# Super Saturday at Saint Leo

Incoming students got to meet professors in various buildings on campus during the hands-on tour.

*Faculty members take hands-on approach with incoming students arriving at the university's scenic campus off Lake Jovita*

By STEVE LEE  
News Reporter

Billed as Super Saturday at Saint Leo, the university campus was transformed into an informative, fun-filled day for returning students and faculty. From incoming freshmen to transfers from other places of higher learning, there were tours of various schools and

buildings, as well as the other facilities on the spacious campus off Lake Jovita.

Dr. Jeffrey Senese, now in his fourth year as the university's president, walked around the campus meeting as many students and parents as he could. He welcomed all, extolling the virtues of attending Saint Leo.

"This is about experiencing what Saint Leo is for real," he said. "It's that volume of commitment we have."

"The idea is for them to see and feel what it's going to be like in their majors," said Dr. Heather Parker, Dean for the College of Arts and Sciences. "They get to visualize what it's going to be like to be a student in their class."

Founded in 1889, Saint Leo boasts a student-faculty

## A Look Back ... JULY 22, 1955

*New series harkens back to days gone by. Let's look at the above date*

By STEVE LEE  
News Reporter

For our 11th Look Back, part of a new summer series, we go all the way back to 1955. As is the case in any given year, there was an abundance of memorable moments that year.

In major news stories around the globe, the Vietnam War started, a polio vaccine was approved by the Food and Drug Administration, Ray Kroc opened the first McDonald's in Illinois and the first Guinness Book of World Records was published.

On the entertainment front, Elvis Presley, labeled "The King of Rock and Roll," and Bo Diddley made their television debuts. Gunsmoke, a popular television western, also debuted. Walt Disney's Lady and the Tramp premiered in Chicago and the Disneyland theme park opened in Anaheim, Calif.

In the sports world, playing in their sixth straight National Football League championship game, the Cleveland Browns, led by Hall of Fame quarterback Otto Graham, won their third title. The Detroit Red Wings won their fourth Stanley Cup title in six seasons and the Brooklyn Dodgers finally won a World Series by defeating the rival New York Yankees.

In July of that summer, the local weekly newspaper consisted of just 10 pages and sold for five cents a copy. The front page carried a variety of news items — 12 to be exact. It was a mixture of politics on the city, county and school board levels, crime, sports and club news.

The primary story that week detailed the worse electrical storm in years, which caused several fires and resulted in an extensive amount of property damage and loss of cattle. In one instance a television was destroyed and a rug split in two due to a lightning strike.

# Mud Endeavor marks return of Under the Lights

*The obstacle course race went dark during the height of the pandemic, Saturday marked a triumphant return for the outfit*

By ANDY WARRENER  
Sports Reporter

Mud Endeavor owners Randy and Teresa Yoho, have their hands in several baskets. They run the motocross at the Pasco County Fairgrounds. They also operate Bug Jam events - the next one coming up Nov. 14. One of their operations is the obstacle course run known as Mud Endeavor. Mud Endeavor puts on half a dozen events annually from Sarasota to Brooksville. The fairgrounds and their edition of Under the Lights is both a marquee and a "home field" event.

"It's been great getting the team back together," Randy Yoho said. "The CDC shut us down for a while and we were waiting for the right time to re-open, which is why you haven't seen a big schedule come out. We decided to bring this one (Under the Lights) out but even still, it's hard to look months down the road."

The Yohos weren't sure when or even if they'd get the green light to start hosting one of the more popular and reputable obstacle course races (OCRs) in the area again.

Runners from an early heat take off at near dusk during Mud Endeavor's Under the Lights.

# Pasco Tax Collector's staff raises \$6,000 for CARES Pet Project

Tax collector Mike Fasano and assistant tax collector Greg Giordano present both a ceremonial and a "real" check to CARES President & CEO Jernith Rosa and members of her staff and board at the CARES main office in Hudson.

Tax collector Mike Fasano announces that \$6,000 was raised to benefit CARES, the featured charity of the month in May. CARES (Community Aging & Retirement Services) is a Pasco County-based organization that provides services to seniors so they can stay in their homes and be as independent as possible. The funds were raised through the hard work of the tax collector staff in the five offices located throughout the county. The CARES Pet Project was created to help feed and support the animals who so often are the only companion older members of our community may have.

"A pet is a true companion that gives unconditional love and friendship," said Jernith Rosa, president and CEO of CARES. "Thank you, Mike Fasano, for helping CARES provide this support to our vulnerable seniors in Pasco County."

"During my tenure as an elected official I have worked to ensure that seniors in our community receive the services they need to live a full life," said Fasano. "Supporting the CARES Pet Project continues to be a wonderful opportunity for our office to help those seniors whose pets are their primary companion. Thank you to everyone who gave to help the elderly members of our community continue to have the companionship they need to make each day a significant day for them."

➤ A LOOK BACK: From Page 1

In crime news, Zephyrhills News reporter Jaynell LeHe-up, who covered Crystal Springs, and her family charged a man with brandishing a gun at them.

Street paving in the city was discussed by city council members, who also debated who would mow the grass in the parkway at 5th Avenue. As for schools, Ernest L. Kretschmar was hired as assistant principal of Zephyrhills High and a vocational agriculture building was approved for construction at that school.

The Zephyrhills Junior Woman's Club and Zephyrhills Garden Club teamed up to plant a lawn on the west side of the high school. Plus, the summer recreation program closed out that week with swimming at the municipal pool being the last activity.

On page three there was a major story about city council debating the legality of firing the city clerk and city attorney. Also inside was a piece on a visitor from Pennsylvania encountering an alligator in the front yard of a Zephyrhills family he was visiting.

As usual there were several columns, including the Garden Gate Club by Alice Hall, a former Zephyrhills reporter, and news from the Tourist Club. Crystal Springs, a rural community south of Zephyrhills, also had its own space for news.

In sports there were highlights from the Zephyrhills Little League and local adult softball league.

Not surprisingly, prices of goods and services more than six decades ago were substantially lower than in the modern day. In an advertisement for Hilson's in Zephyrhills, chuck roast and pork chops were priced at 39 cents per pound while Zephyrhills' Dixon's Grocery & Market listed a pound of coffee at 85 cents.

As for some other products, Miller's Plumbing & Appliance in Zephyrhills sold new Philco 21-inch televisions for \$289.95. Tickets at the Pasco Theater and Joylan Drive-in went from 50 cents for adults to free for children under 12.

## OBITUARIES

### Bob Storer

STORER, Bob, 74, of Zephyrhills, passed away July 18, 2021. Visitation is July 23, 5 p.m. followed by a service at 6 p.m. at Whitfield Funeral Home.

### W.G. "Buddy" Hollyfield

HOLLYFIELD, W.G., 90, of Zephyrhills, met his Lord on July 13, 2021. Known simply as "Dr. Buddy" to many, he pastored Presbyterian churches in Alabama, Georgia and Florida for over 45 years. He earned his Doctor of Ministry from McCormick Theological Seminary in 1977. Buddy later was a chaplain at AdventHealth Zephyrhills where he prayed for patients and comforted them with his humor and wit. Until his health prevented it, he was very active in the community, serving on numerous boards and chairing committees. He was a proud Alabama fan. Buddy is survived by his wife Wendy and his loving family. Services will be private at Bushnell National Cemetery. Memorial contributions are preferred in lieu of flowers to First Congregational Church of Zephyrhills (Fort King Road) or AdventHealth Zephyrhills Foundation.

### Ray McLellan

MCLELLAN, Dr. Ray Irvin, 62, passed away on April 30, 2021, in his home in Ann Arbor, Mich. A native of Zephyrhills, Ray graduated from Zephyrhills High in 1976 and began his long career in music as the organist for the

First United Methodist Church in town while a teenager. He attended Florida Southern College, in Lakeland, receiving his Bachelor of Arts in music in 1980. He then attended the University of Michigan and achieved a Master of Music and Doctor of Musical Arts in 1992 and 1994, respectively. He remained a resident of Ann Arbor, Mich., for over 40 years, becoming an integral part of the Ann Arbor, Monroe and Lansing communities. After many years of training at the University of Michigan, Ray was made the University Carillonneur at Michigan State University in 1997, playing the set of 49 bells inside Beaumont Tower on campus in weekly concerts, the melodious peals of which could be heard across campus and beyond. Ray also traveled many times to perform carillon concerts in places such as Canada, Germany, the Netherlands, and France. He was also the organist and music director at the parish of St. Michael the Archangel in Monroe, Mich. for 36 years, and the organist and pianist at the Temple Beth Emeth in Ann Arbor for 28 years, playing weekly services and special events, such as weddings. Ray was a kind, well-loved friend to all, and a beloved baby brother to his three siblings. He had a profound, lifelong love for music of all forms, and he cherished sharing his talent and passion with audiences around the world. He enjoyed traveling, as well as making frequent visits to his family in Florida. Ray was also a cat-lover and a lover of animals. He had a deep fondness for Ann Arbor and the Universities of Michigan and Michigan State, and never wanted to live anywhere else. Ray is survived by his three siblings, Shirley Huggins of Port St. Joe Beach, Richard McLellan of Tallahassee and Joanie (Kim) Joyner of Lakeland; and many nieces and nephews, grandnieces and grandnephews. He was preceded in death by his parents, Albert McLellan and Lenore McLellan Winebarger. A memorial service was held at St. Michael the Archangel Catholic Parish in Monroe, Michigan on June 19. A celebration of life memorial will be held at Zephyrhills First United Methodist Church on July 31, 11 a.m. In lieu of flowers, memorial contributions may be made in Ray's name to a charity of your choice.

### James Bailey

BAILEY, James, was the captain of his high school football team, senior class president, and on the student council. He taught math at Zephyrhills High School, loved to tend to his garden, enjoyed reading, and spending time with his family. He was a very kind and gentle person who loved a good laugh, served his country in the army for 13 years, reached the rank of Major and was honorably discharged. He is survived by his son; three grandchildren; great-granddaughter; a sister; two brothers; and numerous nieces and nephews. www.blountcurrycarrollwood.com.

## Happy July 4th CELEBRATIONS!

**FREEDOM NOW AND FOREVER  
OUR HOPE IS PERFECT BLOOD**

Our high-school graduates have worked hard and completed their course of study. They received their diplomas, and now they can say, I'm free—no more homework, etc. (However, one needs further education and knowledge to achieve future success in life's journey.) Freedom can also speak of being debt-free—no more mortgage—no more car payment, etc. Life and breadth itself are blessings of freedoms to be thankful unto God for. Freedom can speak of being at peace—no more war. Thank God for all who have made sacrifices in fighting and standing for our country and the freedoms we richly enjoy. But for any man or person to have freedom and peace, a good definition is this: **Freedom means to do what is only "right."** Doing otherwise, would be doing "wrong or evil," and that could and would take away another person's rights and freedoms. There cannot be both "good and evil" at the same time for peace.

**God is His Word. He is the most-high God of heaven and earth.** He is the creator of all things visible and invisible. God made man a living and eternal soul when He breathed into Adam's nostrils the breath of life in the beginning. Therefore, we know that man will live somewhere forever! However, most people are ignorant of the fact that there is life after their fleshly body goes back to the ground from whence God made it. Their life after death can be either good or bad!

Because Adam sinned when he disobeyed the one commandment of God in the Garden of Eden in the beginning of creation (Genesis 2:16-17), his eyes were opened, and he then knew what "good and evil" was. He ate of the forbidden fruit of the "tree of the knowledge of good and evil." Now death hath passed upon all men for that all have sinned and come short of God's glory (Romans 5:12; 3:23). Sin is like a virus and was caused by Satan's influence. We all inherited sin from Adam, and that not because we sin, but because we are born with sin. Sin is in all men's blood. If one does not get rid of their sin, **"THE WAGES OF SIN IS DEATH..."** (Romans 6:23). This is eternal punishment in the lake of fire which is the second death in the devil's hell. But this does not have to be true. GOD HAS SOME GOOD NEWS FOR US IF WE CHOOSE TO BELIEVE THE REST OF THE VERSE: **"BUT THE GIFT OF GOD IS ETERNAL LIFE THROUGH JESUS CHRIST OUR LORD"** (Romans 6:23).

**GOD'S ANSWER IS PERFECT BLOOD.** "In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace" (Ephesians 1:7). **GOD LOVES YOU. HE DIED FOR YOU SO THAT HE CAN MAKE YOU FREE FROM SIN.** "But God commendeth [proved] his love toward us, in that, while we were yet sinners, Christ died for us" (Romans 5:8). The apostle Paul delivers unto us all the gospel that we must believe, in order for God to save one from the debt and penalty of their sins: **Christ died for our sins; he was buried, and that he rose again the third day according to the scriptures:** (1 Corinthians 15:3-4). There is not any work that you can do for salvation. Christ did all the work necessary to deliver YOU from the power of sin and darkness and to translate YOU into the kingdom of God's dear Son (Colossians 1:13-14). **BELIEVE GOD! THEN CONGRATULATIONS UPON YOUR NEW-ETERNAL FREEDOM IN CHRIST.** Write for our free Bible Study Chart on rightly dividing the scriptures from our P.O. Box... or email to [Dadecityfellowship@bibletruthfortoday.com](mailto:Dadecityfellowship@bibletruthfortoday.com) Thanks!

# SALOME'S STARS ★ ★ ★ ★

**ARIES** (March 21 to April 19) You face the possibility of raising your relationship to another level. However, your partner might demand that you make promises for which you're not sure you're ready.

**TAURUS** (April 20 to May 20) As changes continue, expect things to get a little more hectic at your workplace. An unexpected travel opportunity could open new career prospects.

**GEMINI** (May 21 to June 20) Confront the person who caused your hurt feelings and demand a full explanation for his or her actions. You'll not only recover your self-esteem, but you'll also gain the respect of others.

**CANCER** (June 21 to July 22) That personal problem in the workplace is compounded by someone's biased interference. Stand your ground, and you'll soon find allies gathering around you.

**LEO** (July 23 to August 22) You don't accept disapproval easily. But instead of hiding out in your den to lick your wounded pride, turn the criticism into a valuable lesson for future use.

**VIRGO** (August 23 to September 22) That former friend you thought you'd cut out of your life is still affecting other relationships. Counter his or her lies with the truth. Your friends are ready to listen.

**LIBRA** (September 23 to October 22) What appears to be an unfair situation might simply be the result of a misunderstanding. If you feel something is out

of balance, by all means, correct it.

**SCORPIO** (October 23 to November 21) A stalled relationship won't budge until you make the first move. Your partner offers a surprising explanation about what got it mired down in the first place.

**SAGITTARIUS** (November 22 to December 21) A co-worker shares some startling news, but before you can use it to your advantage, make sure it's true. The weekend favors family matters.

**CAPRICORN** (December 22 to January 19) Your usual conservative approach to family situations might not work at this time. Keep an open mind about developments, and you might be pleasantly surprised.

**AQUARIUS** (January 20 to February 18) Plans might have to be put on hold because of a family member's problems. Don't hesitate to get involved. Your help could make all the difference.

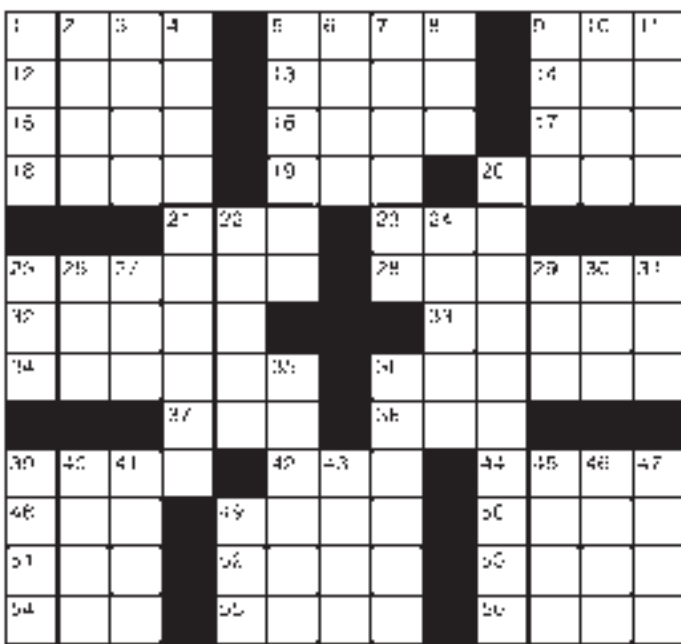

**PISCES** (February 19 to March 20) Relationships in the home and in the workplace need your careful attention during this period. Be careful not to allow misunderstandings to create problems.

**BORN THIS WEEK:** You have a keen, insightful intellect and enjoy debating your views with others who disagree with you. You also love to solve puzzles -- the harder, the better.

# Even Exchange

by Donna Pettman

Each numbered row contains two clues and two letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A and M in MASTER for an L, you get MISTER. Do not change the order of the letters.

## Engaging early learners at home

By Katherine Taylor-Parnell

With back-to-school season just around the corner, now is a good time to get even our youngest children engaged in some early learning fun. Families can lay a strong foundation for future academics by embracing themselves

as their child’s first teacher now. The human brain develops to 80 percent of adult size before age 3. There is no need for expensive toys, electronics or an overflowing drawer of school supplies. Everything needed to actively engage infants through preschoolers can be found in your own home environment.

Children are born eager to learn about the world around them. Families can use this

curiosity to introduce many early learning concepts before a formal education begins. Concepts such as colors, animal sounds, letters, counting, numbers, language, and self-help skills should all be introduced early on. The more experiences a child has, the more connections are being made in their quickly developing brain. Families can also weave in essential social and emotional skills by being mindful of the opportunities that everyday life presents.

Ideas to nurture a child’s early development: Sing to your child, imitate the sounds around them and verbalize things you do and see throughout your daily routine. The car sounds like beep, beep. The train sounds like chug, chug, I hear a dog, woof, woof. There are many familiar childhood songs to use, but don’t be afraid to get silly and make up your own, too. Use everyday objects to introduce colors and counting. You have two blue socks, one, two. She has two yellow socks, one, two. You can do this simple activity with any objects at any time. I see many trees; they have green leaves. Let’s count them, one, two, three, four, five.

Remember language does not need to be watered down. The more words your child hears, the more expanded their vocabulary will be. Even children who are not yet verbal benefit from hearing a wide diversity of language and vocabulary. You stacked the pillows up high, now they are gigantic. Point out printed letters and numbers in the environment around you, whether you are on a walk, in a store or driving. Call out letters in your child’s name as you see them. Say the letter sounds over and over and name other things that begin with the same letter. Look at that big letter L. L is for lion, lollipop, and my baby Lucy.

Young children love to dump things out. Give your child a bucket,

box, or pot and some items to put in and out. Make a game of cleaning up the objects, too. As a child grows, simple two-step chores can foster independence and self-help skills. Let’s find all the shoes and put them in the closet. Let your child “help” with everyday chores to gain new experiences.

Expressing emotions in healthy manner is a significant concept to master. Families can help children recognize and label different emotions as they occur. His nose is scrunched up like this and his mouth is frowning. He looks angry. Pointing out a wide range of emotions and suggestions on how to cope with them benefit children in their social-emotional development. Your eyes are watery, and you are slumped in your chair. You look sad. When I am sad, a hug helps me feel better.

There are countless simple ways to foster early learners through meaningful interactions at home. Make a commitment today to expand on your child’s natural play experiences and encourage a love for learning that they can carry their entire life.

# Zephyrhills kids hone skills at summer baseball camp

By STEVE LEE  
Sports Reporter

Last Wednesday rain threatened to cancel a local baseball camp for the second straight week. Wet field or not, the camp's instructor planned on muddying through.

"I've got kids coming. I'll be out there," said Heath Horsley, who coached the Zephyrhills Little League Junior Baseball All-Stars this season.

Summer baseball camps typically are designed to make ballplayers better with instructors working to hone youngsters' skills by working on the basics — throwing, catching, hitting and running. The Zephyrhills First Annual Summer Slam goes beyond that by including calisthenics as well as speed and agility drills.

Horsley has a combination of all-stars, returning players and newcomers at the sessions. That mix of about two dozen boys, ages 6-14, works well on the field. The more seasoned players help the boys coming out for the first time or others considering joining the Zephyrhills Little League's fall season.

"I've got a couple of kids who haven't played baseball and I bring them up to speed for fall ball," he said as players went through various drills and practices at the ball field adjacent to Charles B. Krusen Memorial Field. "We want them to understand the fundamentals of the game. The purpose of this camp is to bring the kids out here; to break them out of their shell."

Another reason for the camp, which began in June and continues Wednesday, Thursday and Friday evenings until fall ball stars in late August, was to give young boys who are not practicing for the upcoming youth football season something to do.

"It's for the ones who aren't playing football over there," he said, pointing to the Zephyrhills Bulldawgs going through preseason practices for football and cheerleading. "I just wanted to create this program to keep them active."

Dwayne Wagon, another Little League All-Star coach who last week showed up at the summer camp, concurred. His son Diesel is among the all-star players helping out with the newcomers.

"It puts (his son) in a good social environment and it gets him interacting with other kids," Wagon said.

Kenniel Cruz, a 7-year-old who has never played organized baseball, was among the newcomers at a recent practice. He showed off a strong arm by playing catch with another ballplayer and making throws across the infield after fielding grounders at third base.

"He always wanted to play baseball," said his father, Kenny Cruz. "This will get him warmed up for September."

For someone who has yet to play an inning of Little League, Kenniel sure has some lofty goals. When asked who he would like to be like as a ballplayer, he replied enthusiastically, "I want to be just like Babe Ruth and Lou Gehrig."

Another 7-year-old camper was Kyrom Medina, who is coming off his first season playing in the local league.

"He wants to learn more baseball and get used to it," said his father, Orlando Medina.

All-stars Ayden Horsley, a pitcher, and catcher Caymin Hudson, did their best to encourage the newcomers and impart some of their knowledge.

"I'm looking to show these kids how to play; to not be scared of the ball and to always keep your eyes on the ball," said Horsley, the coach's son.

Kellen Stokes, another all-star, said it was important to hit grounders and fly balls to the newcomers "so they can get a little better and play in the field."

Horsley, who recalled playing Little League baseball at Krusen Field before the local program relocated to the Samuel W. Pasco Recreation Complex off Chancey Road, said the camp could continue in the fall.

Right: Kenny Cruz, who grew up playing baseball in Puerto Rico and later on a high school team in Pennsylvania, signed up his son for the camp. Kenniel, 7, has never played organized baseball but hopes to play fall ball in the Zephyrhills Little League.

By STEVE LEE  
Sports Reporter

While many Pasco County and outlying area high school football teams have spent the better part of the summer competing in 7-on-7 football tournaments, perhaps no team is more ready for the regular season to start than Zephyrhills Christian Academy.

The Warriors, who have played in a dozen offseason tournaments, won the Inaugural Cypress Creek 7-on-7 Shootout. They defeated the host Coyotes 25-6 in the final to finish 7-1 overall with their lone loss coming against city rival Zephyrhills. "The team's coming together well," said Spence Jones, Zephyrhills Christian's defensive coordinator. "We've played in a dozen tournaments and we have a new weight room."

Jones cited several defensive standouts who helped the Warriors win the title. That list of linebackers and secondary players included: Quavious Cook, Demetri Whitehead, Andrew Felder, Kayleb Samuel, Hezekiah Langley, Fred Adams Jr. and Emmanuel Allen Jr.

The 12-team tourney featured teams from Pasco, Pinellas and Hillsborough counties. Each team got a minimum of five games, which included four in pool play and at least one playoff matchup.

For Cypress Creek coach Mike Johnson, there were three priorities: "I told them going into it to have fun, compete and stay healthy. I would've liked to have seen us win that last game, but ZCA's put together a great team."

The Coyotes won five of eight games, splitting four in pool play then reeling off three straight victories before the loss to the Warriors to finish with a 5-3 record.

Owen Walls, a rising senior and Cypress Creek's returning quarterback, connected on numerous passes to Andrew Burgess, Merrick Simmons and Dernere Jones, along with tight end Dylan Lolley.

Although Zephyrhills came up one win shy of the championship game, the team settled for being a semifinalist. Having defeated Zephyrhills Christian 21-14 in pool play, the Bulldogs wound up losing 16-10 in the rematch.

"We turned the ball over twice and that hurt us," Zephyrhills coach Nick Carroll said of his team being intercepted twice by the Warriors in the rematch.

Carroll noted that quarterback Jackson Rivera looked solid in finding plenty of open receivers throughout the tourney. Some of the favorite targets for Rivera, the team's returning starter who will be a senior, were Jaylin Thomas, Maguire Neal, Willie Queen and Maddox Rivera, Jackson's brother.

Two nice passing plays by Queen and Neal helped the Bulldogs defeat arch-rival Pasco 12-6 in the opening round. With the game tied 6-6, Queen made a nice catch out of the backfield and got the ball inside the red zone with a nice run down the left sideline. On the next play, a Jackson Rivera pass was tipped high into the air at the goal line and Neal jumped above two defenders to make a nice touchdown catch.

"We got some good pass timing down with our receivers," Carroll said.

Wesley Chapel also played in the series, posting a 3-2-1 record. Coach Tony Egan said his team "played competitive the whole time" and that returning quarterback Ethan Harper "played well for the day."

Harper's top targets were Sebastian Gutierrez, Nehemiah Morgan, Ayden Roysdon and Dylan Chana, the latter of whom had a nice catch on a high pass in the end zone.

While all 12 schools in the tourney fielded varsity teams, Cypress Creek had the only junior varsity squad. Johnson was impressed with that team of underdogs, who gave valiant efforts throughout the series and got wins over Land O' Lakes and Pasco.

"Give credit to the young guys going in there and learning," he said.

# Retail, restaurant and recreation on their way to Zephyrhills

Above: The new Chick-fil-A could be online and serving customers before the month is out.

Right: The storefront side of the retail parcel where Chipotle will soon set up shop.

ANDY WARRENER

*As the city's footprint and residency continue to grow, look out for some new recreational options that are coming*

By ANDY WARRENER  
Sports Reporter

Possibly not even topped by the recent sign wars, the talk to Zephyrhills seems to be the new Chick-fil-A at the corner of Pretty Pond Road and U.S. Highway 301. Good news. It could be hosting hungry residents before the month is out. Construction crews have been working nearly non-stop to get the popular eatery online.

"They are working on that project seven days a week," Zephyrhills Public Works Director Shane LeBlanc said. "They are not messing around. We came back from a trip on Saturday and at 8:45 p.m., they were still working."

Neither LeBlanc nor Zephyrhills City Manager William Poe Jr. knew the exact date but both said they'd heard a tentative July 29 opening date. There are a number of factors that could knock the final completion date off course, such as supply and labor shortages, together with inclement weather but the notion to have the restaurant open by August is a viable one, indeed. It should be a massive opening.

"People are going crazy about it," LeBlanc said. "When it opens, you're not going to be able to get close to it."

Just up the road is another triplex shopping center. The parcel is located just north of the 7-Eleven on the east side of U.S. Highway 301. While two of the parcels still don't have declared tenants, Chipotle is ready to take over at least one of them. What those other two parcels will be is still up for grabs.

"There is a list of uses permitted," Zephyrhills Planning Director Todd Vande Berg said. "It could end up being retail or professional offices. I drove by it and they are already putting the landscaping in."

A couple of other projects are more

municipal in nature but could end up being equally entertaining. The Jeffries House and corresponding Carriage House are officially awaiting results of Requests For Proposal (RFPs). This Thursday, July 22 from 11 a.m. to 4 p.m., there will be an Open House at the Jeffries House where city staff and the CRA will court potential suitors or parties that can connect to potential suitors.

"The open house is designed to generate interest and traffic to the RFP," CRA Director Gail Hamilton said. "We've pitched to TV stations, the Kerns Family Construction (who renovated the Carriage House) will explain the construction of the building and give details for the potential different uses. We've had ideas for coffee shops, ice cream parlors, an art gallery. There are some good things we can do there."

The RFP allows for the use of both the Jeffries House and Carriage House together or independently. RFPs are due in August.

Even a bit further out in the ether but certainly on its way is what the new Hercules Park will look like. The area, basically between Zephyrhills High School ball fields and the Wawa on Gall Boulevard, is slated to become the new or reinvented rather, Hercules Park. City staff is heading down to Bradenton on July 28 to take a look at a public park that Kimley-Horn, the contractor for the project, designed to generate some ideas.

"They (Kimley-Horn) want staff to see the amenities and gather ideas," LeBlanc said. "It's a whole lot better to see these things in-person."

Poe has some ideas that he would like to float that would give teenagers some recreational options in town. Poe noted that there were many recreational (and free) options for smaller children and for adults but that city amenities for high school or teenaged children were limited. Poe likes the idea of some kind of water features and would like to see if and how a BMX-styled bike track could mesh with the plans for the park. It's a completely city-funded project at this juncture, so the city holds the keys for what is eventually decided on.

"It's still very much a fluid plan," Poe said. "We're going to bring some ideas up in council and see what people think."

Citizens interested in chiming in should check the city council agendas going forward to see if there will be discussion on the subject. City council meetings are every other Monday at 6 p.m. That is the chance to chime in and offer suggestions.

“We realize customers have to trust us, that if we put an advertisement out that we’re having an event - that we are actually going to put it on...within reason,” Randy Yoho said.

And so with about four months before the July 17 date, Mud Endevour decided to put Under the Lights on. Registration starts usually four months out. The course takes a crew of five about three weeks to build. As is customary, Yoho added some tweaks to the course. They cut some trails in a five-acre wooded area behind the motocross dirt track and fashioned that phase as, “The Jungle.” The giant slide was adapted. The two-story slide, rather than empty into a pool, runs right off the white plastic and back onto the dirt course. The run still had all the traditional challenges, a three-mile course beset with walls to climb, ice baths to crawl through and cargo nets to wrestle with.

It marked a return to the sport for many participants.

“This was my first event since March of 2020,” Jessica Willey of Tampa said.

Willey was running

alongside her mother, Lisa, who was in just her second OCR back from the hiatus.

“I’m so glad to see it (Mud Endevour) back, there were some races that went by the wayside,” Lisa Willey said.

The Willey’s use OCRs as a bonding experience and also an excuse to workout. They were recovering from their run in the bleachers, sipping well-earned Michelob Ultras.

“It feels better when you earned it,” Jessica Willey said. “This is one drink I’ll have with a bit of dirt.”

The team called the Cypress Creek Mudders, which are staff members and families of Cypress Creek High School, were happy to resume the family-oriented event.

“We’ve been doing them for five years and I’m glad to be back and doing them with our kids, now,” June Hernandez said.

For some participants, Saturday was a coming full circle event.

“This (Under the Lights) was my first ever mud run event in 2016,” Julia Perez said. “Everyone is super nice at these things. I really enjoy the team energy and physical

aspect of it.”

The Leo-Fretz-Mazza Family was making a return to mud runs or OCRs at last Saturday’s Under the Lights. The Naples-based extended family was thrilled to be back on the scene. Some members of the team were coming back from a two-year hiatus from the sport. Gym and fitness centers made popular teams, as they always do. Crossfit of Groveland brought a group out to the Fairgrounds. LiveFit Boot Camp of Hudson put together a team called the Mud Squad. Team members ranged from their 20s to 66-year-old Kathy Ranus.

“(OCRs) Are good for people of all levels,” LiveFit owner Derek Kuryliw said. “There’s joking, slides and other fun stuff, the upside down wall - some good moments.”

As dusk gave way to darkness and the stadium lights came up, event winners - Noel Medina on the men’s side and Jamie Horianopoulos on the women’s side were crowned and the 2021 installment of Mud Endevour’s Under the Lights marked a return to normalcy.

## SAINT LEO: From Page 1

ration of 14:1. It is the state's oldest Catholic institution of higher education.  
A wide range of students toured the campus on Saturday, both from in and out of the state. Among them was Tim Capolino, who this spring graduated from a high school in New York and looks forward to spending the next four years in east Pasco County. For him, the religious aspect of Saint Leo was a big selling point.  
"I love the Catholic atmosphere," he said. "I love the daily masses that we have."  
Touring some of the classrooms was McKenzie Eaton, a recent graduate of Winter Haven High: "I think it's really cool that we get to see people like (the professors)."  
The Donald R. Tapia School of Business was a popular stop for many students. Some, no doubt, already have business ideas in mind, like three students who planned to start a pizza/real estate business.  
"We want to take their ideas and guide them," said Owen Roach, assistant professor of Supply Chain in the business school.  
Roach was quick to add that faculty members do not do the work for aspiring entrepreneurs. Ideas and projects are analyzed and evaluated with students having to show how practical and, hopefully, profitable their ventures could be.  
"If it's not in the real life, I'm not teaching it," Roach said.  
In the criminal justice building, Dr. Rhondra Waddell, Associate Dean and Professor in Social Work, informed students of the various programs along those lines. She was accompanied by Dr. Ebony Perez, Department Chair of Undergraduate Social Work.

In the same room was Dr. Joseph Cillo, Field Placement Coordinator for the Department of Criminal Justice. He explained that as part of the criminal justice program students will get practical experience by racking up more than 800 hours in the field. Attending a police academy also is an option.  
"You will live your future now," he said, adding that there also is a crime scene house for students to try and solve crimes.  
"It was interesting to see who I'd be taking my classes with," said Sofia Villegas, from Palm Springs.  
"I liked seeing some of the professors," added her friend, Isalix Cruz from Puerto Rico.  
Not everyone planning to attend Saint Leo showed up for Saturday's events, which also included lunch in the cafeteria or at food trucks, a reception for parents and family members, and an area to make deposits.  
Next up is move-in day, which actually takes place over several days. This year's move-ins come in between Aug. 17-20.
