## Zephyrhills wins home opener, 32-15 over the Villages Charter

## Pirates ground Falcons 27-0

Quarterback Enrique Matos was a calm presence that helped the Pirates tally 27 points on the night.

*After a sloppy start, the Pirates and their stingy defense ground the host Falcons down, blanking them on the scoreboard*

The rain parted just in time for a delayed start to the Pirates-Falcons game on Friday night. Still, the sloshy field and wet football made for some momentum-swinging miscues. On the Pirates very first offensive play, they fumbled the snap and the Falcons recovered. It looked as though the visiting Pirates were

going to be playing from behind as the Falcon offense setup shop at the 21-yard line.  
The Pirate defense answered the bell. JJ Johnson got a pass deflection and the Falcons went backward their next two plays, finally punting on a 4th-and-long. Again, the wet football plagued the Pirates. After a great run by Tayshaun Balmir, a high snap that sailed over 5-7 quarterback Enrique Matos, gave the ball back to the Falcons.  
After a tackle-for-loss by Pasco's Anthony Pratt, a high snap got away from Falcon quarterback David Acosta and Pratt recovered. The Pirates went three-and-out. A great stop by Angel Miles got the ball back for the Pirates but again the squishy football played

## Coming soon, a distillery near you

*Dunamis Premium Spirits has selected Zephyrhills to open up shop and they will be serving the area as early as Nov. 1*

By ANDY WARRENER  
News Reporter

Zephyrhills has the reputation of being the City of Pure Water. It also has a climate of growth and development. It also has a craft beer house called Zephyrhills Brewing Company. It also has great vehicular access from U.S. Highway 301, State Road 54 and 56. Access to fine adult beverages in Zephyrhills has never looked so good.  
"Every great spirit starts with a great water source," Founder and CEO of Dunamis Premium Spirits Victor Young said. "Zephyrhills is a city on the move. It has substantial growth, the political climate is that of growth, it's easy to get into. The elected officials here seem to welcome business and understand growth."  
Young has always been a connoisseur of spirits, particularly bourbon and whiskey. He invested in a distillery years ago but found his access to quality control limited.  
"I knew that if we were going to attain the highest level of excellence, we would have to do it ourselves," Young said.  
Young branded the business Dunamis Premium Spirits. Dunamis is a Greek word for "the highest level of excellence." Dunamis launched in 2020. The Covid-19 pandemic delayed the move into operational status but by February of 2022, Young and Dunamis were back at it. In fact, they already have a production facility established at 3885 Correia Dr., near the airport.  
It is not open to the public yet but on Nov. 1, the production facility will open as a tasting

havo. After gaining the Falcon 34-yard line, a bad handoff gave it right back to the Falcon offense.

Into the second quarter, a string of penalties killed the ensuing Falcon drive. Finally, the Pirates would break through. Balmir, suffering from stomach cramps and intermittently coming off to the sideline to try and purge his stomach, ripped off a 21-yard run using a spin move and trucking one defender. Miles, lining up at wildcat quarterback, ran it in from nine yards out for the first score of the game. The point after made it 7-0 Pirates with 4:53 left in the half.

Another big defensive stop, this time from Johnson, shut down yet another Falcon drive before the half. The Falcon offense gained just one first down in the entire first half and only one of their five possessions resulted in positive yardage.

The Pirates pounced in the second half. After another Johnson pass deflection and a quarterback sack, the Falcons gave it back to the Pirates, turning it over on downs. Balmir began to take over the game. Runs of 20, 2, 9 and 3 set-up the Pirates at the Falcon five-yard line where Jalandis Smith punched it in. The point after made it 14-0 Pirates with 7:46 left in the third quarter.

Opportunity knocked again as a tackle-for-loss by Tyreese Grose and a sack by Pratt, together with a shanked Fivay punt, setup the Pirates at the 15-yard line. It would take until fourth down but Balmir would punch it in from five yards out. The missed extra point made it 20-0 with 9:28 left to play.

The Falcons shot themselves in the foot on their ensuing offensive drive. They managed to setup a 4th-and-1 at the Pirate 31-yard line but committed a false start penalty. They threw incomplete on fourth down and gave it back to the Pirates. The Pirates put together a decent drive but a 45-yard field goal attempt fell far short of the crossbar. The Pirate defense would deliver the coup-de-grace on Fivay's next offensive play.

"We've been studying film and I knew the wheel route was coming," Miles said. "They finally ran it and I was ready for it."

Miles cut in front of the Fivay running back

and picked the ball off at the 25-yard line to effectively end the game. The Pirate offense and Balmir were not finished. After ripping off a 16-yarder, the Pirates went into hurry up offense and a handoff to Balmir saw him crash into the end zone from two yards out. That point after made it 27-0.

The Pirate defense wanted the shutout. They could smell it in the air. They forced a punt on three plays, thus preserved the goose egg on the scoreboard.

"We put kids in positions to make plays tonight," Pirate head coach Alphonso Freeney said.

The Pirates were dominant in the win and improved to 2-0. The Falcons were without starting running back Ty Wilson - out with a knee injury but otherwise could get nothing established on offense. Pratt would tally a tackle-for-loss, a fumble recovery and a sack. Johnson had two passes defended and a tackle-for-loss. Balmir finished with 180 yards and two touchdowns on 18 carries.

"We were feeling it tonight," Balmir said. "All the hard work in practice started to pay off."

Matos completed just four passes for 56 yards and rushed for 41 but his poise in the pocket and in spite of the slippery football, kept the Pirates in possession of the football.

"We have great coaches, weapons, good running back - everything we need is right here," Matos said. "It's all coming together."

Freeney was particularly proud of the way Balmir and his offensive line took over the game in the second half.

"There was a point in the second half when we had all sophomores on the offensive line and they got it rolling," Freeney said.

Freeney was also not surprised by his team's 2-0 start.

"I absolutely saw something when I first got here," Freeney said. "We were talking championship (district) before we were 2-0. We're where we want to be but we're not as good as we want to be, yet."

The Pirates travel to Hudson for a Thursday game next, before embarking on a five-game home stand.

SALOME'S STARS ★ ★ ★ ★

**ARIES** (March 21 to April 19) As eager as you are to take on that new challenge, it would be best to temper that spurt of “Ram”-bunctious energy until you have more facts to back up your decision.

**TAURUS** (April 20 to May 20) This is a good time for hardworking Bovines to take a break from their hectic on-the-job schedules to bask in the unconditional love and support of friends and family.

**GEMINI** (May 21 to June 20) Pay attention to what you hear in the workplace. You could pick up some hints about possible changes. Meanwhile, a new infusion of creative energy sets in by week's end.

**CANCER** (June 21 to July 22) Try to be more flexible in dealing with a suddenly difficult situation, whether it's on the job or at home. Others might have some good points to offer. Listen to them.

**LEO** (July 23 to August 22) You might think you're not getting the royal treatment you deserve. But, be careful not to become a royal pain by complaining about it. Be patient and allow things to work out.

**VIRGO** (August 23 to September 22) Watch that penchant for being super judgmental at work. It might create a bad impression with someone whose decisions could determine the course of your career.

**LIBRA** (September 23 to October 22) You've been your usual busy-bee self, gathering nectar wherever you can find it. But now's a good time to kick back, relax and just enjoy smelling the roses.

**SCORPIO** (October 23 to November 21) That pesky personal situation seems to be improving. But, change comes slowly, so be patient. Expect someone to bring more positive news by week's end.

**SAGITTARIUS** (November 22 to December 21) Whoa! Ease up on that hectic pace you've been putting yourself through. Take time to recharge your energy levels before going at a full gallop again.

**CAPRICORN** (December 22 to January 19) Try to be intrigued, not intimidated, by the issues you're suddenly facing, and you'll be ahead of the game. Don't be afraid to demand answers to your questions.

**AQUARIUS** (January 20 to February 18) Are new associates freezing you out of their inner circle? Never mind. Put a warm smile on that friendly face of yours, and you'll soon thaw them all down to size.

**PISCES** (February 19 to March 20) Your wise guidance helps colleagues agree to compromise and move forward. Meanwhile, there are still vital issues you need to deal with in your personal life.

**BORN THIS WEEK:** You enjoy being free with your emotions, but you can exercise disciplined focus as well. You would make a fine artist.

ANSWERS TO KING CROSSWORDS SEPT. 1

**IN OR OUT!** School's in, but which path leads to the door? Choose line 1, 2, 3 or 4, and see if you have picked the right one.

**REACT-O!** Quick: Rearrange letters of REACT to form four more five-letter words.  
Crate, cater, caret, trace.

**SUM PURR-PUSS!** Blame it on the cat. Eight of the 18 numbers of this multiplication problem are missing, purloined perhaps by our frisky kitten friend. In any case, you are invited to restore what's missing.

Hint: Five times something results in a five, and five times five requires a certain sum to produce eight.

How quickly can you fill the blanks?  
Time limit: Two minutes.

Six five times three three five seven equals two three two zero five.

**HOLD THAT LINE DRAWING TEST**

IT IS possible to draw the configuration, left, in a continuous single line. That is to say, without lifting pencil from paper. To start, place pencil at point A, draw to B, around to C...and take it from there. Lines may cross but may not be retraced. Remember, object is to draw the figure in a single continuous line.

Draw A to B, to C, back to A to D, around circle back to D, to E, F, G, H, I, E, J, K, L, M, back to J to L.

**SAY WHAT!** Some expressions involving edibles are as right as rain. Hot potato, for instance. Or cool as a cucumber. And how about pea soup fog? Lentil soup fog, chicken soup fog or minestrone fog just don't cut it. Don't you agree?

STRANGE BUT TRUE  
By Lucie Winborne

- Swimmers sweat underwater.
- Shout out to "The Wizard of Oz": Dominic Wilcox designed "No Place Like Home" shoes containing a small GPS unit that can be programmed with a home address. How is it activated? By clicking your heels together three times, of course! A series of LED lights on top of the left shoe will then point you in the direction of home.
- The average person spends 38.5 days brushing their teeth.
- In 1775, a 78-year-old Massachusetts farmer named Samuel Whittemore fired at British soldiers and killed three. Out of ammo, he drew his sword to continue fighting and was shot in the face, bayoneted multiple times, and left for dead. But those pesky Brits had nothing on Whittemore: He was found, was patched up, and lived another 18 years.
- Studies show that about 85% of people breathe out of just one of their nostrils at a time.
- The auto industry used sperm whale oil as an ingredient in automatic transmission fluid until 1973, when Congress passed the Endangered Species Act and banned it.
- More than 40 buildings in New York City, including the General Motors and Empire State buildings, have their own zip code.
- In 2013, a petition requesting that the U.S. government build a Death Star reached 25,000 signatures, the amount required for an official response. That hopeful effort proved to be in vain, however, when the government replied that "the Administration does not support blowing up planets."
- Research found that some neighborhoods containing more dogs had lower levels of crime, likely because of their residents' need to walk or at least let out their canines at all hours.

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

MOMENTS IN TIME  
The History Channel

- On Sept. 8, 1965, the five-year Delano Grape Strike begins as over 2,000 Filipino American farmworkers refuse to go to work picking grapes near Bakersfield, California. Over the next five years, even American households stopped buying grapes in support of the farmworkers.
- On Sept. 9, 1942, in the first and only air attack on the U.S. mainland during World War II, a Japanese floatplane drops incendiary bombs on Oregon's Mount Emily, setting fire to a state forest. The president immediately called for a news blackout for the sake of morale.
- On Sept. 10, 1897, a 25-year-old London taxi driver named George Smith becomes the first person ever arrested for drunk driving. A true breath test didn't come along until 1931 with a device called the Drunkometer. It involved a blow-up balloon and a tube filled with a purple fluid (potassium permanganate and sulfuric acid). Alcohol on a person's breath changed the color of the fluid from purple to yellow; the quicker the change, the drunker the person.
- On Sept. 11, 1857, Mormon guerrillas, stoked by a deep resentment of decades of public abuse and federal interference, murder 120 emigrants at Mountain Meadows, Utah. The conflict apparently began when the Mormons refused to sell the emigrants any supplies.
- On Sept. 12, 1846, Elizabeth Barrett elopes with Robert Browning. Despite her father's dislike of Browning, calling him an unreliable fortune hunter, Elizabeth and Robert conducted a secret courtship. After a secret wedding at St. Marylebone Parish Church, the two moved to Italy, where Elizabeth's former weak health improved dramatically.
- On Sept. 13, 1963, Texas-born entrepreneur Mary Kay Ash launches a cosmetic company in Dallas. Mary Kay Inc. would become a cosmetic empire with revenue of more than \$3.5 billion and salespeople in dozens of countries. Mary Kay became renowned for an award system designed for women, including mink coats, diamond rings and pink Cadillacs.
- On Sept. 14, 1901, U.S. President William McKinley dies after being shot in Buffalo, New York. When McKinley was operated on, doctors had failed to find the bullet, and gangrene soon spread throughout his body.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## A recipe for safer home cooking

Making meals together in the kitchen can be an enjoyable activity for couples and families. Preparing food at home enables anyone to customize ingredients to fit with their specific diets and tastes.

The kitchen may be one of the most popular rooms in the home to gather, but it also can be among the most dangerous. Even modest meals can put individuals at risk. According to the National Electronic Injury Surveillance System, a database of emergency room visits and the injuries that preceded them, finger lacerations and finger avulsions from knives, upper torso burns and lacerations from drinking

glasses and bottles/jars are the most common injuries. Hand burns from cookware and ovens also cause a high number of injuries.

Cuts and burns may cause instantly recognizable injuries, but bacteria can be even more harmful, even if it's not as noticeable. According to the food and beverage news site FoodBeast, the average cutting board is home to 200 percent more fecal bacteria than the average toilet seat!

With so many potential threats lurking, cooks must be especially vigilant when preparing meals at home. These strategies can make cooking in the kitchen more safe.

- Keep a watch on foods, as walking away from something cooking on the stove or going outside while the oven is on is risky. Do not leave cooking food unattended for an extended period of time. It only takes a minute for something to catch on fire.
  - Keep flammable items away from open flames. Wear short or close-fitting sleeves when cooking, as loose clothing can catch fire. Make sure curtains, pot holders and towels are away from hot surfaces.
  - Remember that hot items remain hot for some time. Use oven mitts or pot holders when handling hot cookware.
  - Sharpen knives, as sharp knives cut more easily, thus reducing risk for injuries.
  - Clean cooking surfaces to prevent the buildup of grease, which can catch fire.
  - Turn pan and pot handles inward on stoves or counters to prevent food spills.
  - Always defrost foods in the microwave or overnight in the refrigerator to reduce the chances that pathogens may develop.
  - Prepare raw meats, poultry and seafood away from fresh produce to avoid cross-contamination. Utilize separate cutting boards and knives, and use warm, soapy water to wash away bacteria from surfaces.
  - Wash hands before and after handling ingredients.
  - Keep pets and children out of the kitchen or away from any in-use appliances, including outdoor grills.
  - Invest in a food thermometer to ensure that food is properly cooked to the right temperature to reduce risk of foodborne illnesses.
- Kitchens are popular gathering spaces, and various measures can make home cooking more safe.

Did You Know?

The right time to exercise is a different time of day for everyone. But there is good reason to consider moving your workout to the morning. The health experts at Healthline say that morning workouts are less vulnerable to distractions as phone calls and texts will typically take place later in the day.

Piedmont Medical group says there are mental health benefits of exercise, including the secretion of neurotransmitters that promote mental clarity and improve attention span. Working out first thing in the morning

can help you focus and take charge at work or in school soon after. Since exercise can boost metabolism, it starts the day out on a good foot, and may help you make healthier decisions throughout the day, including choosing more nutritious foods.

Healthline also says that cortisol is a hormone that keeps you awake and alert. Cortisol increases in the morning, peaking around 8 a.m. Working out around this time may make workouts more efficient and effective.

*Bulldogs even their record with decisive win and now hit the road to take on rival Wiregrass Ranch*

By STEVE LEE  
Sports Reporter

Despite a delay of more than two hours due to lightning and thunderstorms, returning to friendly confines appears to be just what the Zephyrhills High football team needed. The host Bulldogs defeated the Villages Charter 32-15 last Friday night at Tom Fisher Field to even their record at 1-1.

"It's a great start," coach Nick Carroll said. "We're back on the winning train."

Zephyrhills, which lost the opener at Lake Wales, hits the road again with Friday night's game at Sunshine Athletic Conference rival Wiregrass Ranch. The Bulldogs have made the playoffs in seven of the past eight seasons while

the Bulls are on a current run of seven consecutive postseason berths.

"We are back and we have to play like a champion against Wiregrass," Carroll said.

The Bulldogs had two good things going for them against the Villages — a strong running game emerged and they won the turnover battle.

Having lost a combination of six fumbles and interceptions against Lakes Wales, Zephyrhills reversed course by taking away the football three times against the Buffalo. Tristan Lennon recovered an onside kick to start the game and safety Maddox Rivera had two interceptions.

"He was just kind of staring down his receivers and I was able to read it," Rivera said of his picks of two Danny Bitting pass attempts.

Rivera also contributed on offense by rushing for 45 yards and a touchdown. Backfield mate Rodney Smith gained a game-high 137 yards with two scoring runs. Quarterback Brendyn Colella led the balanced attack by scrambling for 52 yards and passing for 151 yards

Right: After the game, Zephyrhills coach Nick Carroll had Lennox Rivera, sit on his shoulders as the team sang happy birthday to him.

with touchdown passes to D.J. Pickett (49 yards) and Ben Raines (24 yards).

"You've got to be aggressive enough to still be able to throw the ball to keep teams honest, but you've got to be able to run the ball to get (to the end zone) too," Carroll said.

It didn't take long for Zephyrhills to get on the scoreboard. Lennon recovered an onside kick to start the game and five plays later Smith ran the ball into the end zone from six yards out.

After Alvon Isaac's 5-yard touchdown run for the Villages, the Bulldogs went ahead 20-7 at halftime on Smith's second scoring run, this one a 19-yarder, and Pickett caught a 49-yard touchdown pass from Colella. The lanky wide receiver jumped higher than two defenders then cur from near the right sideline across the field and beat them to the end zone.

In the second half, Rivera plunged into the end zone from a yard out and Colella connected with Raines for his second touchdown pass of the game.

The Villages added one more score in the second half, a touchdown pass from Bitting to Isaac.

As for Zephyrhills' next opponent, Wiregrass Ranch, which had lost to Manatee on the road, came home and evened its record at 1-1 with a 19-0 shutout of nearby rival Wesley Chapel. The Bulls built a 12-0 halftime lead and cruised to an easy victory.

Just like the Zephyrhills offense, Wiregrass Ranch displayed a balanced attack.

Quarterback Elijah Brown completed 9 of 19 passes for 156 yards with a touchdown and an interception. Davion Brown gained a team-high 77 yards and ran for two scores while Bryson Rodgers, a highly touted recruit who has committed to Ohio State, had six catches for 93 yards and a touchdown.

Defensively, linebacker Matt Hensley Jr. had a team-leading eight tackles with two sacks. Jeremy Caruso excelled on special teams by combing for 249 yards on kickoff and punt returns.

## LEST WE FORGET

Diversity, a common word.  
Love one another, seldom heard.  
Then tragedy strikes, bonds the races  
Fear, grief, anger, tears on different colored faces.  
Time elapses, memories fade.  
Compassionate efforts no long made.  
Forgotten and abandoned, left far behind.  
No longer love, compassion can we find.  
I do not ask you to relive the hours  
When many loved ones perished in the twin towers.  
I only ask that you remember the cause,  
And take a moment in silence to pause.  
If we forget those who died on that day,  
Then terrorism has won and we have lost our way.

## The 9/11 Memorial

Among the more indelible images to emerge on September 11, 2001 was the sight of two planes crashing into the North and South Towers of the World Trade Center. Still photos and video footage of those planes flying into the Twin Towers were the first images of the attacks many Americans saw, and no one who watched events unfold that morning will ever forget those images.

Though both the North and South Towers fell on that day, today the site where each tower once stood is a serene retreat in the bustling lower Manhattan neighborhood that was shaken to its core on the day of the attacks. The 9/11 Memorial was designed by architect Michael Arad and landscape architect Peter Walker. The 9/11 Memorial and Museum notes that Arad and Walker’s proposal was chosen in a design competition that featured 5,201 submissions from 63 countries.

The 9/11 Memorial is located on the western side of the former World Trade Center where the Twin Towers once stood. Two enormous reflecting pools are part of the Memorial Plaza, which is where the North and South Towers once stood. The pools feature the two largest man-made waterfalls in North America. Around the edges of the pools, the names of people who were killed in the 9/11 attacks in New York, the Pentagon, on Flight 93, and in the 1993 bombing at the World Trade Center are etched in bronze.

# PSO introduces first ESD Detection K-9

Pasco Sheriff's Office is proud to introduce their first electronic storage device (ESD) detection K-9, Boomer. K-9 Boomer was generously donated to the Pasco Sheriff's Office by Operation Underground Railroad, a non-profit organization with a mission to protect children from sex trafficking and sexual exploitation.

K-9 Boomer is trained to sniff out electronic devices, such as USBs, memory cards and computer hard drives, that may be used to store or transmit child sexual abuse material. Additionally, K-9 Boomer is a certified therapy dog, making him PSO's sixth therapy K-9. K-9 Boomer will not only be able to assist victims on scene experiencing a stressful situation, but will also serve as a

therapeutic outlet for the detectives that investigate these horrific crimes.

K-9 Boomer had his first deployment last week, successfully finding several hidden electronic storage devices as part of a child pornography investigation. Pasco Sheriff's Office arrested Matthew Rivera, 23, fatter he allegedly had posed 10 or more child porn images on Aug. 26.

Pasco Sheriff's Office is committed to ending sex trafficking and sexual exploitation and the addition of K-9 Boomer to the team will further that mission. They are grateful to Operation Underground Railroad for their partnership, and for providing them with K-9 Boomer.

Left: The former Suntrust building on Gall Boulevard will open in the future as a distillery.  
Below: Starting Nov. 1, Dunamis will have a tasting room on Correia Drive near the airport.

Right: Dunamis is the Greek word for the highest level of excellence.

► **DISTILLERY:** From Page 1

Above: Dunamis sells both “white” spirits like vodka and rum but specializes in bourbons and whiskeys that require aging in oak barrels.

Right: Dunamis has already begun distilling operations in Zephyrhills with an outlet near the airport.

room from Thursday to Sunday, 12-7 p.m. If the airport is too far of a hike, Dunamis is already getting into the former Suntrust Bank building at 5435 Gall Blvd. That facility won’t be ready until November of 2023 but when it is, it’s going to be one of the swankiest places in town.

The new facility will boast full tours. Patrons sitting at the bar will have full view of the lab, the production space, bottling and canning of spirits. The large bar will seat 30 people. There will also be a 32-seat area for people to relax after tours and sample flights of distilled liquor. An event space will be built upstairs that can accommodate 150 people and be rented out for weddings, parties, corporate events and the like. A small VIP space that accommodates 25 people can also be rented out for smaller, private events.

Bourbon and whiskey are Dunamis’s specialties. They also make what are called, “white” spirits - vodkas, rums, gins but the caramel color in bourbon and honey color of whiskey take time; at least three years, to be precise. To qualify as a bourbon, a spirit must have a 51 percent corn mash and it must be aged in virgin white oak, charred barrels for no less than three years. While the white spirits are readily available the bourbons and whiskeys take time and there’s no way to shortcut the process.

“We want to have something everyone can buy off the shelf and then we want to have some things that you only bring down off the shelf for special occasions,” Young said.

It doesn’t stop at spirits, either. Dunamis will have a handsome cigar room with renowned cigar manufacturers JC Newman and Arturo Fuente. They have actually helped Young design the humidor that will be in the new facility. There will also be a retail store where customers can purchase spirits, torches, cigar cutters and the like. Additionally, Dunamis is interested in partnering with other groups and individuals that, like Dunamis, strive for excellence. Young stated that Dunamis would be interested in sponsorships, event hosting and other types of partnerships with excellence in the community.

Can’t wait to go? You’ll have to wait at least until Nov. 1. The tasting room by the airport will be ready by then. It’s okay. You can’t rush a good thing.

“When aging a spirit, you can’t do anything to change time,” Young said.
