The Zephyrhills offensive line gets set to run a play during last Friday's game against Wiregrass Ranch at Bulldog Stadium.

Home or away, tough foe or weak opponent — none of that seemed to matter to the previously undefeated Zephyrhills High football team. The host Bulldogs, who were seeking their first unbeaten season since 2019, got a taste of what it's like on the other end of the spectrum in last Friday night's 40-7 home loss to Wiregrass Ranch.

That left Zephyrhills at 5-1 with a pivotal Class 5A, District 9 matchup coming up this week at Cypress Creek, which at 2-4 has lost four in a row. Before facing the Bulls, the last loss for the Bulldogs came in last year's region semifinal against Orlando Jones.

Meanwhile, Wiregrass Ranch, which competes in 7A-8 against some tough Hillsborough County foes, improved to 4-1. The Bulls' game against Wesley Chapel was cancelled when several Wildcats were diagnosed with Covid-19.

Zephyrhills remains on track for what could be a sixth playoff

berth in the past seven seasons. Coach Nick Carroll, despite his disappointment in his team's most recent performance, is optimistic about the remainder of this season.

"We could be 9-1 and could win out as district champions," he said, adding that he told his players not to be discouraged by one bad game. "We'll see how they react to a little bit of adversity."

Wiregrass Ranch coach Mark Kantor, whose team is 3-0 on the road and now has a three-game winning streak, liked what he saw on both sides of the ball against Zephyrhills.

"I think we're peaking at the right time," Kantor said. "This was a big game. I thought we were executing offensively. Defensively, we were playing with some swag."

That was readily apparent after Wiregrass Ranch's first possession. The Bulls were forced to punt, but after that they got touchdowns on their next six possessions.

Three of those scores highlighted the Rocco Becht-Bryson Rodgers connection. Becht connected with Rodgers on touchdown passes of 18, 10 and 31 yards to help stake Wiregrass Ranch to a 20-0 lead.

Becht, a senior and son of former Tampa Bay Buccaneers tight end Anthony Becht, completed 20-of-25 for 241 yards and five touchdowns. He added scoring passes of 7 and 27 yards to Jared West and Izaiah Williams, respectively.

Rodgers, a legitimate Division I prospect as a junior, had five

Call it a mid-season tuneup. At least that's what some high school coaches were saying about the Sunshine Athletic Conference Swim and Dive Meet last weekend at the New Port Richey Aquatics Complex. Teams of boys and girls from Pasco County's 15 public high schools competed in the annual event, which often sets the tone for subsequent district, regional and state meets.

"It doesn't mean anything compared to districts," said Wiregrass Ranch's Jack Porter, who won the 500-yard freestyle.

Numerous swimmers and coaches alike from Zephyrhills, Pasco, Wesley Chapel and Cypress Creek were focused primarily on reducing times in various events. Many from all of those teams achieved those goals.

There was, however, another goal for some. Namely, to do something about the dominance of the Mitchell boys and Sunlake girls.

Unfortunately for the other teams, the Mitchell boys and Sunlake girls each won their fourth consecutive team titles. Wiregrass Ranch came a bit closer than the other area schools by finishing as the boys runner-up and fourth in the girls competition.

"This is one of the best teams," said Kyle Gramm, the Bulls' boys coach. "We've got younger guys that have seen the older guys do it for a while, so it's coming together."

"They did a great job," said Alisa Cimono, who coaches the girls team at Wiregrass Ranch. "Most of our girls moved up in their rankings."

The Porter brothers — Jack in the 500 free and Noah in the 100 butterfly — claimed two of the Bulls' three individual wins. Kevin Chen had the other victory in the 100 free. Noah and Chen were also part of the winning 400 free relay with Parker Munari and R.B. Childers.

# Senior Night highlighted by significant win

*For the first time in three years the Zephyrhills volleyball team won more than one game in a season*

By STEVE LEE  
Sports Reporter

The Zephyrhills volleyball team just accomplished something it had not been able to do for the previous three years — win more than once in a season. Not bad for a team that had gone winless in three of the previous six seasons.

The Bulldogs swept nearby rival Zephyrhills Christian Academy 3-0 (25-12, 25-7 and 25-7) on Monday night at Alan Reed Court. That gave them a 2-16 record after several seasons going winless or winning just once. It marked the most wins since the 2018 team won three games.

What made that modest achievement even more significant is that it came on Senior Night. Before the game, outgoing players honored were Maya Llanes, Aamarhi Lewis, Breanne Road, Madison Poe, Taryn Henry and Lis Santiago.

Afterward, first-year coach Emily Frazer, a former college volleyball player who deserves a lot of credit for a turnaround in which the Bulldogs played

much better than in years past despite their win total, spoke highly of the departing seniors.

"It was awesome to give them a win," she said. "I think on Senior Night it should be one of those nights you go out with confidence and send them off with a win. I think this is the best they've played in a very long time."

Frazer lauded the seniors for their work ethic and leadership, which in turn helped to foster team chemistry.

"They did the best with all the changes," the coach said.

Frazer, who vowed to turn things around for the downtrodden program, came in with some impressive credentials. She was a standout high school volleyball player in Pennsylvania and later played outside hitter and middle hitter at Temple University, a Division I school in Philadelphia.

Frazer had plenty of help this season from Lyndra Davis, a former volleyball player and Zephyrhills graduate.

The half-dozen seniors had gone through some trying times. Frazer was their third coach in four years, but unlike the others she had plenty of experience and knowledge of the game. According to the seniors, those are factors that helped change the mindset of the team.

# Breast CANCER awareness MONTH

## Are there different types of breast cancer?

Millions of women are diagnosed with breast cancer every year. According to the Breast Cancer Research Foundation, more than 2.3 million women across the globe were diagnosed with breast cancer in 2020. The BCRF also notes that breast cancer is the most frequently diagnosed cancer among women in 140 of 184 countries worldwide.

Breast cancer statistics can give the impression that each of the millions of women diagnosed with the disease is fighting the same battle, but breast cancer is something of an umbrella term. In fact, there are various types of breast cancer, including ductal carcinoma in situ, invasive ductal carcinoma, inflammatory breast cancer, and metastatic breast cancer. Learning about each type of breast cancer can help women and their families gain a greater understanding of

this disease.

**Ductal carcinoma in situ (DCIS)**

DCIS is a non-invasive cancer that is diagnosed when abnormal cells have been found in the lining of the breast milk duct. The National Breast Cancer Foundation notes that DCIS is a highly treatable cancer. That’s because it hasn’t spread beyond the milk duct into any surrounding breast tissue. The American Cancer Society notes that roughly 20 percent of new breast cancer cases are instances of DCIS.

**Invasive ductal carcinoma (IDC)**

IDC is the most common type of breast cancer. The NBCF reports that between 70 and 80 percent of all breast cancer diagnoses are instances of IDC. An IDC diagnosis means that cancer began growing in the milk ducts but has since

spread into other parts of the breast tissue. This is why IDC is characterized as “invasive.” Though IDC can affect people, including men, of any age, the ACS notes that the majority of IDC cases are in women age 55 and older.

**Inflammatory breast cancer (IBC)**

The NBCF describes IBC as an “aggressive and fast growing breast cancer.” Breastcancer.org notes that IBC is rare, as data from the ACS indicates that only about 1 percent of all breast cancers in the United States are inflammatory breast cancers. Many breast cancers begin with the formation of a lump, but Breastcancer.org reports that IBC usually begins with reddening and swelling of the breast, and symptoms can worsen considerably within days or even hours. That underscores the importance of seeking prompt treatment should any symptoms present themselves.

**Metastatic breast cancer**

Metastatic breast cancer may be referred to as stage IV breast cancer. When a woman is diagnosed with metastatic breast cancer, that means

the cancer has spread, or metastasized, into other parts of the body. The NBCF indicates that metastatic breast cancer usually spreads to the lungs, liver, bones, or brain. Symptoms of metastatic breast cancer vary depending on where the cancer has spread. For example, if the cancer has spread to the lungs, women may experience a chronic cough or be unable to get a full breath.

These are not the only types of breast cancer. A more extensive breakdown of the various types of breast cancer can be found at <https://www.breastcancer.org/symptoms/types>.

"As a team, we work better together," Henry said, adding that Frazer "makes us be a team. We all have to get along and like each other."

Rood echoed that sentiment and said it was nice to have a coach who had been a successful player teaching them things on the court.

"The atmosphere is just different," Rood said. "We definitely focused more on skills and basics."

Poe said she will miss her friends on the team. Her schedule will be a bit lighter in the winter as she juggled playing volleyball and running on the cross country team this fall.

"It was sometimes difficult," Poe said of going from one practice to another after school, leaving volleyball and heading out to run. "I would leave (volleyball) early and catch up."

In an effort to not only encourage togetherness among her players, but to involve the players' families and fans of the team as well, Frazer arranged for a special event that recognized the National Pediatric Cancer Foundation.

In between the second and third game against the Warriors she invited fans from the stands to form two rows and serve volleyballs over the net to see if they could hit orange bags representing the cancer foundation on the other side.

That served as a fundraiser for the foundation, which is something Frazer plans to do at the end of each regular season.

receptions for 87 yards to go along with his three touchdowns. Becht has 987 passing yards and 15 touchdown passes this season with eight of those scores going to Rodgers. "When you have a young

man like Rocco who can read a defense and spread the ball around, and a guy being recruited by Division I teams you're going to be alright," Kantor said.

Added Carroll, "Rocco Becht and that receiver, they have continuity."

Late in the third quarter, Wiregrass Ranch got its only rushing touchdown when Kenneth Walker burst up the middle on a 9-yard run for a 40-0 lead.

Zephyrhills reached the Bulls' 7-yard line twice, but on both occasions high snaps from center resulted in big losses. The Wiregrass Ranch defense racked up five sacks of

quarterback Jaxson Rivera and stopping Zephyrhills twice inside the 10-yard line.

"We had to stop them on defense and force turnovers," Carroll said. "Obviously, that didn't happen and they capitalized on our mistakes."

The Bulls nearly posted a shutout, allowing only a 94-yard kickoff return by T. J. Jackson in the fourth quarter.

Another standout for Zephyrhills was Jaylin Thomas, who ran for a game-high 138 yards and now has eclipsed the 100-yard rushing mark in five of his team's six games.

### THE YOUNG AND THE RESTLESS

Victor helped Ashland protect his reputation. Nick tried to make amends with Victoria. Billy brought a surprise guest to Tuscany. Nick and Phyllis considered a change of plans. Victor and Nikki reconnected with someone from their past. Billy and Lily defended their actions to Victoria. Summer and Kyle arrived in Tuscany. Adam and Sally made a bold move. Wait to see: Jack takes the high road. As Victor prepares to walk Victoria down the aisle, Nikki makes a shocking discovery. Trouble looms as family and friends gather to celebrate the wedding of Victoria and Ashland.

was Maryam Khalil, who won the 100 free and 100 breaststroke before being part of the third-place 200 medley relay team with Abigail Hissa, Sabrina Salas and Jenna Darland. Hissa also

took third in the 200 individual medley. While Pasco's Cristian Doan did not win the 200 IM, his time of 2:10.19 for second place set a school record. A freshman and club swimmer, Doan also owns school records in the 100 breast and 500 free.

"I don't feel pressure," Doan said. "There's

people faster than me and I want to beat them." "The boys are having their best season in a lot of years," said Pasco coach Laura Fisher said, mentioning the team's first-ever victory over Land O' Lakes this season. Some other notable finishes in the individual races included: Wesley Chapel's Jessica Roehrig, second in diving; Pasco's Andrew Fisher, second in the 200 free; Munari, second in the 100 back. There also were two local runner-up finishes in the relay races: Cypress Creek's Adam Przychodzka, Nicky Vreeland, Clay Ballash and Paul Bobev in the 200 free relay; Munari, Noah

Porter, Childers and Chen in the 200 medley relay. Zephyrhills, which finished near the bottom in the boys (10th) and girls meets (11th) will host the Class 2A, District 7 meet on Oct. 23 at the Long Center in Clearwater. The co-host is Wesley Chapel with Zephyrhills coach Karen Cooley and Wesley Chapel coach Heather Farnsworth agreeing to share that responsibility. "We like each other," Cooley said. Those teams also have something in common by ranking among the county's smallest teams. The Bulldogs have 16 swimmers, just one more than the Wildcats.
