ZPD taking drugs off the streets

Drug seizures are on the rise in Zephyrhills thanks to the exemplary work of a special unit

By STEVE LEE
News Reporter

While many traffic stops by the Zephyrhills Police Department often result in minimal infractions or warnings, some are anything but routine. One such stop last month yielded a substantial amount of drugs, specifically 70 grams of methamphetamine and a small amount of cocaine.

That is just one example of how the ZPD is dealing with overdoses and drugs with seizures on the rise of late within the city limits.

Those numbers have been added to the statistics for this year so far. Since January the department has

collectively seized 577 articles of narcotics or paraphernalia. That includes more than 1,300 grams of methamphetamine, almost 60 grams of Fentanyl and nearly 40 grams of cocaine, as well as 1,424 pills of various kinds.

"A lot of the credit does need to go to the special response team, but it is a collaborative effort and we're focusing on getting (drugs) out of the city," said Derek Brewer, the city's police chief.

That amount of Fentanyl taken off the streets potentially could kill around 60,000 people. So far in 2021, the city is on track to exceed last year's drug overdoses by 14 percent. For his part, Brewer is issuing a call-to-action for Zephyrhills residents due to the recent spike in drug overdose related deaths.

"I'm proud of the tremendous work our officers continue to do getting dangerous narcotics off the streets of Zephyrhills," the chief said. "However, we recognize that enforcement is not the only way to combat drug addictions. We encourage our residents to take advantage of local addiction resources.

"We are the enforcement arm and will continue to enforce the laws, while reminding our community

Annexations, grant approvals highlight council meeting

Zephyrhills City Council addressed rate increases at SVB among other business during Monday's meeting

By ANDY WARRENER
News Reporter

The first item of business on Monday's agenda was named "unfinished business." It pertained to a plat for the Zephyr Lakes Subdivision. This development has become a flash-point in the negotiations regarding the extension of Kossik Road east to Wire Road and the offending transmission pole. The city is set to meet with interested parties but said meeting has likely not yet occurred because the item was pulled from the agenda at the outset. It was a statement in and of itself, that the city is not inclined to approve any more plats until the interested parties come to the table.

In the Planning Director's Report, Zephyrhills Planning Director Todd Vande Berg took the podium to outline the three items. Item 2.1 requested adding language to the City's Comprehensive Plan to include a "property rights element," a requirement of House Bill 59 and effective July 1.

"The intention of the bill is to make sure we're sensitive to the property rights of the individual," Vande Berg said. "We have always done that but now it will be formalized into policy."

With councilwoman Jodi Wilkeson absent from the dais, the item passed 4-0.

Item 2.2 asked council for an annexation and rezoning for a 12.5-acre parcel west of Simons Road, adjacent to SVB Tennis & Wellness Center. The annexation would bring a current Pasco County enclave into city boundaries. The parcel is within the City's Joint Planning Area. The zoning changes are aimed at allowing for more single and multi-family residences, as well as some mixed use and office options. There are requirements for the city to provide water and sewer services. Vande Berg stipulated that the parcel is well within the utility service boundary and that it is a, "good candidate for in-fill development." Vande Berg did mention that road studies have and will be done to determine if additional turn lanes are needed.

Investor in the project, Todd Lovinger described the development and how it will complement and support SVB by housing the academy students there. Lovinger described Phase

Saint Leo University to welcome largest class in school history

New student move-in set for Aug. 28, classes begin Aug. 31 at University Campus

For the third year in a row, Saint Leo University will welcome another record-breaking incoming class of students to its university campus. This year's class, comprised of more than 1,100 new campus students, will surpass the size of the Fall 2019 and Fall 2020 classes, previously the largest and second-largest in the institution's history.

"We're looking forward to welcoming this historic number of new students to Saint Leo this year," said Dr. Jeffrey D. Senese, Saint Leo University president. "The past year was challenging for everyone, but working together, the university community accomplished much and is ready for the new academic year. There is no replacement for the learning that happens when we are physically and socially engaged together, and it is time that we get back to that. We are encouraging students, faculty, and staff to be vaccinated against COVID-19 so that we can be together.

"This incoming class demonstrates our students' enthusiasm for a more typical college experience," Senese continued. "And Saint Leo provides not only the academics, but also prepares our students to be good citizens of the world."

Moving in
Saint Leo University is welcoming students to its campus over several days in order to protect the health and safety of everyone. New international students will arrive on campus beginning on Aug. 25, while new students from across the United States will move in to their residence halls from 9 a.m.-4 p.m., Aug. 28. Returning students will move in Aug. 29. Classes begin at the Pasco County campus on Aug. 31.

Clerk's constitution essay contest welcomes all Pasco fifth-graders

Ninth-annual competition asks, Why Is the Constitution Important?

On Sept. 17, 1787, 39 courageous, far-sighted patriots gathered in Philadelphia's Independence Hall under the watch of George Washington to sign the United States Constitution, inaugurating the stirring phrase that has resounded across generations: "We the People."

In seven articles encompassing 4,200 words, the document – the governing embodiment of the Declaration of Independence adopted in the same room 11 years earlier – established three coequal branches of government to carry out carefully enumerated powers while holding each other accountable using checks and balances.

Still, state legislatures worried about the excesses threatened by a strong, distant central government. When James Madison authored – and Congress adopted – the Bill of Rights, resistance dissolved, and 13 independent states became the United States of America.

More than 230 years later, the United States

spans a continent, its beacon of liberty shining into every dark corner of the world, and We the People still enjoy the freedoms hammered out during that long-ago summer in Philadelphia.

In celebration of the framers and Constitution Day – Sept. 17 – Clerk & Comptroller Nikki Alvarez-Sowles, Esq., invites all Pasco County fifth-grade students to participate in our ninth annual Constitution Essay Contest.

Competition winners will be selected by a panel of judges (all professional writers and editors) who will receive the essays with an assigned number but otherwise stripped of identification. First-, second-, and third-place winners will be presented an elegant trophy and a gift card, and will be introduced at a meeting of the Pasco County School Board. Clerk Alvarez-Sowles will visit the first-prize winner at her/his school. Honorable mention certificates, suitable for framing, also will be awarded.

Again, Clerk Alvarez-Sowles encourages all Pasco fifth-graders to participate: public school, charter school, parochial, private, virtual, and home school. All Pasco fifth-graders are welcome.

Rules are posted here: <https://www.pascoclerk.com/DocumentCenter/View/5886/2021-Constitution-Essay-Contest-rules>.

Pasco County Clerk & Comptroller Nikki Alvarez-Sowles is shown with 2020 contest winner Lucy Butler and her mom, Audra Butler, at Bexley Elementary School in December.

Deadline for entries is Sept. 30. Winners will be announced Oct. 22.

Firefighter Paramedics needed in Pasco County

Pasco County Fire Rescue is looking to hire their next class of Firefighter Paramedics to join their team. Qualified candidates for these positions will need to sign up with the National Testing Network at <https://nationaltestingnetwork.com/publicsafetyjobs>, complete the FireTEAM exam, and the CPAT with passing scores before filling out the online application through the Pasco County Job Opportunities page.

These positions opened Aug. 20, on the Pasco County Job Opportunities page. <https://www.pascocountyfl.net/1211/Pasco-County-Job-and-Volunteer-Opportunities>

This position is set to close on Sept. 2 at midnight.

One Community Now's Hunger Walk is September's Charity of the Month at Pasco County Tax Collector's Office

During the month of September One Community Now's annual Hunger Walk on behalf of the Pack-a-Sack 4 Kids Program will be the featured charity at the five locations of the Pasco County Tax Collector's Office. A supporter and sponsor of this program, tax collector Mike Fasano was more than happy to dedicate an entire month to raising funds for this organization that serves so many students throughout the county.

"I applaud One Community Now and the organizers of the Hunger Walk for their commitment to fighting hunger and food insecurity for students in our county," said Fasano. "Since its inception we've been blessed to field a large team of staff and friends of our office to be a part of 'Team Tax Collector' to raise funds for this important charity. We encourage members of the community, who are already so generous in their giving to our charitable programs, to consider donating to this important program as well."

The Hunger Walk directly funds what is called The Pack-a-Sack 4 Kids Program, which is the keystone of the food relief efforts of the One Community Now organization. Children who live in danger of not having food on their dining room table are given a backpack full of healthy meals each Friday to ensure that they

have food to eat over the weekend. The students return the empty backpack to their school on Monday, which is then refilled for the following weekend.

It is estimated the Pack-a-Sack 4 Kids Program feeds more than 1,600 children each week-end. Since the advent of COVID the number of kids in need has grown to the point where one in four kids in our county do not have enough to eat. A majority of those students also qualify for the federal free and reduced lunch program. The need is great, and the Hunger Walk helps meet that need.

If you would like to donate to the Hunger Walk or perhaps even join Team Tax Collector, visit www.onecommunitynowhungerwalk.org/taxcollector or stop by one of the five offices to give in person. The Hunger Walk will be Oct. 2, at Sims Park, New Port Richey. The event is currently scheduled to begin at 10 a.m.

For more information about the charitable giving programs at the Pasco County Tax Collector's Office, contact assistant tax collector Greg Giordano at (727) 847-8179 or visit www.pascotaxes.com.

For more details about One Community Now's Pack-a-Sack 4 Kids Program, contact executive director Patti Templeton at (727) 900-6280 or visit <http://onecommunitynow.com/>.

members that there are services available for those who want help," Brewer continued. "We don't want to have to notify anyone else's next-of-kin about a fatal overdose."

Aside from the special response team the local police department always has had help from the K-9 unit, which currently consists of officer Lorenzo Limoges and his dog Bolt, along with officer Morris Sparkman and his canine partner Jax.

"They play a big role," Brewer said, acknowledging the vital contributions made by the officers and their police dogs. "I think we're making an impact."

Two local officers who no longer are part of the canine unit but had been for numerous years are Joe Rinaldo and Billy Adams. Rinaldo, who also has been the boys and girls weightlifting coach at various times at Zephyrhills High, had Gunner and Mako. He most recently lost Mako last year. Adams worked for a long time with Jenko.

"I think we're attacking it better now than we have," Rinaldo said of pursuing drug dealers and coming through with arrests and prosecutions. "It's driving the sellers out of the city. If it wasn't for me and Billy working (with the dogs) you wouldn't have the success they have now."

"We set the bar and they raised it," he said, alluding to the current teams on the K-9 unit. "That's the way it should be."

OBITUARIES

Margaret Ann Hines

HINES, Margaret Ann, 83, of Lacoochee passed away surrounded by family Aug. 17, 2021. She was born July 5, 1938 in Dade City to Ernest H. and Ruby P. Joyner and remained a life long area resident. She retired after 37 years of dedicated service from the Lykes Pasco Packing Company. Mom "Loved" her church and was a very active member and treasurer of the Oak Ridge Missionary Baptist Church in Lacoochee. She loved her small community and one of her highlights was participating yearly with the Lacoochee Cemetery Fundraiser to keep our local cemetery beautiful. Her hobbies included spending time with her family, reading, and tending to her Christmas Cactus. Her favorite time of the year was spending time with family at Lake Weir each year during July 4th and celebrating her birthdays there. She liked everyone fellowshiping together and making family memories. She was the "Heartbeat" for us all. Margaret is survived by her daughter, Debbie Fagan and her husband, Mickey; and their children, Brittany Schaefer, and her husband, Cody, their children, Addalynn and Tucker, Shirly Floyd, and her husband, Clint, and their children, Kenton and Konnor. Her sisters, Pat Pike of San Antonio and Chleo Walker of Dade City; her brother-in-law, Edwin Hines and wife, Kathy of

Lacoochee, Steve Adams of Lacoochee; and her sister-in-law, Sandy Revels and husband, Harrell of Linden. The Lord blessed her with many nieces and nephews. She was preceded in death by her husband, Dan Hines in 2001 and her son, Duane Hines in 1986. Also, a brother, Sonny Joyner; sisters, Elizabeth King, and Mary O'Berry; a brother in law, Dale Hines (Jeanette); son, Tim Hines; a sister-in-law, Sybil Adams; and niece, Lynnette Revels. The family received friends on Aug. 20 at the Oak Ridge Missionary Baptist Church, 21051 Kersey St. in Lacoochee. Funeral services were Aug. 21 at the Oak Ridge Missionary Baptist Church. Burial followed at Dade City Cemetery. Flowers will be gratefully accepted or those that wish may make donations in her memory to the Oak Ridge Missionary Baptist Church.

Charles Monroe Gaskin Sr. GASKIN, JR., Charles Monroe, 87, of San Antonio, passed away Aug. 19, 2021. He was born Feb. 1, 1934 in San Antonio to Melvin and Sarah Jane Thomas Gaskin and was a lifelong area resident. He retired from the Department of Corrections as the Assistant Superintendent and was an active member of the First

Baptist Church of Dade City. He served as the President of William Cemetery Association over 25 years. He is survived by his loving wife, of 65 years, Syble Gaskin; three children, Vicki Brandel (Bob), Charles "Butch" Gaskin Jr. (Becky) and Beth Ammons; five grandchildren, Darrell "DJ" Oliver (Amber), Deanna McGee (Justin), Heather Duggan (Stacey), Samantha Crawley (Marissa) and Hunter Crawley (Emily); eight great-grandchildren, Luke Oliver (Sarah), Hunter Oliver (Victoria), Sarah Oliver, Chloe McGee, Ryleigh McGee, Brooklyn McGee, Noah Dill and Dylan Wing; and several nieces and nephews. He was preceded in death by his parents, Melvin and Sarah Gaskin; daughter, Teresa Harris and an infant daughter; and granddaughter, Kristin Gaskin. Funeral services were Aug. 24 at the First Baptist Church of Dade City and burial followed at Williams Cemetery. The family will receive on Aug. 23 at the 301 Chapel of Hodges Family Funeral Home.

GOD'S PROMISE vs MAN'S EFFORTS

"For if they which are of the law be heirs, faith is made void, and the promise of none effect:

Because the law worketh wrath" (Romans 4:14-15). This should be self-evident to us. If blessing is gained by the works of the law, it is earned. This is why Galatians 3:18 says: If the inheritance be of the law, it is no more of promise; but God gave it to Abraham by promise."

The apostle Paul, God's great apostle of grace, declares in Romans 4:4-5: "Now to him that worketh is the reward not reckoned of grace, but of debt. But to him that worketh not, but believeth on Him that justifieth the ungodly, his faith is counted for righteousness." Let's go back to that phrase: "the law worketh wrath." Many people just don't want to see this. Even some clergymen tell us that the law was given to help us to be good, but God Himself says, "the law worketh wrath." Every criminal knows this, and every sinner should know it. God certainly places strong emphasis on it. "Wherefore then serveth the law? It was added because of transgressions (Galatians 3:19) "that every mouth may be stopped, and all the world may become guilty before God" "Therefore by the deeds of the law there shall no flesh be justified in His sight: for by the law is the knowledge of sin (Romans 3:19-20).

If we come to God expecting eternal life because of our good works... Are we not offering Him our terms, which He will never accept? He will never sell salvation at any price, and certainly not for a few paltry "good" works, when our lives have been filled with failure and sin. Sin and death came into the world by one man, Adam, and God says that all have sinned and come short of His glory (Romans 3:23 and 5:12).

What is our only hope? God has promised to give eternal life to those who trust in His Son. "For the wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord" (Romans 6:23). "Christ died on the cross to pay for our sins, He was buried, and He rose from the dead on the third day according to the scriptures (1 Corinthians 15:1-4). Simply believe God's Word. Ephesians 1:7 says, "In whom we have redemption through his blood, the forgiveness of sins according to the riches of His grace." It is impossible for God to lie (Titus 1:1-2).

GO FIGURE! by Linda Thistle

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

- Autism is more common than childhood cancer, diabetes and AIDS combined.
- A bizarre dream in which cannibals surrounded him and prepared to cook him as they waved spears helped inspire Elias Howe’s invention of the sewing machine. When he awoke, he remembered that the spears had holes in their shafts and moved up and down.
- “Bhang lassi” is an Indian milkshake whose main ingredient is marijuana.
- According to British law, any unclaimed swan swimming in the open waters of England and Wales belongs to the queen. The law originated in medieval times when swans were a delicacy for the wealthy.
- “Gingerphobia” is a fear of redheads.
- The Russians arrived 12 days late to the 1908 Olympics because they were using the wrong (i.e., Julian) calendar.
- In 1995 a woman in Sweden lost her wedding ring while cooking for Christmas. Understandably distraught, she looked everywhere for it and even pulled up her kitchen floor, but didn’t see it again until 16 years later, when, while gardening, she discovered it encircling a carrot that had sprouted in the middle of it.

Wealth of Health

Healthy substitutions for baking and cooking

An ability to adapt is one of the most important skills to have in the kitchen. Following a recipe can give home cooks the cursory knowledge they need to make a delicious meal, but an ability to tweak recipes allows individuals to put their own spin on foods and customize meals so they fit with their particular lifestyles.

A person may have to change an ingredient to avoid a food allergy, or he or she may swap something out to make a dish more nutritious. Some substitutions can change the texture or even taste of the overall recipe, as no substitution can mimic the original ingredient exactly. However, a home cook will often find the results are acceptable, and may even prefer them to the “real” thing.

Original ingredient: White flour
Substitution: Whole wheat flour, nut flour

White flour lacks many nutrients because the grain has been largely stripped of its most important parts before being ground. Whole wheat flour has extra fiber that aids in digestion and can lower risk for certain diseases. Those with a gluten intolerance can use nut flours, like almond flour. Whole wheat flour and nut flours are denser than white flour, so you may need to experiment with 3/4 cup to 1 cup of white flour ratios in recipes.

Original ingredient: Sugar
Substitution: Applesauce

Sugar is the foundation of many baked goods, but too much sugar provides empty

calories and can contribute to various illnesses if eaten in large quantities. Swapping one cup of unsweetened applesauce for one cup of sugar can provide sweetness with more health benefits, such as added fiber and vitamins.

Original ingredient: Oil or butter
Substitution: Fruit or vegetable puree

Try adding pureed carrot, banana, pumpkin, or apples to recipes to boost moisture. These ingredients also add extra flavor and nutrients. The ratio is generally one-to-one for the replacement. However, cooks may want to experiment to find the best ratio for their recipes.

Original ingredient: Buttermilk
Substitution: Milk and lemon juice

If you don't have buttermilk on hand or if you feel that it is too high in calories, mix enough milk (low fat if desired) with enough lemon juice or light vinegar to reach 1 cup.

Original ingredient: Water
Substitution: Stock

Make a batch of vitamin- and nutrient-rich vegetable stock to use with foods that are boiled, such as pastas and rices. The stock will add flavor and nutrition.

Original ingredient: Egg
Substitution: Vinegar, baking powder and liquid (baking) or egg substitute (cooking)

When baking, 1/2 teaspoon of baking powder plus 1 tablespoon vinegar plus 1 tablespoon of a liquid can replace an egg in the recipe if you're avoiding eggs.

Original ingredient: Sour cream
Substitution: Plain Greek yogurt

Greek yogurt, with its natural helpful probiotic bacteria, can be a healthy substitution for sour cream in dips, dressings and other recipes that call for sour cream or even mayonnaise.

Food substitutions can help people customize recipes to fit their dietary needs. People can experiment with various ingredients to develop delicious meals.

Pasco County Public Transportation is pleased to announce a brand-new logo: GOPASCO!

GOPASCO celebrates its 50th anniversary of service next year. To gear up for the milestone, the organization's logo, website, public signage and materials have been updated with the GOPASCO branding.

The all-new website is user-friendly and easy-to-navigate, providing a seamless experience and many useful resources for bus riders. For more information, visit: GOPASCO.com.

"Our logo and website have changed significantly to better represent the public transportation system of Pasco County," said GOPASCO

Director Kurt Scheible. "The new branding and logo allow our customers to instantly recognize the system. Our team is proud of this major change and will continue to provide stellar service to Pasco County."

The Pasco Board of County Commissioners green-lighted the new branding at its Aug. 24, regular meeting. In the coming months, you'll notice all Pasco County buses sporting the new GOPASCO logo, and signs throughout the county will also reflect the change.

Below: Sarah Vande Berg Housing, LLC Petitioner Todd Lovinger addresses council during an annexation and zoning change request.

ANDY WARRENER

► CITY COUNCIL: From Page 1

1 of the project being almost exclusively student housing. He also described some of the mixed uses, the additional 122 parking spaces and the eventual indoor multi-purpose building. The project is broken up into three phases.

Phase 1 is hoped to be completed by August of 2022. The preliminary approval would send the item to a transmittal ordinance to be approved at a later time. The action was approved 3-0 by council, with councilman Lance Smith recusing himself from the discussion and vote.

Item 2.3 was an annexation request for two parcels of Pasco County land near the southeast corner of Pretty Pond and Wire roads. The first parcel is just over three acres and is located in the jurisdictional boundaries of the City of Zephyrhills. The second is an even smaller parcel and is considered an enclave, as it is surrounded by city property. The item also asked for zoning changes to city code that would allow for single and multi-family homes. Some discussion about drainage during heavy rains ensued but the item passed 4-0.

In the City Manager's Report, Sarah Vande Berg Foundation Program Director Nick Walton discussed changes to memberships at SVB. First and foremost, Walton wanted to describe the reduction in the types of membership packages. There were 72 different iterations and now they are reduced down to 24. SVB is trying to steer members and memberships into different sports as they are heavy on the tennis side. Most of the monetary changes were incremental. Normally, this would not even be something council would deal with but part of the city's contract with SVB stipulates that changes to pricing do indeed have to come before council. The proposed changes passed 4-0.

Item 3.2 asked council to accept and to authorize Zephyrhills City Manager William Poe Jr. to sign documents pertaining to the American Rescue Plan Act (ARPA) or COVID relief funding in the amount of \$8,242,000. Discussions will continue about what the funds can be spent on but the measure passed 4-0.

Item 3.3 detailed the three appropriation requests by the city to the state legislature. The legislative delegation meeting is Sept. 1 and Poe wanted to clarify the three items. They were: the sewer and water main extension - roughly a \$3.4 million project, the airport taxiway extension and construction of two hangars - projected at about \$5.3 million and the Zephyr Park improvements - tallied at about \$5 million. The item passed 4-0.

The one comment that Poe made in the Comments Section was that a staff training meeting was set to take place in the upstairs conference room at city hall on Thursday at 6 p.m., followed by a budget workshop in council chambers.

Zephyrhills Christian Academy routed 32-6 in preseason game

Warriors take on tough foe in Gainesville Buchholz, Zephyrhills missed potential three-way due to player quarantines

By STEVE LEE
Sports Reporter

Last Friday's preseason exhibition was supposed to be a three-way between host Zephyrhills Christian Academy, Zephyrhills and Gainesville Buchholz. The Bulldogs, however, were forced to back out due to several team members being quarantined after a player tested positive for Covid-19.

That left the Warriors and visiting Bobcats, perennial contenders in the highly competitive Class 7A, to square off for all four quarters. The hosts, who compete in Class 2A, did not fare well as evidenced by the outcome, a 32-6 loss.

Coch Mike Smith scheduled Buchholz, in part, to present his team with a formidable challenge and that's exactly what the Warriors got — and then some.

"All I wanted to see was if the kids wouldn't quit," Smith said. "I told them we can't quit when we're down."

Being down is one thing but facing a tough opponent without your starting quarterback and having an eighth-grader take over put ZCA into a big hole to start with. Adrian Miller III, a transfer from Bishop McLaughlin who was with ZCA throughout the summer's 7-on-7 football games and had already been practicing, was informed by the Florida High School Athletic Association that he would not be able to play.

"That hurt us big-time," said Smith, noting that he learned about it just five hours before game time. "Apparently, Bishop and Pasco have something going on and it's under appeal."

Miller III, a senior who tried to keep his composure while watching on the sidelines, felt

the Warriors would have made it a more competitive game if he was on the field.

"I'm cool right now," he said at halftime with the Warriors trailing 19-0. "This game would be 100 percent different. I know that."

Taking his place was Jayce Nixon, the aforementioned eighth-grader who throws lefthanded and was sacked several times. Nixon did, however, complete 7 of 18 passes for 72 yards. A nice 16-yard sideline pass play to C.J. Shepherd set up Nixon's 3-yard touchdown on a quarterback keeper for the Warriors' only points of the game.

Asked what he learned in his first varsity game, Nixon, who previously played at Pine View Middle in Land O' Lakes, responded, "Trust the coaches. They're going to put you in a position to be successful."

Nixon's top targets were Caleb Gaskin, who had three receptions for 19 yards, and Vincent Elder, who caught the ball for a 22-yard gain. Like the passing game, ZCA did not post up great numbers in the running game. The leading rusher was Temori Windhamhill, who gained 41 yards on six carries, and Joshua Casarez, who had 23 yards on seven touches.

The Bobcats had much more success on offense with quarterback Creed Whittemore passing for 115 yards and three touchdowns — two to Quan Lee and another to Adrian Sermons. Plus, Amarius Hale rushed for a game-high 75 yards on eight carries.

While Zephyrhills Christian gave up plenty of points and yardage, there were some notable moments on defense. Early on, Demetri Whitehead recovered a fumble and blocked an extra-point kick.

"It was great," he said of those plays. "That's what started the defense coming together."

Later in the game, the defensive line made a nice goal-line stand by keeping the Bobcats out of the end zone on fourth down at the 2-yard line and two Warriors combined on a key turnover to thwart another Buchholz drive.

On the latter play, Casarez forced a Buchholz running back to fumble and teammate Anthony Cribbs made the recovery.

Letter from the Pasco Sheriff's Office

PSO accepted to ABLE Program, will provide active Bystander Training to deputies

The Pasco Sheriff's Office is proud to announce their acceptance into the Georgetown University Law Center's ABLE (Active Bystander for Law Enforcement) Project. This project continues PSO's evidence-based and research driven approach to law enforcement and grows our partnerships with leading universities, such as Florida Gulf Coast University, University of South Florida, Kansas State University, Norwich University, University of Florida and others.

The ABLE project was created by the Georgetown University Law Center to ensure every law enforcement officer has the opportunity to receive meaningful, effective active bystander training. The ABLE project builds on existing duty-to-intervene policies and supports a police culture that reaffirms the successful use of proven peer intervention strategies. This program will provide education and training for PSO deputies and detectives on how to successfully intervene.

The ABLE Project, which is housed within Georgetown University Law Center's Innovative Policing Program, is a national hub for training, technical assistance and research, all with the aim of supporting a law enforcement culture in which officers intervene as necessary to prevent misconduct while also promoting officer health and wellness.

To be accepted, PSO demonstrated its commitment to creating a culture of active bystander training. Acceptance also required the support from local community groups and elected leaders, for which PSO is deeply grateful to have received. This is yet another evidence-based, research driven approach to reduce victimization, keep our community safe and partner with the community, and we look forward to serving our citizens with the utmost professionalism.

PSO is believed to be the first sheriff's office in Florida to be accepted and begin to employ this training amongst its law enforcement deputies. Initial training is currently expected to begin in September and ramp up by the middle of October. PSO expects to train all of its law enforcement deputies and detectives. ABLE training is provided by Georgetown Law Center's ABLE Project free of charge to PSO, making the training all the more worthwhile.

PSO is poised to join ABLE's network of 169 certified agencies across 38 U.S. states and three Canadian provinces. Roughly 65.8 million community members are currently served by ABLE agencies, by approximately 111,800 officers who have undergone the training.

For additional information on the Georgetown University Law Center's ABLE Program, visit their website at www.law.georgetown.edu/IPP/ABLE.

PSO continues to investigate cold case homicide

The Pasco Sheriff's Office continues to seek answers in the murder of James William Earl on Jan. 16, 2019. He was found shot to death in his driveway at 14838 Glenrock Rd. in Spring Hill, just before 7 a.m. that day.

In coordination with Crime Stoppers of Tampa Bay, the Florida Sheriff's Association and Earl's family, an enhanced reward of \$15,000 is offered to help lead to the identification and arrest of any suspects. The identity of any possible suspects are unknown.

Anyone with any information regarding the identity of the suspect(s) and who wants to be eligible for a cash

reward is asked to call Crime Stoppers at (800) 873-TIPS (8477), report anonymously online at www.crimestoppers.com, or send a mobile tip using the P3 Tips Mobile application. Crime Stoppers must be contacted first in order to be eligible for a cash reward.

► **SAINT LEO UNIVERSITY:** *From Page 1*

New students arriving on Aug. 28 will check in at the university’s parking garage to receive their welcome packages. They then will proceed to their residence halls where they will be greeted by fully vaccinated volunteers (faculty, staff, and students) who will help move their belonging to their rooms.

Throughout the summer months, new students have had the opportunity to participate in mini-orientation events including the in-person Welcome to the Pride and Super Saturday (July 17), combined with an online course platform and virtual webinars developed to help students become more familiar with their future classmates.

“The past 18 months have presented unique challenges,” said Dr. Senthil Kumar, vice president of Strategic Enrollment Management. “Despite those challenges, we were able to connect with students both virtually and in-person throughout their enrollment process, maintaining the one-on-one connection and attention that is the hallmark of the Saint Leo experience.”

About the New Saint Leo Lions
 Notable characteristics of the incoming Fall 2021 class include:
 63 percent are from Florida
 22 percent are from out of state; and
 15 percent are from 45 international countries.

Choosing Saint Leo
 Saint Leo University is expecting to enroll more than 1,000 new undergraduate students, with an additional anticipated 100 new students enrolling in the on-ground graduate programs in business administration, computer science, and cybersecurity. The new Lions were selected from 11,977 applicants, the largest application pool in Saint Leo’s history. This year’s applications rose 81 percent over the previous year and can be attributed to new academic programs, the D2R Program, the Tuition Advantage as well as the Catholic Promise Scholarship and other new financial aid programs.

Throughout the pandemic, international students have faced additional challenges in their pursuit of higher education in the United States. However, Saint Leo is poised to welcome its largest international class in the institution’s history, a landmark success during the COVID-19 pandemic.

About the academics
 Saint Leo recently launched a new college and school and will introduce several new degree programs throughout 2021-2022.

The new College of Health Professions now will offer

three degree programs, including the new Bachelor of Science in Nursing (BSN) degree. The BSN program will be offered at University Campus as well as the Bachelor of Science in health education and health promotion degree, which the university started in 2020. Population trends and events, including the coronavirus pandemic, created an ongoing need for additional nurses, particularly in Florida and the Southeast. This new degree will prepare nurses to not only help fill the labor demand, but also provide them with an orientation toward treating the whole patient, advancing the well-being of the patient’s community, and working collaboratively with clinical colleagues.

In Spring 2022, the College of Health Professions will offer the new online Bachelor of Science in Respiratory Therapy (BSRT) for those employed as respiratory therapists, who already have an associate degree.

Saint Leo recently introduced its new School of Computing, Artificial Intelligence, Robotics, and Data Science (CARDS), which is recruiting students for the new Bachelor of Science in robotics and artificial intelligence. The new degree program will be offered in Fall Semester 2022. Because of projected job growth in Florida and neighboring states, the Florida State Legislature granted Saint Leo \$1 million in 2021 to launch this program.

The university also established the nation’s first Bachelor of Arts in veteran studies, which will begin in Fall Semester 2021 at University Campus. The degree also will be offered online in the future. Those majoring in veteran studies will be immersed into courses from history, art, policy, psychology, ethics, and other fields to learn how people from various generations, ethnicities, genders, and nations have been influenced by their military service and then the transition back to civilian life.

Week of welcome
 Many activities are planned as classes begin for Fall Semester 2021 at University Campus on Aug. 31. Kicking off the new academic year, students will find an information tent to assist newcomers, and breakfast bags will be available for commuter students. Everyone can enjoy the music of Lucas Nocera, music minister for University Ministry, from 11:30 a.m.-1 p.m. at Benedict’s Coffeehouse, and Career Services will host a virtual Leo Great Challenge to help get students career ready.

The first day of classes will be capped off by “Aloha, Leo,” which is sponsored by the Campus Activities Board (CAB). Dr. Cynthia Selph, assistant professor of music, will be joined by the Chamber Singers and music faculty to present some tunes at 5:30 p.m. at the Lakeside Patio of the Student Community Center. The GoldRush Dancers will perform, and there will be a special performance—including fire dancers—by Polynesian dancers.

September 2, the community will celebrate the Mass of the Holy Spirit at the Saint Leo Abbey Church. In-person attendance will be limited to 50 percent of the church’s capacity and the community may join the Mass virtually via the Saint Leo Abbey’s Facebook page. During this mass, students, faculty, and staff will ask for the guidance and inspiration of the Holy Spirit for the academic year and for the university’s activities. Faculty and staff are ready to greet the new and returning students and start the semester.

“Some of our returning students, those starting their second year of studies, have not resided on campus,” said Senese, the university president. “They took their courses online last year. We’re excited to welcome them to their new home away from home and get them involved in campus activities, attending our athletic events, and hanging out at Benedict’s Coffeehouse.”

About Saint Leo University
 Saint Leo University is one of the largest Catholic universities in the nation, offering 57 undergraduate and graduate-level degree programs to more than 18,200 students each year. Founded in 1889 by Benedictine monks, the private, nonprofit university is known for providing a values-based education to learners of all backgrounds and ages in the liberal arts tradition. Saint Leo is regionally accredited and offers a residential campus in the Tampa Bay region of Florida, 16 education centers in five states, and an online program for students anywhere. The university is home to more than 98,000 alumni. Learn more at saintleo.edu.

Nowhere to go but up for Zephyrhills boys golf team

Bulldogs hope to rebound from two-win season and continue with their rebuilding effort

Not long ago the Zephyrhills boys golf team was on top of the world as an annual frontrunner in conference and district races with some top individuals vying for state tournaments berths as well. That 2017-19 run included three straight Sunshine Athletic Conference championships, back-to-back district titles and a regional runner-up finish.

Hands down, that marked the Bulldogs' most impressive run ever in that sport. They were led by state qualifiers Roddy Kight and Tristan Charter-McCool.

In the cyclical world of high school sports, however, the program based at the Silverado Golf & Country Club has plummeted in the standings of late. The Bulldogs are now in a rebuilding mode yet aiming for a quick return to prominence. The first test for Zephyrhills comes on Aug. 26 against Pasco at Scotland Yards in Dade City.

The Bulldogs are coming off a 2-6 season, which was limited due to scheduling conflicts stemming from the coronavirus pandemic. Their only wins actually came on the same day when they defeated Hudson and Fivay in a season-opening tri-match.

As for a possible turnaround season, there is ample talent and depth on this year's squad, not to mention plenty of experience. The roster includes six seniors in Gabriel Johnston, John Helms, Myziah Torres, Bryce Wallace, Caden Negron and Ayden Marinelli, the latter of whom was recently cleared to play following a hip injury that kept him down for a while.

"The kid hasn't been able to do anything and now he can,"

Kirk said of Marinelli.

Three of those seniors — Johnston, Helms and Torres — are among the top golfers for Zephyrhills. While they rank a bit higher than their teammates all three are fairly equal in talent. During the course of the regular season they could be interchanged between teeing off first, second or third.

"My top three, it's a toss-up, depending on what day it is," Kirk said. "They all could be No. 1. I don't think there's another top three in the district that can beat them. They are our leaders and really good players."

Making a strong impression on the coaches for the No. 4 slot is freshman David Jahm.

"He could be No. 4 this year and No. 1 next year," Kirk said.

As for Wallace, who is in his second season, he is eager to begin the season and find out how much he has improved from last year. He has been working extensively on his short game.

"My putting has been lights out," Wallace said. "I really focused on putting."

Torres, a versatile athlete who also has played baseball, basketball and been on the weightlifting team, said he used to golf often with his father, Efrain Torres, at Lake Bernadette. He came out for golf last year.

Carl Gennaro, a longtime assistant who has taken a back seat while school employees have taken the title of head coach, has been affiliated with the boys program for the past eight years. His son Jordan, who golfed at Zephyrhills, was in a fatal all-terrain vehicle accident in 2017.

"Coach Carl is a big help," Kirk said. "He brings a lot of knowledge of the game and helpful tips on improving to the kids. He has had a big impact on our top three and on all the young guys as well."

Rounding out the roster are: juniors Austin and Sean Dobbins, along with freshmen Triston Simons and Dakota Worrell.
