# Pirates steal 39-18 comeback win over Coyotes

The undefeated Pirates run out onto the field before Monday night's home game against Cypress Creek.

*In a battle of unbeatens, Pasco rallied from an early deficit with 25 unanswered points to improve to 5-0*

BY STEVE LEE

Halfway through his first season and they're already chanting the name of new Pasco coach Alphonso Freney.

"Freney! Freney! Freney!"

That chant came from football players and cheerleaders in the Pirates' end zone after Monday's 29-18

comeback win over Cypress Creek at W.F. Edwards Stadium in Dade City. The home team came out on top in a battle of unbeatens in a game postponed by three days due to Hurricane Ian.

Pasco improved to 5-0 while Cypress Creek fell to 4-1. Before this week's game the Florida High School Athletic Association ranked Pasco second and Cypress Creek third in Suburban Class 3A, Region 2.

Not since the days of former coach Tom McHugh, now an assistant at Zephyrhills, has Pasco gotten off to such a strong start. The Pirates had an eight-year playoff run with two region finals and one state semi-final appearances during that span.

Now, however, it's time for a new winning regime to take over.

# Bulldogs rout Wildcats 42-0

*Scoring on offense, defense and special teams, the Bulldogs thrashed the Wildcats on Monday's make-up game*

BY ANDY WARRENER  
Sports Reporter

Wesley Chapel head coach Tony Egan had a plan. He knew his young squad would not be able to keep up with visiting Zephyrhills. He scripted a game of ball control, of keep-away from the Bulldog offense. It worked great at the start. The Wildcats received the opening kick off and led off with a steady dose of junior running back Wesley Young.

He only gained seven yards on three tries but an offsides penalty on the Bulldogs gave the Wildcats a 4th-and-short from their own 20-yard line. A direct snap to Dylan McGinnis got the first down. The Wildcats were then backed up by a false start penalty and a tackle-for-loss by Bulldog Maddox Rivera, setting up a 3rd-and-12.

Egan's plan was working. The Wildcat offense had already gobbled up almost nine minutes of the first quarter when disaster struck. The Wesley Chapel quarterback heaved an errant pass on that third down and Zephyrhills's DJ Pickett intercepted it and took it to the house for a 45-yard return. Just like that and without an offensive snap, the Bulldogs led 7-0.

"Our defense did well stopping them on third and fourth down but they were able to make some plays to extend drives," Bulldog head coach Nick Carroll said.

The Wildcats went right back to their ball

# Pasco County hosts Mega Dog Adoption Event

Animal Services partners with regional shelters for free event Oct. 7-9

Hundreds of dogs are looking for a ‘forever’ home – and you can help make that happen. Pasco County Animal Services is partnering with other Tampa Bay animal shelters in a Mega Adoption Event – Friday, Oct. 7-9. The three-day event will feature hundreds of free, adoptable dogs. Adoption event will take place at the Pasco County Fairgrounds, 36722 S.R. 52 in Dade City, Friday, 2-7 p.m.; Saturday, 10 a.m.-5 p.m.; and Sunday, 10 a.m.-2 p.m. Adoption fees are waived for all available dogs. All dogs are spayed/neutered, vaccinated, microchipped and ready to go home with their new families. You can bring your pets along for meet-and-greets with potential new dogs. As pets are adopted, participating shelters will bring in new dogs, so each day of the event will feature new dogs. The Pasco County Animal Services Department is dedicated to promoting and protecting the health, safety and welfare of animals and people. For more information, including a full list of programs and services, visit MyPasco.net/PAS.

East Pasco escapes the devastation felt in other areas with just a few power outages and tree damage left in the aftermath

By STEVE LEE  
News Reporter

Early projections by the national weather service and various emergency management organizations had Hurricane Ian staying out into the Gulf of Mexico and moving parallel northward along the west coast of Florida. As is the case for nearly all storms and hurricanes, however, that trajectory ultimately changed.

Even though the major hurricane veered inward and made landfall in Fort Myers, Zephyrhills and the surrounding areas of east and central Pasco were spared for the most part. The county got off relatively easy compared to other parts of the Sunshine State that suffered devastating flooding, power outages and tree damage due to heavy rains and high winds.

Ian came in as a category 4 hurricane with closures and evacuations taking place in numerous counties and municipalities in west central Florida along with the middle part of that state. The city issued a state of emergency and some power outages and flooding were reported.

“We prepared for the worse and prayed for the best,” said Shane LeBlanc, the city’s public works director. “We definitely

dodged a bullet.”

City manager Billy Poe shared that sentiment: “Fortunately enough, we didn’t take the brunt of it. Pasco County got so lucky.”

A debris cleanup began on Monday. City staff swept through neighborhoods picking up debris from the bands of wind that ripped through the area.

After last Wednesday, LeBlanc said city staff dealt with some power outages that included residences and traffic signals, as well as flooding, the latter of which was a chief concern.

All that paled into comparison of people in south Florida that lost their homes and places like Pine Island and Sanibel Causeway, the latter of which is no longer accessible to the mainland after parts of the road washed away.

“That was the first thing I thought of besides the heartbreak of losing their homes,” LeBlanc said of floods.

Poe praised city staff for its preparations and immediate response to the area’s comparably minimal damage.

“Staff did a great job preparing the city for the storm,” he said, adding that the city’s police department stepped up when some traffic signals were out temporarily. “We took all the precautions. We were prepared and staged; ready to go.”

As for the county, most government offices were closed late last week. That included libraries, senior centers, building and construction services and extension offices, animal services, parks and boat ramps. Additionally, there was temporary suspension of residential and commercial trash and recycling collection services.

Additionally, the county opened emergency shelters, although none were in Zephyrhills. The closest shelter was at Centennial Middle School, just north of the city. Other local shelters included the Cypress Creek High/Middle School complex,

Wesley Chapel High, Wiregrass Ranch High, Weightman Middle and Pasco Middle.

Sand bags also were available at Pasco County Fire Rescue Station 29 on Dairy Road.

On a brighter note, Hurricane Ian was not the only historical event that took place last Wednesday when a healthy baby girl actually was born in the parking lot of AdventHealth Zephyrhills.

Hospital officials reported that parents from Sumter County pulled into the parking lot when the mother began experiencing contractions. Clinical care teams rushed outside to deliver baby Kieralynn.

By early this week, AdventHealth hospitals in Pasco County (including locations in Zephyrhills, Dade City and Wesley Chapel) resumed normal hospital operations, including regular visitation and outpatient services. That included elective procedures, which were temporarily put on hold as the hurricane made its path across the state.

## OBITUARIES

### Kathleen D. Burnside

BURNSIDE, Kathleen D., 75, of Zephyrhills, passed away Sept. 28, 2022 in Zephyrhills. She was born May 6, 1947, in LaPorte, Ind. to Leo and Martha (Piesot) Desmond. Mrs. Burnside served as librarian for the City of Zephyrhills for over 30 years. She is survived by her daughter, Zoie; grandchildren, Shane, Ana, Rebecca and Jeremy. Kathleen was preceded in death by her husband, Jay.

### Nelson Caryle Ryman

RYMAN, Nelson Caryle, passed away Sept. 30, 2022, with his wife Dottie by his side, telling his last dad joke at 83. Born in Goshen, Ind. on March 23, 1939. Nelson moved to Zephyrhills in 1970 to raise his family. He retired in 2000 after working in the mobile home industry for more than 50 years. Nelson loved this community, he was a staple at the Friday Night Lights of the Zephyrhills Bulldogs for countless years, he was an active member of the Daybreak Rotary, a committed member of the morning "scratch" breakfast club and willing to lend a hand to anyone in need. Nelson spent two decades in-service to the children and

community of Simonette, Haiti and survived the Hurricane of 2010 while doing his mission work there. To many, he was Mr. Ryman, Nelson or Dad but his favorite title and role was almost certainly that of "Poppi" to his 18 grandchildren and great-grandchildren. Whether it was teaching them to swim or telling corny jokes. Indeed, he left three generations of children wondering if they were the dumb kid in the smart class or the smart kid in the dumb class! Like everything else in life, Nelson gave his all to the job of grandfather. He is preceded in death by his first wife, Barbara, the mother of his two sons; his mother and father, Louise and Nelson Charles; and his brother Gary. After Barb's death he married Dottie to whom he devoted the last 32 years of his life. Nelson and Dottie were members of St. Elizabeth's Episcopal Church in Zephyrhills for just as long. Nelson is survived by his wife, Dottie; children, Kevin (Tammy L.), Kerry (Tammy K.), Angela and Cynthia; his beloved grandchildren, Kelli (Michael), Chad (Megan), Christian (Tiffany), Kyle, Devin, Julian and Kaden; and his great-grandchildren, Max, Tegan, Tenley, Elijah, Zarek, Kason, Kiersly and Peyton; his sister, Gale; his brothers, Lyle and Mike; his many nieces and nephews and a community of friends. Traditional Memorial Service for Nelson Ryman will be Oct. 10, 1:30 p.m. at St.

Elizabeth's Episopal Church, 5855 16th St. in Zephyrhills. Additionally: A Celebration of Life will be Oct. 10, 6 p.m., Led by: Christian Ryman at Whitfield Funeral Home, 5008 Gall Blvd. in Zephyrhills. A time to see old friends, share memories and tell tall-tales. A very-Nelson-sort-of-get-together. In lieu of flowers, Nelson requested donation to be made to: Daybreak Rotary or Haiti Fund, checks made out to Dottie with notation or to St. Elizabeth's Episcopal Church.

Obituaries are available in The Zephyrhills News. Information is due Monday before noon in order to appear in the same week's publication. For pricing call the office at (813) 782-1558.

The Lord Jesus Christ has given us a new message of **"Hope." God sends "Grace and Peace"—Not fear and unrest.**

Today, man's focus mostly is on world peace, climate change, the economy, inflation, health rights, protection rights, crime and violence, and all faucets of life in trying to make life better. Better is always good and better is needed. But man's real problem is sin because he has no peace in his heart; therefore, he cannot live peaceably. How can man find peace in this world?

When the Lord walked the earth, he proclaimed there would be no peace until all his enemies were made his footstool. There will be wars and rumors of war, and earthquakes in many places until the future day of Christ's return to reign in power and justice.

But now, we who are the believers of Christ's gospel for their salvation of hope, we can proclaim real peace from God to a lost and dying world. As Christ's Ambassadors, we beseech all people to be reconciled to God. God's Word tells us that God was in Christ at Calvary making reconciliation for all the world by the blood of Christ's cross (1 Corinthians 15:3-4; 2 Corinthians 5:18-21). Christ's crucifixion was over 2,000 years ago, and God's grace is still sufficient to pay the penalty for man's sin. **"In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace" (Ephesians 1:7).**

God created the first man, Adam, and he brought sin and death into the world when he disobeyed God's Word in the very beginning (Genesis 2:16-17; Romans 5:12-14). Therefore, death has passed upon all men for that all have sinned. But God loved man whom he created, and he made his Son, the Lord Jesus Christ from heaven, to be sin in man's place. As such, all our sins were nailed to Christ's cross, they were buried with Christ, and Christ rose from the dead in victory. Now, by individually believing this gospel of Christ, we can be reconciled to God. Will you believe God? If so, he will impart unto you his Son's righteousness, the forgiveness of all your sins, peace with God, eternal life in heaven, and much more. **"For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord" (Romans 6:23).**

## STRANGE BUT TRUE

By Lucie Winborne

- In 1962, former MLB catcher Harry Chiti was traded from the Cleveland Indians to the New York Mets for "a player to be named later." After a poor showing, Chiti became that very player, making him the first ever to be traded for himself.
- The average person will grow 590 miles of hair (including nose hair) in their lifetime.
- Speaking of hair, prior to L'Oreal's launch of the first mass market hairspray in 1960, women had to choose between slicking their hair down with a greasy brilliantine or using a mechanical sprayer to coat it with shellac dissolved in a solution of water and alcohol. Thank you, L'Oreal.
- When it comes to landing an effective punch, boxers have nothing on the mantis shrimp, the strike of which has been clocked at about 50 mph and described by Science as accelerating faster than a .22-caliber bullet. Take that, Mike Tyson!
- Forks were once considered a sacrilegious tool by the church.
- In 1898, nearly 75% of Alabama's entire annual state revenue came from convict leasing to private railways, mines and large plantations.
- Brazilian doctor Heron Werner uses 3D printing to help blind parents feel their baby's ultrasound results.

## SALOME'S STARS

★★★★

**ARIES** (March 21 to April 19) Your ideas earn the respect of your colleagues. But, you'll have to present some hard facts and figures if you hope to persuade those who make the big decisions to support you.

**TAURUS** (April 20 to May 20) Keep those bright Bull's eyes focused on the project at hand. Avoid distractions. There'll be lots of time for fun and games later. Expect to get welcome news this week-end.

**GEMINI** (May 21 to June 20) You soon might have to decide about moving a relationship from its current status to another level. Don't let anyone influence your decision. It must be yours and yours alone.

**CANCER** (June 21 to July 22) You finally can get off that emotional roller coaster and get back to focusing on your goals without interruptions through the rest of the week. A nice change is due by the weekend.

**LEO** (July 23 to August 22) Trying to make an impression on some people runs into a bit of a snag at first, but it all works out. An old and almost forgotten personal matter once again needs attention.

**VIRGO** (August 23 to September 22) A rise in your energy level helps you finish an especially demanding task. Take some time now to spend with family and friends before starting a new project.

**LIBRA** (September 23 to October 22) This is a good time to re-establish contact with trusted former associates who might be able to offer good advice regarding that career change you've been contemplating.

**SCORPIO** (October 23 to November 21) Your resourcefulness combined with a calm, cool approach help you work your way out of a knotty situation, and avoid a potentially serious misunderstanding.

**SAGITTARIUS** (November 22 to December 21) A calm, quiet period allows you to recharge your energies. But, you'll soon be ready to saddle up and gallop off in pursuit of your goals.

**CAPRICORN** (December 22 to January 19) Family matters need your attention. Check things out carefully. There still might be unresolved tensions that could hinder your efforts to repair damaged relationships.

**AQUARIUS** (January 20 to February 18) It's a good time to take a stand and show as much passion on your own behalf as you do when arguing for the rights of others. You might be happily surprised by the reaction.

**PISCES** (February 19 to March 20) You bring sense and sensitivity to a confusing situation. Things soon settle down, leaving you free to enjoy a week-end of fun and relaxation with friends and family.

**BORN THIS WEEK:** You have a talent for being able to perceive possibilities where others only see problems.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Even Exchange by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

# Breast **CANCER** awareness MONTH

## The link between diet and breast cancer

Cancer is an insidious disease that affects just about every part of the body, including the breasts. The World Cancer Research Fund International indicates there were more than 2.26 million new cases of breast cancer in women in 2020.

Women understandably want to learn what they can do to reduce their risk of developing breast cancer. One of the first considerations may be analyzing diet and determining if it is affecting breast cancer risk.

A variety of factors affect a woman’s risk for developing breast cancer, and certain lifestyle choices, including diet, can play a role. However, according to Healthline, the risk factors with the biggest impact include sex, age and genetics. Lifestyle can influence breast cancer risk but not at the same levels as genetic

markers, family history, gender, or age. However, women interested in doing all they can to stay healthy may want to take a closer look at the foods and beverages that can adversely affect breast cancer risk.

**Healthy diet**

Healthy food choices are linked to lower incidences of cancer and other conditions. Susan G. Komen states that eating plenty of fruits and vegetables may be linked to a lower risk of developing breast cancer. A pooled analysis of data from 20 studies found women who ate the most vegetables had a lower risk of estrogen receptor-negative breast cancer (but not estrogen receptor-positive breast cancer) compared to women who ate the least vegetables, according to a 2013 report published in the

Journal of the National Cancer Institute. And it doesn’t really matter if produce is organic or not. According to the American Cancer Society, the benefits of eating fresh fruits and vegetables outweigh any health risks linked to pesticide residue.

**The complex relationship between fat, sugar and cancer**

Though a single food will not lead to higher breast cancer risk, overeating and putting on excess weight can increase risk. That is why it is essential to get plenty of exercise each week and monitor calorie consumption. While women who are in their reproductive years may not see as much breast cancer risk from being overweight or obese, after menopause, that risk increases, says Susan G. Komen. The risk is not directly related to fatty foods, however. The American Cancer Society says an examination of the amount of fat eaten by women in the United States found no link between fat and breast cancer risk.

In addition, while consuming too much

sugar may not be healthy in the long run, it’s a myth that “sugar feeds cancer.” Eating sugar may lead to weight gain, which may increase the risk of breast cancer, says the ACS.

**Alcohol consumption**

One component of diet that has been studied extensively is the effects of alcoholic beverages on breast cancer risk. Susan G. Komen reports that a pooled analysis of data from 53 studies found women who had two to three alcoholic drinks per day had a 20 percent higher risk of breast cancer compared to those who didn’t drink alcohol. Alcohol should be limited to one drink per day for the average woman, or none at all, if possible. Diet is only one factor in the risk for developing breast cancer. While important, there are other components that increase risk by a more significant margin.

control strategy. Four plays later, the first quarter had expired. The Wildcats faked the punt on fourth down but failed to convert after a seven-play drive. It was now 10:33 left in the half when the Bulldog offense took over at their own 45-yard line. Four plays later, the Bulldogs were in the end zone again. A great run on a jet sweep by Theodore Sands, setup a 15-yard touchdown from Brendyn Colella to Pickett.

Now 14-0 Bulldogs, the Wildcats kept up the game plan. A personal foul on Zephyrhills extended the Wesley Chapel drive but ultimately the Wildcats turned the ball over on downs, albeit with just 2:47 left in the half.

Again, the Bulldogs wasted no time. On their third play of the drive, the jet sweep turned in another big play. This time it was Rivera slicing right through the Wildcat defense for a 45-yard score. The 21-0 score held until halftime.

Then the wheels came off for the Wildcats. Roe Miller would take the third quarter kickoff and return it 78 yards for a touchdown and the rout was on. The Wildcats assembled another long drive with eight plays and a first down run by Jaylahn Lewis driving the pile for five extra yards but they fumbled three plays later, Zephyrhills recovering.

Three plays later, Colella found a wide open Pickett, who had to come back to snare the short throw but ended up making the catch and turning it in for a 60-yard touchdown. At 35-0, with 4:42 left in the third, the running clock

started. The Bulldogs delivered the knock-out blow on their next possession and again, it didn't take long.

From the Wildcat 34-yard line, it would take just three plays to find the end zone. Backup quarterback Tristan Lennon ended up taking a direct snap with a jet sweep as a decoy and burst into the end zone from 24 yards out. A big hit on the Wesley Chapel quarterback by Jaden Jones ended the Wildcats's next possession and the clock bled out quickly and mercifully.

"We did a good job scoring on offense, defense and special teams but it was low energy tonight," Carroll said. "We hope we can take this and win down the stretch against some good teams coming up."

The Bulldogs did indeed get it done in every phase of the game. The pick-six, the kickoff returned for a touchdown and then both rushing and receiving touchdowns balanced the Bulldog effort on Monday.

The Bulldogs were able to get some of their reserves in the game late. Offensively, they were wildly efficient. They gained 276 yards of offense on just 15 plays. That averages to just shy of 16 yards per play. Pickett had three of the team's six touchdowns and four different Bulldogs scored.

"We're going to enjoy this win for about the next four hours and then it's on to South Sumter," Carroll said.

PASCO FOOTBALL: From Page 1

"We still remember the old, but this is a new Pasco," Freaney said. "We just want to get it back, but with our own little twist."

Pasco is coming off a dismal 0-8 season. In a three-year span under former coach Jason Stokes the Pirates did not make the playoffs. That seems to be a stretch that will change this season with Pasco now the frontrunner as a potential district champion.

For his part, Cypress Creek coach Mike Johnson praised his team for taking a lead in the third period and battling despite losing a handful of players to injuries during the game.

"They're a good ball club," he said of the Pirates, adding that his players "were pretty upset. I can't say enough about my guys. They just work so hard. I think toward the end we ran out of gas a little bit."

The teams traded a pair of touchdowns early. Zyon Davis halted Pasco's opening drive by returning an interception from the end zone 100 yards down the right sideline for a touchdown and Malachi Askin ran in a two-point conversion. Askin added a 4-yard touchdown run in between scoring runs of 9 and 21 yards by Tayshaun Balmir.

A 35-yard field goal by Cameron Canard, his longest of the season, gave the Coyotes an

18-14 lead in the third quarter before the Pirates pulled away with a 25-point run. Balmir had scoring runs of 64 and 17 yards during that stretch to finish with four touchdowns. He also ran for a career-high 360 yards, just 72 from the Pasco County single-game record of 432 by Gulf's Adrian Golden in 2008.

With 1,200 rushing yards and 16 touchdowns so far, Balmir is putting up numbers in the range of Janarion Grant and Troy Hambrick, arguably the best running backs in school history. Grant played for Rutgers and is now with the Winnipeg Blue Bombers of the Canadian Football league, while Hambrick starred at South Carolina before playing in the National Football League for the Dallas Cowboys and Arizona Cardinals.

Added Johnson, "He's the real deal. He is one heck of a football player. He runs angry."

The final score of the game came midway through the fourth quarter when Willie Reed returned an interception 72 yards for a touchdown.

Leading the way for Cypress Creek were Askin and quarterback Jack Niemann. Askin gained 68 yards and now has 594 rushing yards with nine touchdowns this season. Niemann passed for 112 yards to increase his season total to 874.

Right: The Pirates celebrate their win over Cypress Creek in a battle of unbeaten teams.

Wiregrass Ranch aims for turnaround after season-opening 5-5 tie with perennial powerhouse East Lake

By STEVE LEE  
Sports Reporter

Wiregrass Ranch High's club ice hockey team is about a half dozen years removed from being a solid playoff contender in the Lightning High School Hockey League, but that dismal trend could be changing soon. The Bulls are coming off a 9-13 season for a fifth-place finish in the Andreychuk Division of the Western Conference.

After six straight losing seasons, the resurgent Bulls appear to be on the cusp of a major turnaround. If this year's fast start provides any indication of things to come a possible post-season berth becomes a feasible option for the 2022-23 season.

Wiregrass Ranch opened this season with a solid 5-5 tie against perennial powerhouse East Lake, which has a few state titles and a longstanding playoff run to its credit. The Eagles were league finalists last year and do not appear to have lost much to graduation.

Even more impressive with that tie is the fact that the Bulls built up a solid 5-3 lead before hanging on as the Eagles rallied on a late pair of goals in the third period.

"East Lake is just a fantastic hockey team," said Wiregrass Ranch assistant Kevin Corbett, adding that his players picked it up and turned around a 2-1 deficit into a 5-3 lead before the Eagles got their two late goals. "My comment in the first period was you're playing a team that doesn't give you time and space."

Through the first three games of the season, Wiregrass Ranch had yet to lose. The Bulls went 2-0-1 in the early going.

So far, they have five of a possible six points, just one behind longtime state contender Tampa Jesuit. They sandwiched 9-4 and 12-1 wins over Freedom and Tampa Catholic, respectively, around that tie with East Lake.

Corbett and head coach John Scoby replaced J. Powers, who now is an assistant at River Ridge, in the offseason. Corbett credits Scoby's optimistic outlook and enthusiasm, in part, for the turnaround.

"The buy-in is that the kids are really playing for each other," Corbett said. "Coach Scoby has got them fired up. He gets the chemistry of the team working real well."

Speed has been a factor in the Bulls' fast start. The sophomore-laden team is focused on keeping their skates moving at all times.

"Our team is a bunch of young kids that really go hard," said Corbett, who at 63 still plays on an adult hockey team at AdventHealth Center Ice in Wesley Chapel.

One of those young skaters is newcomer Terence Lavasseur. As he has done all season, Lavasseur led the team in scoring against East Lake with two goals and an assist. His second goal in the third period gave the Bulls a 5-3 lead before the Eagles rallied to tie it.

"Anytime I see a kid reaching for the puck his feet are still and you don't see that with Terence," Corbett said.

A transfer from Montreal, Lavasseur had a hat trick and six points against Freedom. His skating ability is second to none and he does not hesitate to shoot the puck when he gets open and use a defenseman for a screen shot. Plus, Lavasseur has enough hockey sense to pass off the puck to a teammate when he gets double-teamed.

Through three games Lavasseur led the team with 10 points, three more than Aiden Bishop and Sean Campbell.

Wiregrass Ranch had a strong turnout this season, which warranted a junior varsity team. The Bulls did not have a JV team last season.
