1/2" standard N.P.T. pipe thread. Order (1) for 4 or 6 cylinder engines or (2) for V8 cylinder engines.

20-0000	Swivel-type high discharge exhaust riser; 8 1/2" riser protection. Requires (1) mounting hardware kit #20-0002P per riser. Use only with 2 7/8" to 3" I.D. exhaust hose.
20-0002P	Mounting hardware kit.
20-0031	Swivel-type 90 degree exhaust elbow connector with internal water discharge. Accepts 2 1/2" to 3" I.D. exhaust hose. Requires (1) mounting hardware kit #20-0002P per elbow.
20-0034 or 20-0035	Exhaust connector #20-0035 (for 2 1/2" I.D. exhaust hose) or exhaust connector #20-0034 (for 3" I.D. exhaust hose). Connects to #20-0039 using (1) #20-0002P per connector.
20-0039	Fully jacketed swivel-type exhaust riser; 7" riser protection. Requires (2) mounting hardware kits #20-0002P ((1) kit to mount riser to manifold and (1) kit to mount elbows #20-0034 or #20-0035 to riser).
20-0055	Swivel-type 30 degree exhaust elbow connector; fully jacketed. Accepts 2 1/2" or 3" I.D. exhaust hose. Requires (1) mounting hardware kit #20-0002P per elbow.

Note:
A header adaptor style end cap must be installed on the exhaust end of the log manifold in order to mount these risers or elbows. See the "Manifold End Plate and Gasket Identification Listing" page at the beginning of this catalog for the proper end plates specific to your application.

Detailed Description

CHV-24-0001	Chevrolet in-line 6 cylinder 1962-79; 194, 230 and 250 C.I.D.; all models with 12 5/8" diameter flywheel. Also for 1963-283, 307, 327 and 350 C.I.D. with 12 5/8" diameter flywheel (26 spline applications).
CHV-WVDC-5561A	Chevrolet V8 OHV 1955-62; 265, 283 and 327 C.I.D.; 1963 to date, 292 C.I.D. with 14" flywheel and starter mounting to flywheel housing; 1959-70; 348, 396, 409, 427 and 454 C.I.D. with 14" diameter flywheel (26 spline applications).
CHV-WVDC-70A	Chevrolet V8 OHV 1971 to date; all models with 14" diameter flywheel and starter mounting to the underside of block (26 spline applications).
CHVA-WVDC-77A	Chevrolet V8 OHV 1971 to date; all models with 14" flywheel and top mounted starter (26 spline applications).
FM-WVDC-70A	Ford and Mercury in-line 6 cylinder 1965-69; 240 and 300 C.I.D. Ford and Mercury V8 OHV 1965 to date; 289, 302 and 351 C.I.D. (identified by the use of 6 bolts to attach flywheel housing to cylinder block-26 spline applications).
HUR-SAE4	Kubota Diesel 1902 Series; flywheel housing for Hurth HBW-50, 100 and 150-2R gear (2:1 ratio).
MC-24-0001	Starter cover plate for use on housings (MC-24-44187) utilizing bottom mounted starters (26 spline applications).
MC-24-14043	Dust cover plate used on MerCruiser style flywheel housing (MC-24-44187)(26 spline transmissions).
MC-24-44187	Direct replacemet for MerCruiser part # 44187. Fits Chevrolet in-line 6 cylinder 250 and 292 C.I.D. with 14" flywheel, Chevrolet V6 200, 201, 229 and 262 C.I.D. with 14" flywheel, Chevrolet V8 (Small Block) 265, 283, 305, 307, 327 and 350 C.I.D. with 14" flywheel and Chevrolet V8 (Big Block) 348, 396, 409, 427 and 454 C.I.D. with 14" flywheel (26 spline applications).
OR-WVDC-65A	Buick V8 1967-75; 400, 430 and 455 C.I.D., Oldsmobile V8 1964-84; 330, 350, 400, 403, 425 and 455 C.I.D. and Pontiac V8 1965-78; 326, 350, 389, 400, 428 and 455 C.I.D. (26 spline applications).
OR-WVDC-73A	All above Pontiac, Olds and Buick models with use of top mounted starter. Requires separte rear motor supports which mount to transmission. Order part # AS1-9 for centerline mounting; 9-0003 for 3" offset above centerline mounting and 9-0004 for 6" (26 spline applications).
OR-WVDC-76A	All above Pontiac, Olds and Buick models with use of top mounted starter. Requires separte rear motor supports which mount to transmission. Order part # AS1-9 for centerline mounting; 9-0003 for 3" offset above centerline mounting and 9-0004 for 6" (26 spline applications). Rear engine mounts are incorporated into housing for top mounted starter.
OR-WVDC-78A	Buick V8 1967-75; 400, 430 and 455 C.I.D., Oldsmobile V8 1964-84; 330, 350, 400, 403, 425 and 455 C.I.D. and Pontiac V8 1965-78; 326, 350, 389, 400, 428 and 455 C.I.D. (26 spline applications). Except not equipped with rear engine mount.
SAE3-WVDC	Caterpillar 3100 and 3200 Series 636 C.I.D.; Adapts SAE # 3 pattern to Warner "Velvet Drive" transmission (26 Spline applications).
SAE2-502	Twin Disc SAE pattern; adapts SAE # 2 pattern to Twin Disc 502 transmission.

Rubber Engine Mounts

8-0001	Rubber engine mount; single. Adjustable both vertically and horizontally to facilitate engine-propeller shaft alignment. Each mount has a capacity of 350 lbs. The rubber cushions are locked to the base and are oil and fuel resistant.
8-0002	Rubber engine mount; double. Increased capacity for Diesel and extra heavy-duty applications. The rubber cushions are locked to the base, not vulcanized and can be replaced. This mount is vertically adjustable to facilitate engine alignment. Each mount has a capacity of 350 lbs.
8-0004	Rubber engine mount; single. This mount retains all of the fine features of the 8-0001 augmented by an additional tie-down area to bolt to the stringer pads. Each mount has a capacity of 350 lbs.
8-0006	Rubber engine mount; single. Adjustable both vertically and horizontally to facilitate engine-propeller shaft alignment. Each mount has a capacity of 350 lbs. The rubber cushions are locked to the base and are oil and fuel resistant.
8-0007	Rubber engine mount; double. Increased capacity for Diesel and extra heavy-duty applications. The rubber cushions are locked to the base, not vulcanized and can be replaced. This mount is vertically adjustable to facilitate engine alignment. Each mount has a capacity of 550 lbs.
8-0008	Rubber engine mount; single. This mount retains all of the fine features of the 8-0006 augmented by an additional tie-down area to bolt to the stringer pads. Each mount has a capacity of 350 lbs.

IT'S THE LAW - KNOW YOUR RIGHTS!

Consumers are protected from manufacturers who attempt to unfairly chain the purchasers of their products to the continued purchase of their maintenance and repair products and authorized services. Congress has provided consumers with this protection under the Magnuson-Moss Warranty Act as well as specific provisions of the Federal Trade Commission Improvement Act.

It's against the law for an original equipment manufacturer to inform consumers that their warranty would be void should they use other than genuine replacement parts or if service were to be preformed by anyone other than an authorized "OEM" dealer unless, of course, such parts and service were to be performed "Free of Charge" under the terms of the warranty.

The laws were enacted to grant the consumers and dealers the basic right to select replacement parts from competent manufacturers without fear of jeopardizing their warranty. The law directly provides the consumer the right of choice, the right to an affordable alternative choice of manufactured product. Of course, the original equipment manufacturer is not responsible for product failures or damages caused by product failures of product manufactured by others. Such damages become the responsibility of the company providing such products under the terms of their own warranties. Barr Marine by EDM originated the three-year limited warranty that has recently become the standard for all others to follow. Our warranty can be found in our catalog directly following this notice.

Barr Marine by EDM has been a manufacturer of Marine Engine Parts for seventy-three years. The company has and continues to manufacture marine engine parts for many of the original equipment manufacturers. For years, we have represented the affordable alternative choice for your needs. We thank you for your continued support!

BARR
MARINE BY EDM

THREE YEAR LIMITED WARRANTY

Three-year warranty on exhaust manifolds, risers and exhaust connectors manufactured by Barr Marine by EDM.

Unless specifically indicated otherwise, Barr Marine by EDM (“Manufacturer”) warrants this product against defects in workmanship and material for three years from date of purchase by the original purchaser to the extent that Manufacturer will, at its option, replace or repair the product or any part thereof which in Manufacturer’s judgment has such a defect, provided that written notice of such defect is received by Manufacturer at the address above within three years after date of purchase by the original purchaser. The Buyer shall return the product to Manufacturer, at Buyer’s expense to the address above. Manufacturer’s obligation does not include any cost of removal or reinstallation, and this warranty shall not apply if the product has been misused, abused, altered, neglected or improperly installed or repaired work by anyone other than the Manufacturer was a cause of the defect.

This Warranty does not extend to Barr Marine by EDM products used in racing or “high performance” applications. Any work done by others without notifying Barr Marine by EDM in advance of such performance and without written authorized shall automatically terminate buyer’s rights or remedies against seller.

The warranties set forth above are the sole express warranties made by manufacturer with respect to this product or any thereof.

Any implied warranties, including without limitation any warranties of fitness or of merchantability, are hereby expressly limited in duration to the three-year period of this warranty.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

This warranty does not extend to anyone other than the original purchaser.

Notwithstanding anything to the contrary herein contained, if this product is specifically excluded or used for commercial purposes, rental, or other income-producing activities, then the duration of this warranty shall be one year from the date of purchase.

Manufacturer reserves the right to improve its products through changes in design or materials without being obligated to incorporate such changes in products of prior manufacture and to make changes at any time in design, materials, or parts of products without obligation or liability to owners or products of prior manufacture.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights, and may also have other rights, which vary from state to state.

ONE YEAR LIMITED WARRANTY

One-year warranty on exhaust manifolds, risers and connectors manufactured by Barr Marine by EDM (except for exhaust manifolds, risers and exhaust connectors, which are covered by a three-year warranty) then the duration of this warranty shall be one year from date of purchase.

Unless specifically indicated otherwise, Barr Marine by EDM ("Manufacturer") warrants this product against defects in workmanship and material for one year from date of purchase by the original purchaser to the extent that Manufacturer will, at its option, replace or repair the product or any part thereof which in Manufacturer's judgment has such a defect, provided that written notice of such defect is received by Manufacturer at the address above within one year after date of purchase by the original purchaser. The Buyer shall return the product to Manufacturer, at Buyer's expense to the address above. Manufacturer's obligation does not include any cost of removal or reinstallation, and this warranty shall not apply if the product has been misused, abused, altered, neglected or improperly installed or repaired work by anyone other than the Manufacturer was a cause of the defect.

This Warranty does not extend to Barr Marine by EDM products used in racing or "high performance" applications. Any work done by others without notifying Barr Marine by EDM in advance of such performance and without written authorization shall automatically terminate buyer's rights or remedies against seller.

The warranties set forth above are the sole express warranties made by manufacturer with respect to this product or any thereof.

Any implied warranties, including without limitation any warranties of fitness or merchantability, are hereby expressly limited in duration to the one-year period of this warranty.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

This warranty does not extend to anyone other than the original purchaser.

Notwithstanding anything to the contrary herein contained, if this product is specifically excluded or used for commercial purposes, rental, or other income-producing activities, then the duration of this warranty shall be one year from date of purchase.

Manufacturer reserves the right to improve its products though changes in design or materials without being obligated to incorporate such changes in products of prior manufacture and to make changes at any time in design, materials, or parts of products without obligation or liability to owners of products of prior manufacture.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.
