Lions broaden east Pasco boundaries for youth football and cheerleading program

By STEVE LEE

Apparently, an arrangement between youth programs in east and central Pasco is working out rather well. So much so in fact that a merger between Zephyrhills and Wiregrass area youth football players and cheerleaders has been extended for a third straight season.

The program, featuring mostly Zephyrhills players with some from Wiregrass and even the New Tampa areas, began practices earlier this month in preparation for the Pasco Athletic League Jam-boree. That preseason exhibition is July 27 and hosted by the Trinity

Mustangs in west Pasco. The Wiregrass Lions have been the program's official name since a merger with the former Zephyrhills Bulldogs in 2017.

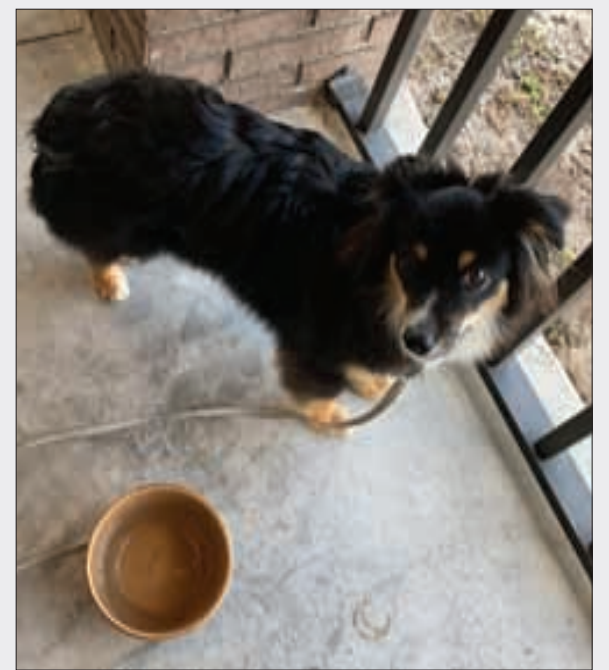

"It's finally an organization that's being run a lot better," said Keith Morris, PAL's executive director. "They expanded a little bit closer to the Wiregrass area, but they needed to do that."

The Lions, who practice and play home games at the Samuel W. Pasco Recreation Complex off Chancey Road, are one of two youth football and cheerleading programs in Zephyrhills. The other is the Zephyrhills Bulldawgs, who compete in the Mid-Florida Youth Football and Cheerleading Conference and call Charles B. Krusen Memorial Field home.

Among the other PAL teams are the Dade City Pirates, Wesley Chapel Bulls, Land O' Lakes Gators, River Ridge Knights, Hudson Cobras and New Port Richey Buccaneers.

Outdoor Dog Dining Ordinance comes to Pasco County

While the ordinance only applies to unincorporated areas in Pasco County, some Zephyrhills and Dade City restaurants are taking steps to be more accommodating for pets

By ANDY WARRENER
Sports Reporter

Dining out with your canine friend is now codified in Pasco County. As more and more diners seek to bring their pets along with them, Pasco County has set down a series of regulations and an application process to legitimize it. The Outdoor Dog Dining Ordinance 17-48 sets certain parameters for restaurant owners to comply with, it only applies to restaurants in unincorporated Pasco County.

That hasn't stopped Kafe Kokopelli Owner Steve Queen from getting on board. Even though Kafe Kokopelli is located within Dade City city limits, Queen is going through the process, anyway.

"We have always welcomed dogs on our patio," manager Andrea Carter said. "Especially during season, people walk around with their dogs and like to go on our patio with them. The process is pretty easy, it's just a matter of filling out an application and adhering to a few requirements."

It costs \$50 to apply for a permit and restaurants must meet certain criteria. There must be separate access for dogs from outside, in other words, they can't come through the restaurant. There must be waterless hand sanitizer at every table in the outdoor dining area. Dogs cannot be on any furniture. The

Basketball teams play series at Disney and Georgia

Zephyrhills-based team goes 3-2 in AAU Nationals while Wiregrass squad posts 2-4 mark in Atlanta area

By STEVE LEE
Sports Reporter

Two travel basketball teams of 17-and-under high school players from east and central Pasco capped their summers by competing in prestigious national tournaments last weekend. The Demons, primarily a team of Zephyrhills players, were in Lake Buena Vista while Team Chapel, consisting mostly of players from Wiregrass Ranch, played in a series in Georgia.

More specifically, the Demons were in the Amateur Athletic Union Nationals at Disney's Wide World of Sports Complex while Team Chapel was in Marietta, just outside of Atlanta for the Elite 32, a tourney featuring some of the nation's top high school teams.

The Demons went 3-2, finishing in third place with a 2-1 record in pool play. Their final mark included one victory by a whopping 40-point margin as well as a disheartening loss in overtime.

Three players — Austin Linville, Harrison Barker and Dontae Marchman — expected to lead the Zephyrhills High team to another deep postseason run in the upcoming season fared well in that series.

"Austin had 23 point in the first game," coach Mike Cogan said, noting that the guard who will be a senior had several 3-pointers. "He was on fire."

As for Barker, who can play forward or guard, Cogan was equally impressed on how the upcoming senior took charge on the court.

"He's the leader," the coach said. "He's the general on the floor."

Risk factors for children's vision problems

The National Eye Institute notes that age is a risk factor for various eye and vision problems. But age alone does not make people vulnerable to such problems, as even young children can develop problems with their eyesight. According to the American Optometric Association, certain factors can increase the extent to which a child is at risk of developing eye and vision problems. The presence of any of the following factors may determine the frequency with which children's eyes need to be examined.

- Prematurity, low birth weight, prolonged supplemental oxygen at birth
- Family history of myopia, amblyopia, strabismus, retinoblastoma, congenital cataracts, or metabolic or genetic disease
- Infection of mother during pregnancy (e.g., rubella, toxoplasmosis, venereal disease, herpes, cytomegalovirus, or human immunodeficiency virus)

- Maternal smoking, use of alcohol or illicit drug use during pregnancy
- Cortical visual impairment: Boston Children's Hospital notes that cortical visual impairment, or CVI, is the most common cause of permanent visual impairment in children. Children who do not show normal visual responses to things like people's faces or toward objects may be tested for CVI.
- Difficult or assisted labor, which may be associated with fetal distress
- High or progressive refractive error: Refractive error involves a problem focusing light accurately onto the retina due to the shape of the eye.
- Strabismus: The American Academy of Ophthalmology defines strabismus as improper alignment of the eyes in which the eyes point in different directions.
- Anisometropia: Australia's Vision Eye Institute notes that a person's eyes rarely have

identical optical power, but the difference is typically negligible and compensated for by the brain. However, when a person has anisometropia, the difference in vision between the two eyes is so significant as to interfere with normal binocular vision.

- Academic performance problems
- Known or suspected neurodevelopmental disorders
- Systemic health conditions with potential ocular manifestations

- Wearing contact lenses
- Having functional vision in only one eye
- Eye surgery or previous eye injury
- Taking prescription or nonprescription drugs (e.g., over the counter medications, supplements, herbal remedies) with potential ocular side effects

More information about issues that can affect children's vision is available at www.aoa.org.

BASKETBALL: From Page 1B

Cogan noted that Marchman had some trouble against taller players, which led to some turnovers in the backcourt.

Additionally, Joshua Corpus rebounded well and was strong on the offensive and defensive boards throughout the series.

Team Chapel coach Glenn Pelt said his team could have come away with four victories rather than the two it tallied. The outcome, however, was not as important as the level of competition.

"We could've easily been 4-2," he said. "When you go to these, of course you want to win but you want the kids to play competition that's top-notch."

The two victories came against teams from Orlando, 59-54 over Raptors Elite and 66-56 over Team Splash. Team Chapel nearly had three wins, but blew a nine-point lead in a 55-53 overtime loss to The Program.

"We had that game," Pelt

said, noting that Team Wesley Chapel still led by three points with nine seconds remaining and fouled an opponent to force two free throws that would've likely led to a win by one or two points and running out the clock.

"We definitely fouled the kid, but the ref didn't call it," Pelt said.

The Demons and Team Chapel have played tournaments throughout the spring and summer are done for the season. They actually squared off in the AAU State Championship game earlier this summer with the Demons winning that contest by a 63-49 margin in Tavares.

In addition to the Zephyrhills players the Demons roster also has players from Pasco, Cypress Creek and Sunlake. Meanwhile, the Team Chapel roster includes players from Wharton in northern Hillsborough County.

Both coaches agreed that the experience of playing in summer travel basketball tournaments surely will help players during their upcoming

high school seasons.

"It was a good group of kids and they played hard," Pelt said. "You can't stress the importance of going out and playing teams from different parts of the country; teams that you don't see from this area."

Above: Glenn Pelt draws up a play on a clipboard while the Team Chapel players look on during a break in the action.

Wright was processed by the Zephyrhills Police Department and released.

Aggravated cruelty to animals

A 35-year-old Zephyrhills man was arrested July 5 at his home after he allegedly deprived a dog of sustenance and shelter leading to the dog's death on July 4. He left the dog in a cage in his front yard with no shade or water from 9 p.m. on July 4 to 11 a.m. on July 5. A second dog was found under a grill with no water.

Arrested was Frank Maurice Ector of 39530 Lincoln Ave.

Ector was processed by the Zephyrhills Police Department and transported to the Pasco County Jail.

Possession of cocaine and paraphernalia

A 41-year-old Zephyrhills woman was arrested July 6 at her home after a traffic stop, for an expired tag, allegedly revealed 0.1 grams of cocaine.

Arrested was Michelle Nanette Holley of 5854 Plaza View Dr.

Holley was processed by the Zephyrhills Police Department and transported to the Pasco County Jail.

Pasco Sheriff's Office Newsletter

The start of the 2019-20 school year in Pasco County is Aug. 12 and I urge parents and their children to familiarize themselves with important school safety information provided by the Pasco Sheriff's Office.

Parents and guardians should understand that student and staff safety is the top priority for the agency on Pasco school campuses. It bears repeating that no weapons, illegal drugs, and tobacco products are allowed on any Pasco school campus. This includes vaping products. Unfortunately, there are too many students arrested for possession violations every year for all of these products.

Making direct or indirect threats to commit acts of violence on any school campus, whether joking or not, is illegal in Florida. It is a felony to threaten any gun violence at a Florida school. The law previously only mentioned threats by bombing, but now any such threat is considered serious and no leniency is given for students who are "only joking." We must consider any such threat, verbal or written, as serious and we will have arrested any student making such threats.

Last year, the state Legislature amended the law, (FS 836.10) Written Threats to Kill, making it a felony to convey threats of gun violence or acts of terrorism against any person in writing or through any electronic record, which includes posts to social media. Any person who makes, posts, or transmits a threat in a writing or other record, including an electronic record, to conduct a mass shooting or an act of terrorism, in any manner that would allow another person to view the threat commits

a felony of the second degree.

In a partnership with the Pasco County School Board, the Pasco Sheriff's Office places law enforcement deputies on middle and high school campuses through the school resource officer (SRO) program. The primary role of the SRO is the safety and security of our students and faculty. These full-time deputies investigate any crimes committed on campus and any allegations of child abuse off-campus. SROs ensure

that our school grounds are safe during the school day and at school events. Every parent should get to know their child's school resource officer and turn to that individual for any questions about their child's safety on campus. Parents should encourage their children to report any suspicious behavior or circumstances to their SRO, school safety guard, or a school official immediately.

There are several ways for students or a parent to report concerning or suspicious activity and you can do so anonymously. This includes a new smart phone application funded by the Florida state legislature called FortifyFL, which is available on both the Apple and Google phone app stores. You can also submit a tip to the Pasco Sheriff's Office by visiting our website at PascoSheriff.com and clicking on the Submit a Tip link.

The official platform for the most up-to-date and accurate information about any major incidents or safety concerns about a school, please follow us at Facebook.com/PascoSheriff.

Active warrant

A 33-year-old Zephyrhills woman was arrested July 6 at Sonny's B-B-Q, 6606 Gall Blvd. after a check allegedly revealed a warrant out of Polk County for a grand theft charge. A search allegedly revealed three syringes and a bottle cap, which tested positive for suboxone.

Arrested was Maria Elena Conception of 37840 Daugherty Rd.

Conception was processed by the Zephyrhills Police Department and transported to the Pasco County Jail.

Active warrant

A 46-year-old Zephyrhills man was arrested July 8 at his home after a traffic stop, for an equipment violation, allegedly revealed a warrant out of Pasco County for violation of probation.

Arrested was Randall Bruce Cavanaugh of 5835 8th St.

Cavanaugh was processed by the Zephyrhills Police Department and transported to the Pasco County Jail.

Pasco school grades increase with student achievement and teacher engagement

Pasco County schools saw school grade improvements with increases in the number of A and B schools and decreases in the number of schools under state review. These improvements reflect the dedication of Pasco County students and teachers this year, as the district's grade remains a B.

Fifteen schools improved by one letter grade. Bexley, Lake Myrtle, and Wiregrass elementary schools improved from B to A; Deer Park, Gulf Trace, Marlowe, Pine View and San Antonio elementary schools

improved from a C to a B; and Anclote, Calusa, Chasco and Richey elementary schools improved from a D to a C.

Wendell Krinn Technical High School scored an A in its opening school year.

"I am proud of these positive strides, and I cannot thank our faculty, school-based administrators and staff, and district administrators and staff enough for their passionate drive to do what is best for students," stated Superintendent Kurt Browning.

DOG DINING: From Page 6B

establishment owner can set certain hours and days where dog dining is permitted. Lastly, the establishment owner must clearly identify where the dog dining area is.

In order to apply, a prospective permit-holder must submit an application, create a diagram of the designated area, write a description of the outdoor area and present the days and times that dog dining will be permitted in the area. State requirements still apply, such as requiring servers to wash their hands after touching or petting a dog, that dogs must be leashed at all times, that the restaurant must have a cleanup kit and sanitizer station for dog waste and last that dogs may not eat off plates.

Kafe Kokopelli already boasts a "Pet Friendly" sticker on their front door, purchased as part of the Dogs Day in Dade City annual event that benefits the Dade City Dog Park. They seem to be taking the extra step and complying with the county ordinance, even though they are in incor-

porated Dade City. It's not a stretch of the imagination that local municipalities will eventually adopt the county ordinance.

A block away at the Brass Tap, owner Todd Batchelor isn't pursuing the county permit but he does allow for dogs to accompany their owners on his outdoor patio.

"We don't allow any dogs inside but we do have a pet-friendly patio," Batchelor said. "We have a number of people that bring their pets while they enjoy a meal, a beer and of course, great service."

Batchelor is well aware that the county ordinance has a chance to become a city ordinance.

"I'm all for complying with the county ordinance," Batchelor said. "If there are any requirements we have to meet, we certainly will comply. We will always be a pet-friendly place."

Batchelor and the Brass Tap already have some of the requirements under wraps and they even dole out little extras for their four-legged patrons like setting out water bowls and offering dog treats.

Down in Zephyrhills, Commandough's fashions itself as being a pet-friendly restaurant.

"Most of our seating is

outdoors and we've always allowed dogs," owner Michael Weaver said. "We've never had complaints."

Complaints are almost certainly what prompted the county to pass the ordinance back in February of 2018.

"We've had way more people complain about smoking outside," Weaver said. "I can see how some of the regulations make sense, I don't necessarily agree with them all but if we have to follow those rules, we'll follow those rules. Our overall experience with pets here has been positive. We know dogs' names like they are regular customers here."

For now, the incorporated restaurants have time and some freedom to host dog diners as they choose but the prospects of both increased dog dining and increased regulations around it are on the rise. THE BOLD AND THE BEAUTIFUL

Hope comforted Douglas, not realizing it was Thomas who scared him. Thomas changed out pictures of Caroline in Douglas's room with pictures of Hope. Eric announced that Xander left Forrester Creations. As Thomas broke the news to his father and grandfather, Hope told Liam that she was marrying Thomas the next day. Thomas warned Ridge that he better stop Brooke from interfering in his relationship. Brooke ignored him and asked Hope if she wanted to call off the wedding. Steffy helped Hope prepare for the ceremony. Thomas manipulated Douglas to be a part of the wedding vows. Zoe panicked when Flo got drunk and threatened to tell everyone the truth about baby Beth. Wait to see: Hope is interrupted when baby Hopebe interrupts her wedding vows.

DAYS OF OUR LIVES

Eric contemplated a big change. Xander got revenge on Kristen. Ted did his best to throw Hope off track. Gabi suspected that Nicole was behind Stefan's troubles. Gabi had a bizarre encounter with "Nicole." Brady tried to oust Xander from Titan. Gabi pressured Kate to come clean. Jennifer made an impassioned speech to Jack about the person he used to be. Xander and Kristen played a game of cat and mouse. Will felt unsettled by his discovery. Jennifer decided to move on from Jack. Brady was thrown when "Susan" hit on him. The real Susan surprised Will and Sonny. Gabi had a showdown with Xander. Ciara was shocked to find her mother kissing Ted. Wait to see: Kate accidentally attacks Sarah.

GENERAL HOSPITAL

Lulu turned to Sonny for help. Julian wondered if his efforts were enough. Kristina cautioned Ava. Jason worried about Carly. Lulu was furious. Kim and Julian had a heart-to-heart talk. Curtis checked in with Drew. Jax was warned about an alliance. Ava took a meeting at the hospital. Carly wanted to know Josslyn's opinion. Sonny was furious with Ava. Cameron surprised Liz. Franco noticed something peculiar. Lucas demanded some answers. Sam had a surprise for Jason. Valentin met with Curtis. Sasha made a declaration. Nina tried to apologize. Curtis opened up about his fears. Shiloh grew increasingly desperate. Jason and Drew honored their promise to Oscar. Jordan felt shaken. Wait to see: Sonny intentionally runs into Robert.

THE YOUNG AND THE RESTLESS

Elena happily agreed to move in with Devon. Nate and Abby shared a passionate kiss, and she invited him to attend a family dinner with her. Billy's already raw emotions were heightened when he discovered one of Delia's old dolls at the Chancellor house. Lola and Celeste made peace again. Theo began to sabotage Lola and Kyle's relationship by talking about Kyle's wild days in New York. Cane suggested to Traci that he could accompany her to the Big Apple to meet with her publisher. A lonely Jack considered visiting Ashley in Paris. Adam sought revenge against Chelsea by giving Paul some inside information about her. Wait to see: Nick's charade is exposed.

► **PAL:** From Page 1B

is the Wiregrass director, noted that the Lions have increased in numbers since the merger before the 2017 season. That year there were about 70 boys and girls in the program, a number that grew to 90 last season. With time still remaining to sign up there are about 110 members so far this year.

“Every year we’re getting bigger,” said Rivera, who also coaches Wiregrass’ mighty mites football team. “It’s being more known, creating a good atmosphere that kids want to bring their friends to and doing community things like Main Street parades.”

The Lions have had their share of successes on the football field and cheerleading mat as well. In 2017, the Wiregrass junior varsity team won the PAL Super Bowl while the junior flyweights made it to the final, but lost. Last season, the JV squad advanced to the conference final.

That 12-13 age group, however, might have a tough time getting back to a championship level since there are only three returners from last season.

Assistant JV coach Marc Dortch recalled just how rewarding it was for Wiregrass to win the 2017 title. The Lions lost to Land O’ Lakes and River Ridge during the regular season before defeating the Gators in the conference final and Knights in the league championship game.

“You couldn’t ask for anything better,” he said. “The two teams we lost to in the regular season we turned around and beat in the play-offs.”

As for the cheerleaders, league coordinator Marisol Rodriguez noted that the Lions have taken six straight firsts in mighty mites competitions — three last fall and three more in the spring.

While most of the boys and girls in the Wiregrass program are from east and central Pasco, a few come from the New Tampa area, which has two rival youth football and cheerleading organizations. New Tampa resident Josh Torres, a first-year coach at the mighty mites level, has brought his 8-year-old son Gaddiel to the Zephyrhills-based program to play flag football in each of the previous two seasons.

“This is a low-roster team and it’s a lot of play for the kids,” he noted.
