Teachers, administrators and school personnel prepare for returning students and newcomers alike

BY STEVE LEE
News Reporter

You might say that local teachers, administrators and school personnel are in the home stretch as they prepare for incoming and returning students. In the final week, all that was left was a bit of fine-tuning as the summer planning stage nears an end and the start of the school year is just around the corner.

The countdown is on with the first day of school being Aug. 12. According to the Pasco School Board, the number, there will be 75,600-plus students attending 96 public schools at the elementary, middle and high school levels. There also are more than 9,900

school employees for the 2019-20 academic year.

"I'm looking forward to this school year and want to make sure all of our students feel welcome," said Kurt Browning, Pasco County's superintendent. "Our teachers, administrators and staff are prepared to meet students' needs — academically, socially and emotionally. We made good progress last year and I know we'll improve on that this year."

Matt McDermott, Wesley Chapel High's principal who formerly was an assistant principal, teacher and coach at Zephyrhills High, spoke on the importance of first impressions.

"We want to make sure our teachers are prepared to get our kids excited," he said. "You give (students) all the resources and tools they need to be successful in the classroom."

At Pasco Middle, principal Danielle Johnson, a former teacher and standout soccer player at Zephyrhills High, spent last week welcoming sixth-graders

Explore Your World - Wekiwa Springs State Park

In this new segment of our summer *Explore Your World* series, *The Zephyrhills News* introduces readers to the host of natural springs in the region where you can beat the heat

BY ANDY WARRENER
News Reporter

Wekiwa Springs State Park has a rich and colorful history not too dissimilar to Rainbow Springs. Although, Wekiwa was never designed to be an amusement park, it's riches have been known to Floridians for decades. Known as Clay Springs prior to 1906, the area where 42-million gallons of crystal clear water flow from what's now called the Wekiwa Springs into the Wekiwa Springs Run had its roots first in industry, then in outdoor recreation and eventually into tourism.

Located just 16 miles north of downtown Orlando and roughly 90 miles northeast of Zephyrhills, Wekiwa Springs State Park contains Wekiwa Springs, a second-magnitude spring that joins a run from Rock Springs to form the headwater of the 17-mile Wekiwa River, a tributary of the St. Johns River.

The names Wekiwa and Wekiva often get misused together. The names both come from the Creek language, Wekiwa - meaning "spring of water" and

The main spring and swimming area at Wekiwa Springs State Park in Apopka.

East Pasco Networking Group

The networking group meeting is Aug. 13, 7:30 a.m. at IHOP, 13100 US 301 in Dade City. The guest speaker will be Cheryl Hinton of Tampa Bay MMO Bus. Networking is one of the best methods to make your business grow. For more information, call (813) 782-9491.

Nature Coast Chapter of the Florida Native Plant Society

The plant society meeting is Aug. 13, 7 p.m. at the Land O' Lakes Community Center, 5401 Land O' Lakes Blvd. The meeting will be a movie night, "Sex, Lies and Butterflies." Butterflies have been making the planet more interesting and beautiful for more than 50 million years, and today a dazzling array of nearly 20,000 different species inhabit the globe. "Sex, Lies and Butterflies" follows the lives of these incredible important insects from egg to caterpillar to chrysalis to the emergence of the mature winged creature. This vibrant new Nature special explores the astonishing survival techniques of butterflies, including their 360° vision, deceptive camouflage, chemical weaponry, and fantastic flight across continents. Through sophisticated macro-filming, viewers get a rare glimpse beyond the butterflies' bright colors and fragile beauty as they follow them on one of the greatest migrations on Earth. Meetings of the chapter are free, and all interested parties are invited to attend, to bring questions about their yard, and participate in light refreshments and the native plant drawing. For more information, call (727) 207-1853 or visit, www.pasconativeplants.org.

AdventHealth Simpson Breast Center will host informational session and tour

AdventHealth Zephyrhills continues to invest in state-of-the-art technology to help deliver the best medical care possible to the community. AdventHealth Simpson Breast Center has announced it now offers Contrast Enhanced Spectral Mammography to help offer a quicker and more accurate diagnosis. This technology is the latest investment in breast care at AdventHealth Zephyrhills. The Simpson Breast Center also has the first Dueta remote in the Tampa Bay area, which allows patients to control the compression during the mammogram process, and 3D mammography, which detects the smallest area of abnormality. AdventHealth Zephyrhills is inviting the community to tour the AdventHealth Simpson Breast Center and hear from Alexa Stinnette, the Simpson Breast Health Center manager on Aug. 13, 11 a.m.-12:30 p.m. Stinnette will talk about how this leading-edge technology is changing the mammogram process to offer a better experience, and help deliver superior accuracy when diagnosing patients.

To participate in the event, please RSVP to (877) 534-3108 or go to the News/Events page at AdventHealthZephyrhills.org. The program will include a light lunch.

into a new sixth-grade academy at that school in Dade City. "It's to make them feel welcome and put them at ease," she said of the academy moniker. "They're learning the ropes."

Johnson noted that a sunshade over seating between the cafeteria and media center was added this summer, adding that "our custodial staff has done a great job of making sure our campus looks beautiful."

Nowhere in the county has there been more changes than at Zephyrhills High, which is undergoing a \$33 million renovation project. By opening week, a two-story addition to the school, which houses 17 classrooms and several administrative rooms, will be open.

New principal, Dr. Christina Stanley who replaced the retiring Angie Stone this summer, is looking forward to the new year and "getting everybody on the same page."

Josh Borders, assistant principal at Stewart Middle, and principal Shae Davis wrapped up meetings with teachers this week. "It's a lot of implementation of our policies that we've created over the summer," he said.

Some of the teachers Davis and Borders met with in the media center included Cathi Compton, Ginger Butto, Cindy Porcelli and Clark Holley.

Compton, a former elementary school teacher, looks forward to meeting the middle school students: "I'm excited to find out how the students react coming from elementary into middle school."

At Centennial Middle, principal Rick Saylor emphasized the family mentality he and others promote at that school. "That whole first week's not just about being at school. It's making sure that everybody has a positive feeling," said Saylor, adding that the students will be "supported, encouraged and challenged academically. We start that from day one."

Added Leroy Christopher, Stewart's plant manager, "We try to be absolutely sure that we're ready for 1,200 students."

Zephyrhills High's registrar Nikki Franco noted that the school expects to welcome about 1,500 students.

During this week's registration she said one of her goals was "to keep my smile going and be very optimistic."

Incoming Zephyrhills High freshmen Brenna Surratt and Katelyn Matson go over their volunteer assignments in front of the school.

Mr. Hupp is survived by his sons, Gary Hupp (Darlene) and Jeffery Hupp (Christy); grandchildren, Alissa, Ashley, Lindsey, Christiana and Joshua; and great-grandchildren, Harper, Weston, Hudson

and Aubrey. He was preceded in death by his wife, Marilyn Hupp on April 26, 2013. Graveside services will be Aug. 8, 2 p.m. at Florida National Cemetery with Military Honors provided by the Zephyrhills VFW. The family will receive friends 10 a.m.-12 p.m. at the funeral home prior to the service.

Tax Collector Mike Fasano announces August will feature joint charities of the month

The Florida Pioneer Museum and the West Pasco Historical Society are August featured charities

Pasco County Tax Collector Mike Fasano announces that the Pioneer Florida Museum in Dade City, and the West Pasco Historical Society in New Port Richey, will be featured as the joint charities of the month at the tax collector's offices during the month of August.

The Pioneer Florida Museum is dedicated to preserving the rich history of Pasco's pioneer past. The West Pasco Historical Society likewise preserves and shares the important events that shaped West Pasco's place in history.

The Pasco County Tax Collector's Office will promote both non-profit organizations at the four tax collector offices that will be open during August: West Pasco Government Center (New Port Richey), Land O' Lakes (north of the Central Pasco Government Center), Wesley Chapel (4610 Pet Lane, Lutz) and the East Pasco Government Center (Dade City). All donations made during this campaign will be split evenly between the two charities.

"Pasco County is truly a county that has seen enormous change since its founding in the late 1800s," said tax collector Mike Fasano. "These two respected organizations are the guardians of the past for present and future generations. With a shared mission to preserve history and share it through education, historical preservation and other means, it is an honor to feature both as joint charities of the month. Please consider making a donation to help carry on Pasco County's rich heritage for generations to come."

For more information about the charitable giving program and/or this promotion contact assistant tax collector Greg Giordano at (727) 847- 8179 or visit www.pascotaxes.com. For more information about the Pioneer Florida Museum contact executive director Stephanie Black at (352) 567-0262 or visit www.PioneerFloridaMuseum.org. For additional information about the West Pasco Historical Society contact board president Bob Langford at (727) 847-0680 or visit www.westpascohistoricalsociety.org

ARIES (March 21 to April 19) A chaotic atmosphere taxes the patience of the Aries Lamb, who prefers to deal with a more orderly environment. Best advice: Stay out of the situation until things settle.

TAURUS (April 20 to May 20) Tension runs high in both personal and workplace relationships. This can make it difficult to get your message across. Best to wait until you have a more receptive audience.

GEMINI (May 21 to June 20) This is a good time to take a break from your busy schedule to plan for some well-deserved socializing. You could get news about an important personal matter by the week's end.

come up with something special that will help get your derailed career plans back on track and headed in the right direction.

SAGITTARIUS (November 22 to December 21) While change is favored, it could be a good idea to carefully weigh the possible fallout as well as the benefits of any moves before you make them.

CAPRICORN (December 22 to January 19) The Goat continues to create a stir by following his or her own path. Just be sure you keep your focus straight and avoid any distractions that could cause you to make a misstep.

AQUARIUS (January 20 to February 18) A colleague's demands seem out of line. But before reacting one way or another, talk things out and see how you might resolve the problem and avoid future misunderstandings.

PISCES (February 19 to March 20) A personal matter appears to be making more demands on your time than you feel you're ready to give. See if some compromise can be reached before things get too dicey.

BORN THIS WEEK: You're able to communicate feelings better than most people. Have you considered a career in the pulpit or in politics?

► **WEKIWA SPRINGS:** From Page 1A

Wekiwa - meaning "flowing water." It's no wonder that many displaced Creeks from the Creek War that ended in 1814 assimilated with existing native tribes to become Seminoles, found this part of the state ripe for settlement. Decades later, Florida proved its worth as an agricultural asset with abundant natural resources during the Civil War. It's no wonder that shortly after the war, mining and logging operations descended upon the state. Mining helped usher in development at Rainbow Springs and logging helped drive development at Wekiwa Springs.

The Wilson Cypress Company, which logged hardwoods in addition to cypress and pine, sold the land where present-day Wekiwa Springs is located, in 1941. The Apopka Sportsman's Club took over the property and constructed a series of hunting cabins, some of which are still standing and even in use today. In 1969, the sportsman's club sold the property to the State of Florida and it became Wekiwa Springs State Park.

The park breaks up nicely into two main parts, land and water. Let's explore that latter first.

Water:

First let me tell you first-hand that there is no better way to beat the Florida summer heat than to fall into a pool of 72-degree water. It's also crystal clear, so if you have your mask and snorkel you're in for a much bigger treat. We travelled to Rainbow and Wekiwa Springs in back-to-back weeks and while the snorkeling is a little better at Rainbow Springs, the swimming area at Wekiwa is much bigger. What's more, if you're about five-foot-ten, there are many spots where you can put your feet down, unlike Rainbow Springs where you'd better either be a really strong swimmer or bring a floatation device. The swimming is just fantastic. Even when there are dozens of other people in the water, it still feels like you have some space to swim around.

There is a cavern where the headwaters spring forth from right near the closest entry point into the spring. It'll only take a couple minutes to dive down and look at it all but it's a sight to see. Jot down the number for the park as its proximity to the Orlando area means that, especially on weekends, it can get crowded if not cutthroat.

Above: Deer within 10 feet of you on a leisurely walk to and from the campsite.

Like Rainbow Springs, Wekiwa Springs shuts its gates when it reaches capacity and does not allow waiting outside the park. The nightmare scenario of showing up there with your friends and/or family, leaving to get a bite to eat and then coming back and being denied entry is very real. Again, it's usually only a problem on weekends or holidays but plan accordingly if you want to visit the park during those times.

The swimming area is blocked off by a wooden bridge that is part of a nice boardwalk that divides the Wekiwa Spring from the Wekiwa Springs Run and Wekiwa River. That is a whole new area of aquatic exploration. There are other outfits that rent canoes and kayaks to traverse the Wekiwa Springs Run and Wekiwa River but the park offers those options as well. Rentals are available from the concession where you can also pickup any last second items, masks, snorkels, even commemorative stickers and magnets.

A link to the different points where one can put their canoes or kayaks in the river and run is right here: <http://www.wekivawildandscenicriversystem.com/>. There are runs of a mile to 10 miles. It's important to remember your time factor based on the weight in your boat and whether you're traveling up river or down river.

You can download the Paddle Wekiwa brochure right here: <http://www.wekivawildandscenicriversystem.com/wp-content/uploads/2013/12/Paddle-WekiwaMap-Brochure1.pdf>. For even more information visit: <http://www.canowekiwa.com/> or call (407) 884-4311.

If you're an angler you are also in luck. There are spots along the Wekiwa River and also in the campground at Sand Lake. A fishing license may be required and regulations pertaining to size, number, method of capture and season apply.

Land:

Akin to Rainbow Springs, Wekiwa Springs State Park has both a day use and an overnight camping element to it. At Wekiwa it's a bit more convenient as the day use area is just shy of two miles from the one of two different campsite loops. There is a well-maintained foot trail that the park has packed with feather-soft sand that can be easily traversed with bare feet.

There are both tent and RV sites and while you give away a little bit in privacy, you make it up in convenience. The full restrooms, complete with bathhouses are always lit and always within a few dozen strides from whichever campsite you've selected. Each site has a water and electrical hookup and some even have sewer hookups for RVs. Even if your site does not, there's a dump station on the way out of the camping loops.

Firewood is available for an \$8 donation at the Ranger Station but be sure to catch them before they close up shop or you could be stuck foraging for firewood, which is technically prohibited.

Civilization is nearby. There is a Publix and other stores within a few minutes drive and overnight campers are given a gate code to come and go after hours.

There are also other campsites, a Youth Camp complete with a dining and rec hall as well as three primitive camping sites, located a short hike from the Youth Camp. There are also a few primitive campsites located among the miles of trails in the park. Camp Cozy and Big Fork are located just off the main hiking trail. There are even a few sites that can be accessed only by water. Otter Camp and Big Buck Camp are located on the Rock Springs Run and are primitive, meaning picnic table and fire ring but no running water or

electricity. Those sites can accommodate up to 10 people.

Camping at Wekiwa Springs also accommodates the equestrian community. At the top of the paved road running through the park, is the Big Fork Equestrian Camping Area near Sand Lake. These sites will accommodate up to 10 people and there are miles of trails to tame.

All kinds of wildlife can be spotted among the miles of trails in Wekiwa Springs State Park. We spotted a family of both turkeys and deer on our short hike to the spring but Florida black bear, white tailed deer, bobcat, gopher tortoise any many other species of wildlife can be spotted.

The longest trail is the Main Hiking Trail at 13.5 miles. Next is the Volksmarch Trail at 5.3 miles. The Equestrian Trail runs eight miles and the Bicycle Trail is 7.8 miles. The trails are very well marked but it's always a good idea to bring a map, compass and plenty of water. On the trails that are mixed-use, be on the lookout for horses or bicycles. Trail maps can be obtained at the Ranger Station.

There are some picnic areas available with grills, playground, volleyball court and horseshoe pit near the spring area. Two pavilions are available for groups up to 100 people and have electricity and water and can be had for \$75 per day. There is also a modest Nature Center near the main spring that has a few live animals but it is more informational than hands-on.

The options are limitless and you don't have to travel to the middle of nowhere to enjoy it. Get out there and explore your world.
