## Edwinola residents and staff get shots to ward off coronavirus

Now that the initial waves of vaccine shots are being administered in an effort to ward off the coronavirus, health care workers and the elderly are among those groups first in line. With shots are being given on international and national levels, some arrived locally last week.

Several residents and staffers at the Edwinola received the first round of shots last Wednesday. Two in that group — Gorgonio Cruz and Audrey Bush — are 102 years old. Thomas Simpson turned 100 on Jan. 2 and Elizabeth “Betty” English-Rowe is 99.

Administrator Stephanie Davis, a longtime Dade City resident, collectively labeled them “the 100-plus club.”

The shots are a precautionary measure at the Edwinola. Unlike numerous assisted living centers nationwide that have been hit hard by the coronavirus, the Dade City facility has had no reported outbreaks.

“We feel very fortunate to have been Covid-free through all this,” Davis said.

In all, nine of the 124 residents got shots last week as

## Saint Leo University gives back on MLK Day of Service

*Students, faculty, staff members volunteer to help others, beautify campus*

Saint Leo University students, faculty, and staff answered a question once posed by Dr. Martin Luther King Jr.: “What are you doing for others?” on Monday, the observance of the late civil rights leader’s birthday. The university held its annual Martin Luther King Jr. Day of Service on Jan. 18 and performed volunteer acts on and off campus.

“We’re focusing on making it a ‘day on’ rather than a ‘day off,’” said Brandee Greaves, assistant director of Greek Life and Community Engagement. “We’re trying to exemplify that with real world experiences for our community.”

There were no classes on Monday so students and faculty could participate, and all staff members also had the opportunity to volunteer. They could choose from university-organized events or volunteer at an organization of their own choice.

With masks firmly in place and social distancing enforced, Saint Leo University volunteers went to work off campus, volunteering for Habitat for Humanity of East and Central Pasco in Dade City and Gulfside Hospice Thrift Shoppe in Zephyrhills. Volunteers participated in a virtual “read-in” for students at St. Anthony Catholic School in San Antonio.

On campus, students, faculty, and staff had multiple opportunities to engage in charitable and beautification efforts.

Room 111 of the Student Activities Building was filled with the smell of peanut butter as volunteers spread it and jelly to make sandwiches for PB&J of Tampa Bay. Saint Leo’s volunteers were making 100 to 150 meal packages that they distributed to Someone Cares Tampa Bay in Clearwater. “I think every day should be a service day,” Maria Sanchez, a freshman business major said. “Help everyone in every way you can.”

“We’re honoring MLK, but it also is the mission of Saint Leo,” said Audrey Koke, serials, resources and instructional services librarian. “To help others,” chimed in Liz Castro, enrollment counselor, as she made PB&J sandwiches.

## City council advances adjustments to important projects

*Council meeting tackled adjustments to three big projects -- Zephyr Lakes, Abbott Park and Trotter’s Crossing*

BY ANDY WARRENER  
News Reporter

The first adjustments came in the Planning Director’s Report, with Item 1.1. Item 1.1 asked for approval of the final plat in Phases 1B, 1C, 2C and 4D of the Abbott Park Subdivision. This was part of the approval process for Hamilton Engineering design. Senior Planner Rodney Corriveau addressed council and discussed improvements to landscaping in the development just behind a commercial parcel off of Gall Boulevard, between Pretty Pond and Bailey Hill Roads. The roughly 150-lot subdivision needs some final tweaks in order to get designers, engineers and the city building department on the same page.

Another thing that Corriveau noted was that the applicant and Duke Energy are now working together to figure out how to move a

Katie Huettel, who graduated in December with a degree in theatre, led volunteers in crocheting "plarn," creating mats for the homeless. Volunteers busied themselves tying plastic bags and scraps of plastic together to create the plarn or yarn made of plastic, which they used to crochet with large needles or their fingers.

"This is something a little different," said Regina Plummer of the Learning Design Department, about the volunteer experience. "This was the first time I got to do something on campus," noting she usually volunteers elsewhere.

Saint Leo's campus also benefited from the volunteer work with students cleaning the Greek organization benches, and weeding and planting in the Peaceful Reflections Garden near Saint Edward Hall and medians in the parking lot by the U.S. Post Office.

Geossica Madden from Jamaica, just came to campus for the Spring 2021 Semester. "I wanted to get involved right away," the freshman marketing major said.

Sophomore Amaya Gomez, who is president of the Social Work Club, worked in the Peaceful Reflections Garden. "I really like this garden; it's really important to me," she said, as she weeded and cleaned.

The university also accepted donations of personal care items and boxed, nonperishable food, which will be donated to Restored Hope, a nonprofit ministry in Dade City, which aids the homeless and those on the verge of homelessness.

**Mercer University announces Fall 2020 President's, Dean's Lists**

Mercer University recently announced the President's List and Dean's List for the fall 2020 semester. Inclusion on these lists requires students to meet rigorous grade-point-average standards specific to the college or school within the University.

Wesley Chapel residents: Emily Leonard, senior, College of Liberal Arts and Sciences, President's List and Jonathan Young, senior, Stetson-Hatcher School of Business, President's List.

Founded in 1833, Mercer University is a dynamic and comprehensive center of undergraduate, graduate and professional education. The University enrolls more than 9,000 students in 12 schools and colleges - liberal arts, law, pharmacy, medicine, business, engineering, education, theology, music, nursing, health professions, and professional advancement - on campuses in Macon, Atlanta, Savannah and Columbus - and two regional academic centers in the Atlanta metro area.

**Aaron Barnes named to University of Utah's Fall 2020 Dean's List**

Aaron Barnes, of Wesley Chapel, was named to the University of Utah's Fall 2020 Dean's List. Barnes's major is listed as Accounting BS.

Barnes was among more than 9,700 students named to the Fall 2020 Dean's List at the U. To qualify, students must earn a GPA of 3.5 or higher in at least 12 graded credit hours during any one term.

The University of Utah, located in Salt Lake City in the foothills of the Wasatch Mountains, is the flagship institution of higher learning in Utah. Founded in 1850, it serves over 32,000 students from across the U.S. and the world. With over 100 major subjects at the undergraduate level and more than 90 major fields of study at the graduate level, including law and medicine, the university prepares students to live and compete in the global workplace. part of a vaccination clinic in conjunction with Walgreen's. A second round, also to be administered at the Edwinola, is scheduled for Feb. 10.

It's just a shot," said English-Rowe, who has resided at the Edwinola for more than two years. "They did a good job. They just slid it in and out. By my age you've had a lot of shots."

Michael Cruz, Gorgonio's son who is 77 and lives

in Dade City, was relieved that his father was able to get a shot.

"That's cool. I can't even get a shot," he said.

Among the staff members to receive a shot in the facility's Rose Room was Betty Davis, the concierge who has worked at the Edwinola for four years.

"No pain," she said, sliding up her sleeve to show a bandage on her upper left arm. "She was really good. You just feel a little sting. We're very happy that we were able to do this. I've been looking forward to this day and for the residents as well."

Another staff member of the Edwinola to get a shot was Diane Holton, who like Davis showed off a bandage on one of her arms.

"I didn't even feel it," she said.

As the activities director of the facility, Holton always aims to put a positive spin on things for both residents and staff alike.

"We all got happy shots, I told them," she said.

Originally built in 1912 as a hotel, the Edwinola combines the names of original owners Edwin and Lola Gasque. Throughout the years, the building also has been a private residence, a restaurant and in the 1980s was transformed into a retirement community.

The Two Shortest Verses in the Bible

Jesus Wept (John 11:35)—Before the Cross
Rejoice Evermore (1 Thessalonians 5:16)—After the Cross

WHY DID JESUS WEEP? Lazarus was sick and he died. His sisters Mary and Martha had sent for Jesus to come and heal their brother, but Jesus delayed his coming that he might show unto them the power and glory of God.

JESUS came into the world. The world was made by him, and the world knew him not. He came unto his own, the Jews, who were to be the light to the other nations, and they received him not.

BUT AFTER THE CROSS AND BY THE CROSS, GOD makes known his secret plan for man's redemption. This plan was hid in himself from before the foundation of the world until HE REVEALS IT UNTO THE APOSTLE PAUL.

"REJOICE EVERMORE." This is the second shortest verse in the Bible. Because the debt and penalty for sin has been paid in full by God, himself, in the person of his Son, the LORD JESUS CHRIST from heaven, we can NOW BE "REJOICING EVERMORE."

JESUS WEPT because of man's unbelief. Jesus will not weep again! The wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord.

1) BELIEVE GOD and receive grace and peace from God today, and THEN BE REJOICING BECAUSE YOUR SINS ARE FORGIVEN AND YOU'RE ON YOUR WAY TO HEAVEN OR...
2) DIE IN YOUR OWN SINS, and then be cast into the TORMENTS OF HELL, WHERE THERE WILL BE WEEPING FOREVER because of your unbelief. THE CHOICE IS YOURS!

"Rejoice in the Lord alway; and again I say, Rejoice. ...The Lord is at hand." For Prayer, Comfort and Rejoicing—Read Philippians 4.

# SALOME'S STARS ★★★★★★★★★★★★★★★★★★★★★★★★★★★★★★★

**ARIES** (March 21 to April 19) A gracious Lamb can learn more about a problem-filled situation than one who is openly suspicious of what could be happening. A friend might offer some well-directed advice.

**TAURUS** (April 20 to May 20) Getting adjusted to an unexpected change might be difficult for the Bovine, who prefers things to go according to plan. But help could come from a most welcome source.

**GEMINI** (May 21 to June 20) This could be a good time to get a head start on those career-related plans. The sooner you check out the pluses and minuses, the sooner you can act on your information.

**CANCER** (June 21 to July 22) A personal situation you thought would no longer present a problem could suddenly produce some surprises. Try to sort things out with the help of trusted colleagues.

**LEO** (July 23 to August 22) An upcoming move holds both anticipation and anxiety for Leos and Leonas who have some big decisions to make. Advice is plentiful, but it's up to you to decide which way you want to go.

**VRIGO** (August 23 to September 22) Someone

from a previous project could provide valuable guidance on how to handle a current problem, especially where it might involve a legal matter.

**LIBRA** (September 23 to October 22) A business situation presents some unexpected complications. But rather than try to handle them all at once, it would be best to deal with them one at a time.

**SCORPIO** (October 23 to November 21) You just might get what you want, despite the odds against it. In any event, be sure to thank all those people involved who believed in you and went to bat for you.

**SAGITTARIUS** (November 22 to December 21) Before you even hint at an accusation, remember that you'll have to prove what you say. So be sure you have what you need to back up your comments.

**CAPRICORN** (December 22 to January 19) A romantic situation takes an unexpected turn that favors some Sea Goats, but causes others to reassess how they've been handling the relationship.

**AQUARIUS** (January 20 to February 18) A surprise turn of events could unsettle the Water Bearer. But it also might help open up an entirely different way of working out an important matter.

**PISCES** (February 19 to March 20) A smoothly running operation could bump up against an obstacle. This is where your ability to assess situations and make adjustments can restore things to normal.

**BORN THIS WEEK:** Your kindness is legendary, and so is your strong sense of responsibility.

# Human Trafficking Awareness Month

The past year has been more challenging than most. Although the pandemic has changed the way we live our lives, it has not stopped human traffickers from exploiting people for profit. January is Human Trafficking Awareness Month and the Pasco Sheriff's Office remains committed to ending human trafficking.

Simply put, human traffickers take advantage of vulnerable people and use force, fraud or coercion to compel them into commercial labor trafficking, sex trafficking or involuntary servitude.

Human trafficking is the fastest growing and third largest criminal enterprise in the world. According to the Florida Dream Center, an estimated 21 million children, women and men are caught in the cycle of trafficking worldwide. Florida is ranked third highest in the nation for human trafficking, with the Tampa Bay area high on the list of areas in which trafficking occurs.

The Pasco Sheriff's Office is able to assist those affected by this crime through partnerships with federal, state and local agencies and organization. PSO is a member of several groups dedicated to combatting this scourge, including the Pasco Commission on Human Trafficking. PSO also works to address this crime through our specially trained Human Trafficking Unit.

Everyone can help end human trafficking. Staying informed and spreading awareness are two ways you can easily help end this

horrific crime.

Here are some possible indications that someone is being trafficked:

Constantly accompanied by a controlling person or boss.

Lack of control over personal schedule, money, financial records, bank account, identification or travel documents.

Transported to and from work, or lives and works in the same place.

Debt is owed to employer, making them unable to leave their job.

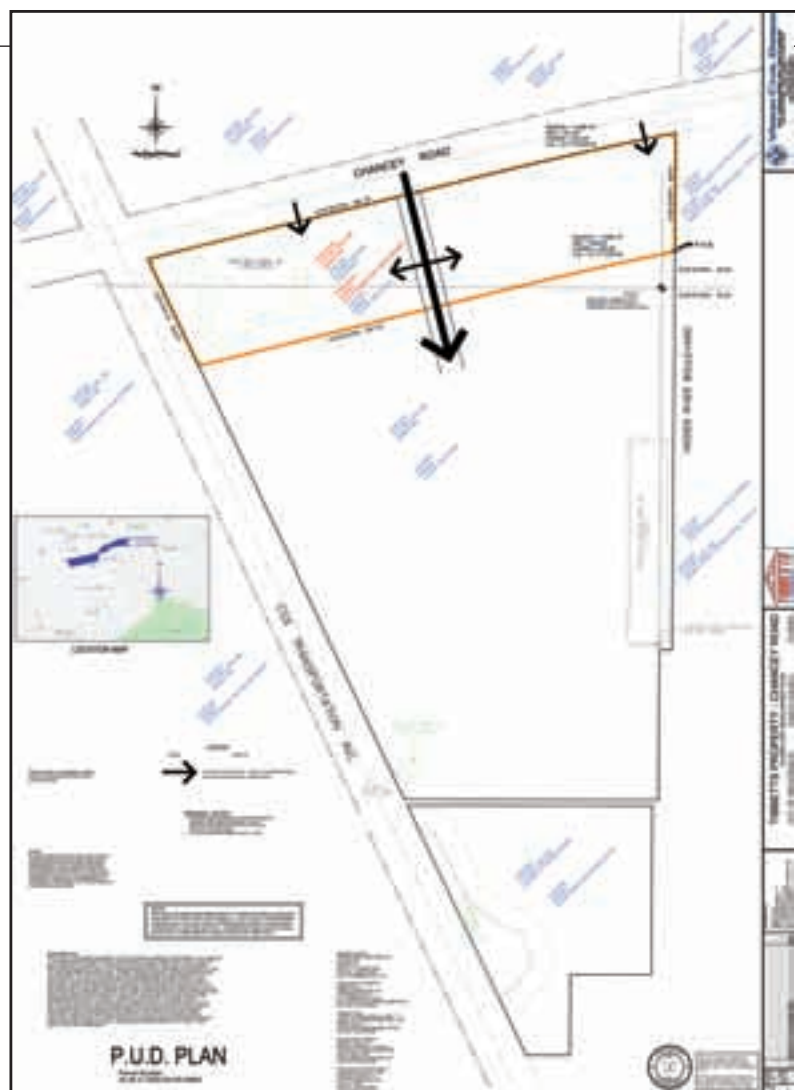

Shows signs of physical and/or sexual abuse, physical restraint, confinement, or torture.

Not allowed or able to speak for themselves (a third party may insist on being present and/or translating).

The Pasco Sheriff's Office also encourages parents to speak with their children about online safety, as awareness is the first step in preventing human trafficking. Knowing what kids are doing online and with whom they are in contact can go a long way in preventing children from being trafficked. Additional warning signs include new friends who are significantly older and new gifts, such as prepaid credit cards, clothes or cell phones. Let your children know they can talk to you or a trusted adult about anything that makes them uncomfortable.

If you suspect someone is a victim of human trafficking, call the National Tip Line at (888) 373-7888.

City planners hope to attract some light industrial, small commercial or mixed use out of the Tibbett's Property south of Chancey Road.

power pole that currently inhibits the extension of Kossick Road into the subdivision. The measure, which did not receive public comment because it was not a public hearing on the subject, passed unanimously.

"I feel like we've beat this thing to death," councilwoman Jodi Wilkeson said. "However, I'm also happy with the progress and I appreciate the applicant and attorney working with our department."

Item 2.1 in the City Attorney's Report dealt with a 30-plus-acre parcel in Trotter's Crossing, a development west of Gall Boulevard and north of Phelps Road. The zoning change moves to City PUD and has a set of 10 conditions that include: compliance with the final master plan, that city water and sewer be provided, that PVC fencing will be allowed and a number of other details pertaining to lot sizes, setbacks and characteristics of the homes themselves. Item 2.1 passed unanimously.

Item 2.2 dealt with the Abbott Square Property, basically the development that wraps around the Sarah Vande Berg Tennis & Wellness Center, west of Simons Road. Planning director Todd Vande Berg answered questions from council. One of the primary requests was changing the rear setbacks for the townhomes in the development from 15 feet to 5 feet. Vande Berg stated that there would be no adjacent 5-foot setback and that there would still be plenty of common, open space. The discussion shifted to the one-story villas that rear face Simons Road.

Wilkeson mentioned homes being built on Eiland Boulevard that, "you're looking at the front of people's homes." Engineers from WRA Engineering and Vande Berg himself described the way the lay of the land slopes south and west down Simons Road and that together with, "significant landscape buffering" should keep that section of the development from facing too much of Simons Road. The measure

passed unanimously.

The last item in the City Attorney's Report, Item 2.3 asked for a zoning change from Light Industrial to Mixed Use and a comprehensive plan amendment to the future land use map changing from Industrial to Mixed Use. It refers to a 9.2-acre parcel dubbed the Tibbett's Property and it's just south of Chancey Road between Hidden River Boulevard and the CSX train tracks. The area is a hub for light industrial, according to Corriveau, and Corriveau hopes to attract a small commercial or a mixed-use occupant on the property. The measure passed unanimously.

In the City Manager's Announcements, city manager William Poe Jr. spoke about the JROTC program at Zephyrhills and how they are starting a dignified flag disposal program. The event will start on Feb. 12 and members of JROTC are coming to the Feb. 8 council meeting to give further details about.

Also announced at this time was the city hiring new Zephyrhills Public Information Officer Stephanie Vazquez. As council members made their announcements, Wilkeson lamented the loss of the BBQ & Blues Festival and said she hopes it comes back in some form. Councilman Lance Smith cautioned council to stay ahead of the growing amount of traffic in the city.

"It's something we need to keep an eye on and do our due diligence," Smith said. "We just approved 150 lots tonight, there are 750 going in on Simons."
